PART I

In this filing, the name “CEC” refers to the parent holding company, Caesars Entertainment Corporation, exclusive of its consolidated subsidiaries and variable interest entities, unless otherwise stated or the context otherwise requires. The words “Company,” “Caesars,” “Caesars Entertainment,” “we,” “our,” and “us” refer to Caesars Entertainment Corporation, inclusive of its consolidated subsidiaries and variable interest entities, unless otherwise stated or the context otherwise requires.

We also refer to (i) our Consolidated Financial Statements as our “Financial Statements,” (ii) our Consolidated Statements of Operations and Consolidated Statements of Comprehensive Income/(Loss) as our “Statements of Operations,” (iii) our Consolidated Balance Sheets as our “Balance Sheets,” and (iv) our Consolidated Statements of Cash Flows as our “Statements of Cash Flows.” References to numbered “Notes” refer to Notes to our Consolidated Financial Statements included in Item 8.

ITEM 1. Business

Overview

Caesars Entertainment is a casino-entertainment and hospitality services provider with the world’s most diversified portfolio. We have established a rich history of industry-leading growth and expansion since we commenced operations in 1937. Our facilities typically include gaming offerings, food and beverage outlets, hotel and convention space, and non-gaming entertainment options. In addition to our brick and mortar assets, we operate an online gaming business that provides real money games in certain jurisdictions and offers retail sports wagering in certain jurisdictions.

CEC is primarily a holding company with no independent operations of its own. CEC operates the business primarily through its wholly owned subsidiaries CEOC, LLC (“CEOC LLC”) and Caesars Resort Collection, LLC (“CRC”).

We lease certain real property assets from VICI Properties Inc. and/or its subsidiaries (collectively, “VICI”).

Significant Transactions in 2018

New Transactions with VICI

Harrah’s Philadelphia Real Estate Sale and Leaseback

On December 26, 2018, we sold all land and real property improvements used in the operation of Harrah’s Philadelphia Casino and Racetrack (“Harrah’s Philadelphia”) as part of a sale and leaseback transaction with VICI for \$242 million. We continue to operate Harrah’s Philadelphia under the terms of a long-term lease agreement relating to certain of our other domestic properties. See Note 1 and Note 10 for additional information.

Modifications to Lease Agreements with VICI

In connection with the Octavius Tower sale discussed below and the Harrah’s Philadelphia transaction discussed above, on December 26, 2018, the Company and VICI consummated modifications to certain of our existing lease agreements for consideration of \$159 million to VICI, which reduced our financing obligation. The modifications, among other things, bring certain of the lease terms into alignment with other master leases in the sector and the long-term performance of the properties and create additional flexibility to facilitate our future development strategies. See Note 1 and Note 10 for additional information.

Sale of Octavius Tower at Caesars Palace

On July 11, 2018, we sold Octavius Tower at Caesars Palace (“Octavius Tower”) to VICI for \$508 million in cash. Proceeds from the transaction were used to partially fund the closing of CEC’s acquisition of Centaur Holdings, LLC (“Centaur”). We continue to operate the Octavius Tower under the current terms of the long-term lease agreement with VICI relating to Caesars Palace. See Note 1 and Note 10 for additional information.

Acquisition of Centaur Holdings, LLC

On July 16, 2018, we completed the acquisition of Centaur. Centaur operated Hoosier Park Racing & Casino in Anderson, Indiana, and Indiana Grand Racing & Casino in Shelbyville, Indiana. See Note 4 for additional information.

Other Significant Transactions and Significant Events

CEO Transition

On November 1, 2018, we announced that Mark P. Frissora, our President and Chief Executive Officer, will leave the Company. Subject to the terms of the separation agreement entered into between the Company and Mr. Frissora (as amended, the “Separation Agreement”), Mr. Frissora will continue as President and Chief Executive Officer until a termination date of April 30, 2019 (which the Company may extend by one month) for purposes of continuity of leadership as the Company searches for a successor to Mr. Frissora with the nationally recognized third-party search firm the Company has engaged for that purpose.

CEOC’s Emergence from Bankruptcy and CEC’s Merger with Caesars Acquisition Company

Caesars Entertainment Operating Company, Inc. (“CEOC”) and certain of its U.S. subsidiaries (collectively, the “Debtors”) voluntarily filed for reorganization on January 15, 2015 (the “Petition Date”), at which time CEC deconsolidated CEOC. The Debtors emerged from bankruptcy and consummated their reorganization pursuant to their third amended joint plan of reorganization (the “Plan”) on October 6, 2017 (the “Effective Date”). As part of its emergence from bankruptcy, CEOC reorganized into an operating company (“OpCo”) separate from its real property assets (“PropCo”). OpCo was acquired by CEC on the Effective Date and immediately merged with and into CEOC LLC. See Note 4 for additional information. CEOC LLC operates the properties and facilities formerly held by CEOC and leases the properties and facilities from VICI.

On the Effective Date, Caesars Acquisition Company (“CAC”) merged with and into CEC, with CEC as the surviving company (the “CAC Merger”). See Note 4 for additional information. The CAC Merger was accounted for as a reorganization of entities under common control, which resulted in CAC being consolidated into Caesars at book value as an equity transaction for all periods presented.

Hamlet Holdings

The members of Hamlet Holdings LLC (“Hamlet Holdings”) are comprised of affiliates of Apollo Global Management, LLC and affiliates of TPG Global, LLC. Hamlet Holdings contributed to CEC the 88 million shares of CEC common stock it owned prior to the CAC Merger, which CEC immediately canceled and retired. Hamlet Holdings controlled CEC prior to the CAC Merger. Upon completion of the CAC Merger and CEOC’s emergence from bankruptcy, due to reductions in ownership percentage of the Company starting on the Effective Date, Hamlet Holdings no longer controls CEC.

CRC Merger

CRC, a wholly owned subsidiary of CEC, was created on December 22, 2017, with the merger of Caesars Entertainment Resort Properties, LLC (“CERP”) into Caesars Growth Properties Holdings, LLC (“CGPH”).

Organizational Structure

As of December 31, 2018, through our consolidated entities, we have a total of 53 properties, three of which do not have casinos, in 14 U.S. states and five countries outside of the U.S. Our facilities have an aggregate of over 3 million square feet of gaming space and approximately 40,000 hotel rooms. Of the 50 casinos, 37 are in the United States and primarily consist of land-based and riverboat or dockside casinos. Our 13 international casinos are land-based casinos, most of which are located in the United Kingdom.

We view each property as an operating segment and aggregate them into three regionally-focused reportable segments: (i) Las Vegas, (ii) Other U.S., and (iii) All Other, which is consistent with how we manage the business. Within these segments, our properties are primarily categorized as Leased (where we lease real property assets from VICI), Owned-Domestic, Owned-International, and Managed. See Item 2, “Properties,” for more information about our properties.

Our All Other segment includes managed and international properties as well as other businesses, such as Caesars Interactive Entertainment (“CIE”).

Business Operations

Our consolidated business is composed of five complementary businesses that reinforce, cross-promote, and build upon each other: casino entertainment, food and beverage, rooms and hotel, casino management services, and entertainment and other business operations, including mobile sports betting. Upon CEOC’s emergence from bankruptcy on the Effective Date, the majority of its real property assets were sold to VICI and simultaneously leased back to us as part of the plan of reorganization. Additional transactions with VICI were subsequently completed to finance acquisitions, resulting in cash proceeds and corresponding financing obligations. See Note 1 and Note 10 for additional information.

Casino Entertainment Operations

Our casino entertainment operations generate revenues from approximately 39,000 slot machines and 2,700 table games, as well as other games such as keno, poker, and race and sports books, all of which comprised approximately 51% of our total net revenues in 2018. Slot revenues generate the majority of our gaming revenues, particularly in our properties located outside of Las Vegas and Atlantic City.

Food and Beverage Operations

Our food and beverage operations generate revenues from over 180 buffets, restaurants, bars, nightclubs, and lounges located throughout our casinos, as well as banquets and room service, and represented approximately 19% of our total net revenues in 2018. Many of our properties include several dining options, ranging from upscale dining experiences to moderately-priced restaurants and buffets.

Rooms and Hotel Operations

Rooms and hotel operations generate revenues from hotel stays at our properties in our approximately 36,000 guest rooms and suites worldwide and represented approximately 18% of our total net revenues in 2018. Our properties operate at various price and service points, allowing us to host a variety of casino guests who are visiting our properties for gaming and other casino entertainment options and non-casino guests who are visiting our properties for other purposes, such as vacation travel or conventions.

We have engaged in large capital reinvestment projects in recent years focusing primarily on our room product across the United States, including renovating over 14,000 rooms in Las Vegas since 2015 at properties such as Caesars Palace, Planet Hollywood Resort & Casino ("Planet Hollywood"), Flamingo Las Vegas, Bally's Las Vegas, Harrah's Las Vegas and Paris Las Vegas. In addition, we continue to roll out self-check-in kiosks in order to help reduce customer wait times and improve labor efficiencies.

Management Services

We earn revenue from fees paid for the management of eight casinos. Managed properties represent Caesars-branded properties where Caesars Entertainment provides staffing and management services under management agreements. In 2018, we opened our first non-gaming properties, a Caesars and Caesars Palace, which are managed by us, including two beachfront luxury resorts, a beach club, and a residential tower on Meraas' Bluewaters Island in Dubai.

Entertainment and Other Business Operations

We provide a variety of retail and entertainment offerings at our properties. We operate various entertainment venues across the United States, including the Colosseum at Caesars Palace and Zappos Theater at Planet Hollywood, both of which were ranked among the top theater venues in the United States in 2018 based on ticket sales. These award-winning theaters have hosted prominent headliners, such as Celine Dion, Jennifer Lopez, Gwen Stefani, and the Backstreet Boys.

The LINQ Promenade and our retail stores offer guests a wide range of options from high-end brands and accessories to souvenirs and decorative items. The LINQ Promenade is an open-air dining, entertainment, and retail development located between The LINQ Hotel & Casino and Flamingo Las Vegas, and it features The High Roller, a 550-foot observation wheel. On November 9, 2018, we opened Fly LINQ, the first and only zipline on the Las Vegas Strip.

On July 16, 2018, we broke ground on CAESARS FORUM, a 550,000 square-foot conference center located at the center of the Las Vegas Strip. Scheduled to officially open in 2020, CAESARS FORUM will feature 300,000 square feet of flexible meeting space, the two largest pillarless ballrooms in the world, and FORUM Plaza, the first 100,000 square-foot outdoor meeting and event space in Las Vegas.

In addition, CIE operates a regulated online real money gaming business in Nevada and New Jersey and owns the World Series of Poker ("WSOP") tournaments and brand, and also licenses WSOP trademarks for a variety of products and businesses related to this brand.

The Company is now live with retail sports wagering across three U.S. jurisdictions, including launching in Pennsylvania in January 2019 to bring our total to four states. In September 2018, the Company also launched The Caesars Casino & Sports app for mobile sports betting which allows players in New Jersey who download the app to place bets on sporting events. They can also play over 400 casino games including slots, table games, and video poker. This product is expected to be launched in Pennsylvania in March 2019 pending regulatory approval and will launch in other states as regulatory approval is received.

The Company continues to solidify local and national partnerships that align our casinos, resorts and brands with sports fans. During 2018, we had several developments in our strategy to raise Caesars' profile among professional sports fans. We announced high-profile exclusive sports entertainment partnerships with the NFL, making Caesars the first-ever "Official Casino Sponsor" in the history of the league. This historic partnership combines the NFL's legendary events with our properties to bring unique experiences to Caesars patrons. This includes exclusive rights to use NFL trademarks in the U.S. and U.K. to promote our properties, also enabling Caesars to host exclusive special events and experiences. Furthermore, Caesars will host brand activations at prominent, high-profile NFL events, including the NFL Draft, NFL playoffs, and the Super Bowl.

Sales and Marketing

On January 30, 2019, Caesars announced the rebranding of Total Rewards, the Company's industry-leading loyalty program, to Caesars Rewards effective February 1, 2019. The new program leverages the premium Caesars brand to better connect Caesars' elevated standard and prestige with the Company's global destinations.

We are excited about this opportunity to strengthen our unrivaled customer loyalty program. We believe Caesars Rewards enables us to compete more effectively and capture a larger share of our customers' entertainment spending when they travel among regions versus that of a standalone property, which is core to our cross market strategy. We believe that operating multiple properties in the center of the Las Vegas Strip generates greater revenues than would be generated if the properties were operated separately.

Members who have joined Caesars Rewards can earn Reward Credits for qualifying gaming activity and qualifying hotel, dining and retail spending at all Caesars-affiliated properties in the United States, Canada, the United Kingdom, and now Dubai. Members can also earn additional Reward Credits when they use their Caesars Rewards VISA credit card or make a purchase through a Caesars Rewards partner. Members can redeem their earned Reward Credits with Caesars for hotel amenities, casino free play and other items such as merchandise, gift cards, and travel.

Caesars Rewards is structured in tiers (designated as Gold, Platinum, Diamond or Seven Stars), each with increasing member benefits and privileges. Members are provided promotional offers based on their Tier Level, their engagement with Caesars-affiliated properties, aspects of their casino gaming play, and their preferred spending choices outside of gaming. Member information is also used in connection with various marketing promotions, including campaigns involving direct mail, email, our websites, mobile devices, social media, and interactive slot machines.

Intellectual Property

The development of intellectual property is part of our overall business strategy. We regard our intellectual property to be an important element of our success. While our business as a whole is not substantially dependent on any one patent, trademark, copyright, or combination of several of our intellectual property rights, we seek to establish and maintain our proprietary rights in our business operations and technology through the use of patents, trademarks, copyrights, and trade secret laws. We file applications for and obtain patents, trademarks, and copyrights in the United States and foreign countries where we believe filing for such protection is appropriate, including United States and foreign patent applications covering certain proprietary technology of Caesars Enterprise Services, LLC ("CES"). We also seek to maintain our trade secrets and confidential information by nondisclosure policies and through the use of appropriate confidentiality agreements. CES' United States patents have varying expiration dates.

We have not applied for the registration of all of our trademarks, copyrights, proprietary technology, or other intellectual property rights, as the case may be, and may not be successful in obtaining all intellectual property rights for which we have applied. Despite our efforts to protect our proprietary rights, parties may infringe upon our intellectual property and use information that we regard as proprietary, and our rights may be invalidated or unenforceable. The laws of some foreign countries do not protect proprietary rights or intellectual property to as great of an extent as do the laws of the United States. In addition, others may independently develop substantially equivalent intellectual property.

We own or have the right to use proprietary rights to a number of trademarks that we consider, along with the associated name recognition, to be valuable to our business, including Bally's, Caesars, Flamingo, Harrah's, Horseshoe, Paris, Rio, Caesars Rewards, WSOP, and a license for the Planet Hollywood trademark used in connection with the Planet Hollywood in Las Vegas.

Competition

The casino entertainment business is highly competitive. The industry is comprised of a diverse group of competitors that vary considerably in size and geographic diversity, quality of facilities and amenities available, marketing and growth strategies, and financial condition. In most regions, we compete directly with other casino facilities operating in the immediate and surrounding areas. In Las Vegas, our largest jurisdiction, competition has increased significantly. For example, the Genting Group is developing a casino and hotel called Resorts World Las Vegas, and Marriott International and New York-based global real estate firm Witkoff

are developing a casino and hotel called The Drew Las Vegas. Both are expected to open in 2020 on the northern end of the Las Vegas Strip. In response to changing trends, Las Vegas operators have been focused on expanding their non-gaming offerings, including upgrades to hotel rooms, new food and beverage offerings, and new entertainment offerings. In May 2018, MGM rebranded the Monte Carlo Hotel and Casino as Park MGM, which underwent non-gaming renovations focused on room, food and beverage, and entertainment enhancements. There have also been proposals for other large scale non-gaming development projects in Las Vegas by various other developers. Our Las Vegas Strip hotels and casinos also compete, in part, with each other.

In recent years, many casino operators, including us, have been reinvesting in existing facilities, developing new casinos or complementary facilities, and acquiring established facilities. These reinvestment and expansion efforts combined with aggressive marketing strategies by us and many of our competitors have resulted in increased competition in many regions. As companies have completed new expansion projects, supply has typically grown at a faster pace than demand in some areas. For example, in Baltimore, Maryland, the opening of MGM Resorts National Harbor Resort & Casino has resulted in significant declines in revenue at our Horseshoe Baltimore property. The expansion of properties and entertainment venues into new jurisdictions also presents competitive issues. Atlantic City, in particular, has seen a significant decline primarily due to the addition of gaming and room capacity associated with the expansion of gaming in Maryland, New York, and Pennsylvania as well as the opening of new properties. This has resulted in several casino closings in recent years. In addition, Hard Rock Hotel Atlantic City and Ocean Resort Casino were introduced into the Atlantic City market in 2018, causing increased competition in the market.

Our properties also compete with legalized gaming from casinos located on Native American tribal lands. While the competitive impact on operations in Las Vegas from the continued growth of Native American gaming establishments in California remains uncertain, the proliferation of gaming in California and other areas located in the same regions as our properties could have an adverse effect on our results of operations. In addition, certain states have legalized, and others may legalize, casino gaming in specific areas, including metropolitan areas from which we traditionally attract customers.

We also compete with other non-gaming resorts and vacation areas, various other entertainment businesses, and other forms of gaming, such as state lotteries, on-and off-track wagering, video lottery terminals, and card parlors. Our non-gaming offerings also compete with other retail facilities, amusement attractions, food and beverage offerings, and entertainment venues. While we do not believe it to be the case, some have suggested that internet gaming could also create additional competition for us and could adversely affect our brick-and-mortar operations. We believe that internet gaming complements brick-and-mortar operations.

See Item 7, “Management’s Discussion and Analysis of Financial Condition and Results of Operations.” See also Exhibit 99.1, “Gaming Overview,” to this Form 10-K.

Seasonality

We believe that business at our regional properties outside of Las Vegas is subject to seasonality, including seasonality based on the weather in the markets in which they operate and the travel habits of visitors. Business in our properties can also fluctuate due to specific holidays or other significant events, such as Easter (particularly when the holiday falls in a different quarter than the prior year), the WSOP tournament (with respect to our Las Vegas properties), city-wide conventions, a large sporting event or a concert, or visits by our premium players. We also believe that any seasonality, holiday, or other significant event may affect our various properties or regions differently.

Governmental Regulation

The gaming industry is highly regulated, and we must maintain our licenses and pay gaming taxes to continue our operations. Each of our casinos is subject to extensive regulation under the laws, rules, and regulations of the jurisdiction in which it is located. These laws, rules, and regulations generally concern the responsibility, financial stability, and character of the owners, managers, and persons with financial interests in the gaming operations. Violations of laws in one jurisdiction could result in disciplinary action in other jurisdictions. A more detailed description of the regulations to which we are subject is contained in Exhibit 99.1, “Gaming Overview,” to this Form 10-K.

Our businesses are subject to various foreign, federal, state, and local laws and regulations, in addition to gaming regulations. These laws and regulations include, but are not limited to, restrictions and conditions concerning alcoholic beverages, smoking, environmental matters, employees, currency transactions, taxation, zoning and building codes, construction, land use, and marketing and advertising. We also deal with significant amounts of cash in our operations and are subject to various reporting and anti-money laundering regulations. Such laws and regulations could change or could be interpreted differently in the future, or new laws and regulations could be enacted. Material changes, new laws or regulations, or material differences in interpretations by courts or governmental authorities could adversely affect our operating results. See Item 1A, “Risk Factors,” for additional discussion.

Employee Relations

We have approximately 66,000 employees throughout our organization. Approximately 28,000 of our employees are covered by collective bargaining agreements with certain of our subsidiaries relating to certain casino, hotel, and restaurant employees. The majority of these employees are covered by the following agreements:

| Employee Group | Approximate Number of Active Employees Represented | Union | Date on which Collective Bargaining Agreement Becomes Amendable |
|---|---|--|--|
| Las Vegas Culinary Employees | 12,900 | Culinary Workers Union, Local 226 | May 31, 2023 |
| Atlantic City Food & Beverage and Hotel Employees | 3,200 | UNITE HERE, Local 54 | February 28, 2020 |
| Las Vegas Bartenders | 1,300 | Bartenders Union, Local 165 | May 31, 2023 |
| Las Vegas Dealers | 2,400 | Transport Workers Union of America and UAW | Various up to September 30, 2019 |

Corporate Social Responsibility, Citizenship and Sustainability

CEC's Board of Directors and senior executives view Corporate Social Responsibility ("CSR") as an integral element in the way we do business and make decisions, in the belief that being a good corporate citizen helps protect the company against risk, contributes to improved business results and helps foster positive relationships with all those who have a connection to our business. The Board of Directors and our executive management are committed to maintaining our position as an industry leader in CSR (which includes the concepts of corporate citizenship, social impact, and environmental sustainability). In 2018, we continued to engage with our CEO-level external sustainability advisory board with experts representing non-governmental organizations, business strategy, academia, and investors, and used their guidance to confirm our citizenship priorities. These priorities are reflected in our ninth annual citizenship report, published in 2018 in accordance with Global Reporting Initiative Standards.

Our approach, and our reporting on corporate social responsibility, is aligned with our People Planet Play framework. This framework unites all our properties and business activities behind a common language and core approaches so that all our properties and corporate functions can effectively support sustainable, ethical and profitable business growth. The framework is as follows:

- People: supporting the wellbeing of our team members, guests and local communities.
- Planet: taking care of the world we all call home.
- Play: creating memorable experiences for our guests and leading Responsible Gaming practices in the industry.

Our strategy includes targets to 2020 and 2030 across all elements of People Planet Play, including science-based emissions-reduction targets, formally approved by the Science Based Targets Initiative ("SBTi") and aligning with global best practices on climate change action. We enjoy strong support from our team members for People Planet Play activities, with 57% of team members participating in our HERO volunteering and/or CodeGreen environmental programs in 2017. Additionally, we aim to raise awareness and gain support from our guests for People Planet Play initiatives. In 2018, guest perception was that 56% strongly agreed that our company made a positive impact in economic development, responsible gaming, environmental impact and overall responsible conduct based on surveys completed by guests at our properties.

Code of Commitment

Our Code of Commitment to our employees, guests, communities and the environment continues to guide our approach to responsible and ethical business, compliance, anti-corruption and environmental stewardship. Our employees participate in training to reinforce their understanding of how they should implement the Code of Commitment in their daily work. Thirty years ago, Caesars was the first company to develop Responsible Gaming programs informed by science, evaluated objectively and created in conjunction with leading researchers. Our gaming offerings are underpinned by comprehensive Responsible Gaming programs that provide advice for those who need it (see more on our website: www.caesars.com/corporate/corporate-social-responsibility/play/responsible-gaming) with fully trained team members. In 2017, team members participated in 71,366 hours of training in Responsible Gaming.

Over the past several years, with the engagement and support of the Board of Directors, we have further intensified our anti-money-laundering ("AML") compliance activities. We reinforced the number of qualified staff in dedicated AML compliance roles with more than 90 experts and have invested several million dollars in technology investments to implement new systems to improve

transparency and information sharing within the Company, increase automation and enhance analytics, all to further the Company's efforts to be an industry leader in AML compliance.

For the fourth year running, we were recognized by the Civic 50, an initiative organized by Points of Light and Bloomberg that recognizes companies that demonstrate leading commitment to improving the quality of life in their home communities. In 2017, we reconfirmed our support for the UN Sustainable Development Goals and highlighted three goals where we can make the most significant contribution and expand our impact in coming years.

- #3: Good Health and Well-Being
- #8: Decent Work and Economic Growth
- #11: Sustainable Cities and Communities

Environmental Stewardship

Our structured, data-driven CodeGreen strategy leverages the passion of our team members and engages our guests and suppliers.

In 2017, we received formal approval from the SBTi for targets that place us among a small number of companies that are leading the way on climate change mitigation. We committed to: (i) reducing absolute Scope 1 and 2 greenhouse gas emissions 30% by 2025, and 95% by 2050 from a 2011 base-year and (ii) having 60% of suppliers by spend institute science-based greenhouse gas reduction targets for their operations by 2023. Between 2011 and 2017, we reduced greenhouse gas emissions internationally by 23% on an absolute basis and by 27% on a per square-foot basis, building on the significant achievements of our CodeGreen strategy from 2007. Since 2008, we have reduced water consumption by 22% on a per square foot basis. In 2017, 41% of our total waste in North America was diverted from landfill, bringing our cumulative waste diversion from landfill to 328,000 tons since 2012.

In 2017, 100% of our owned or managed North American hotel resort properties achieved a 4 Green Key rating or higher. Recently recognized by the Global Sustainable Tourism Council, Green Key is a rigorous program that ranks, certifies and inspects hotels and resorts based on their commitment to sustainable operations. Green Key uses a rating system of 1 to 5 Keys, with 5 being the highest possible attainment.

For our work in disclosure of our environmental impacts, in 2018, Caesars Entertainment received an "A" score in supplier engagement, an "A-" score for climate, and a "B" score in water from the Carbon Disclosure Project ("CDP"), an international not-for-profit that drives sustainable economies. Caesars was recently recognized as a world leader for Supplier Engagement on climate change. For the first time, we ranked among the 3% of organizations to be awarded a position on the Supplier Engagement Leader Board for actions to reduce emissions and lower climate-related risks in the supply chain in the past reporting year. Thousands of companies submit annual disclosures to CDP for independent assessment against its scoring methodology.

In order to both enhance our offerings and engage guests in our citizenship efforts, we have branded our hotel rooms with our People Planet Play messaging, inviting guests to play a role by using water, air-conditioning and towels with the environment in mind. We promote sustainable sourcing of key food ingredients for our menus from sustainably managed farms and fisheries, in response to the growing number of consumers who value such options. Additionally, to address concerns from animal rights groups, we have committed to source cage-free eggs across all our properties by 2025.

Employee Engagement, Development, Safety and Wellbeing

We aim to inspire our team members through our mission, vision and values, and our Code of Commitment. We nurture an open, collaborative and fun workplace where everyone can be their best. We provide opportunities for personal development and reward our team members with competitive compensation and the opportunity to earn substantial rewards based on merit. Our Total Return program for team members acknowledges great service, earning more than \$9 million in 2018 for team members that they can redeem for merchandise, travel, entertainment, event tickets, and digital media. We survey our team members each year and, in 2018, we again achieved an improved engagement score of 4.22, higher than the Willis Towers Watson benchmark of 4.20 in the same year. This correlates to improvements in customer service, which in 2018 reached an all-time high, while our Net Promoter Scores also increased. In addition, we invest significantly in training and development of our team members.

Caesars Entertainment is committed to creating a safe workplace for our employees and a safe venue for our guests. We strive for zero injuries every day at every property. Our company-wide initiative launched in 2015, "All in for Zero", continues to embed standards and procedures to ensure all our colleagues have the awareness, knowledge and tools to make safe working a habit. We publicly report on our safety performance annually (Injury Rate of 2.74 per 100 employees in 2017). We also strive to help our team members look after their health and wellbeing through our Employee Wellness Rewards Program that is supported by 29

nurses and coaches across our properties. The program has demonstrated results with improved health metrics for participating employees and their spouses, which has helped to mitigate insurance cost increases for Caesars and for employees.

Diversity, Equity and Inclusion

We embrace diversity and aim to create an inclusive working environment that welcomes and celebrates all our team members as individuals. Our diversity, equity and inclusion position directly connects to our endorsement of human rights for all as provided in the United Nations Universal Declaration of Human Rights and other international frameworks. In 2017, we formalized a diversity, equity and inclusion (“DEI”) framework that identifies five pillars of activity, each headed by a senior executive sponsor. The pillars include advocacy, workplace, suppliers, communities and guests (through marketing offerings) for a holistic approach to embedding DEI in everything we do. Caesars received a perfect 100% score on the 2018 Human Rights Campaign Foundation Corporate Equality Index for the eleventh year in a row. In 2017, 32% of our manager level employees belonged to minority groups and 42% were women. In November 2017, we announced our goal to achieve gender equity in leadership by 2025. This initiative embodies Caesars’ commitment to identifying, hiring, developing, and retaining talented people. This will enable our organization to be best in class, be more innovative, make better decisions, and better reflect our diverse clients and communities.

We also promote diversity in our supply chain and in 2017, approximately 17% of our addressable spend was with diverse suppliers. We maintain extensive outreach to discover diverse suppliers and support diverse suppliers through mentoring programs to gain business and grow with Caesars.

Human Trafficking

We take a strong stance against human trafficking and commercial sex exploitation, as can be seen in our public statement on our website. Under the guidance of a respected and accomplished leader in treating victims of exploitation, Dr. Halleh Seddighzadeh, we created an internal protocol supported by a suite of educational materials including a dedicated online portal for team members, a “Combating Human Trafficking Toolkit” and action guides. We trained customer-facing and security team members across our Las Vegas properties and have appointed 120 volunteer Community Engagement Ambassadors (“CEAs”) as leaders in addressing sex trafficking and commercial sexual exploitation on property. We rolled out a train-the-trainers program for CEAs who continue to educate other team members. We continue to work in the context of an industry-wide partnership in an effort to eliminate all forms of exploitation from our operations and our supply chain.

Community Investment

Caesars Entertainment consistently makes significant contributions to our local communities to help them develop and prosper. We do this through funding of community projects, employee volunteering hours and cash donations from the Caesars Foundation, a private foundation funded by a portion of our operating income that has gifted more than \$74 million since its inception in 2002. In 2017, we contributed a total of \$63 million to communities through all these channels, including 331,000 reported employee volunteer hours.

In the last year, we have advanced in partnership with the City of Las Vegas and its ImpactNV initiative, a sustainable development approach in Southern Nevada. Through several multi-partner and multi-sector workshops designed to identify intersections of major social challenges facing the city, we have developed a social sustainability master plan blueprint with long-term goals in the areas of reducing homelessness, combating sex trafficking and improving the health of immigrant communities. We continue to commit resources to addressing these pressing social challenges.

ITEM 1A. Risk Factors

Risks Related to Our Business

Our substantial indebtedness and the fact that a significant portion of our cash flow is used to make interest payments and rent payments under the Lease Agreements (defined below) could adversely affect our ability to raise additional capital to fund our operations, limit our ability to react to changes in the economy or our industry and prevent us from making debt service payments and rent payments.

Caesars Entertainment is a highly-leveraged company and had \$9.1 billion in debt outstanding under credit facilities and notes (including our convertible notes) as of December 31, 2018. As a result, a significant portion of our liquidity needs are for debt service on such indebtedness, including significant interest payments. Our estimated debt service (including principal and interest) on our credit facilities and notes (including our convertible notes) is \$644 million for 2019 and \$11.3 billion thereafter to maturity for our currently outstanding indebtedness under our credit facilities and notes (including our convertible notes).

See Note 12 for details of our debt outstanding and related restrictive covenants.

Our substantial indebtedness and the restrictive covenants under the agreements governing such indebtedness could:

- limit our ability to borrow money for our working capital, capital expenditures, development projects, debt service requirements, rent payment requirements, strategic initiatives or other purposes;
- make it more difficult for us to satisfy our obligations with respect to our indebtedness and the Lease Agreements, and any failure to comply with the obligations of any of our debt instruments or Lease Agreements, including restrictive covenants and borrowing conditions, could result in an event of default under the agreements governing our indebtedness or such Lease Agreements;
- require that a substantial portion of our cash flow from operations be dedicated to the payment of rent and interest and repayment of our indebtedness, thereby reducing funds available to us for other purposes;
- limit our flexibility in planning for or reacting to changes in our operations or business;
- make us more highly-leveraged than certain of our competitors, which may place us at a competitive disadvantage;
- make us more vulnerable to downturns in our business or the economy;
- restrict the availability for us to make strategic acquisitions, develop new gaming facilities, introduce new technologies or exploit business opportunities;
- affect our ability to renew certain gaming and other licenses;
- limit, along with the financial and other restrictive covenants in our indebtedness and the Lease Agreements, among other things, our ability to borrow additional funds or dispose of assets; and
- expose us to the risk of increased interest rates as certain of our borrowings are at variable rates of interest.

Any of the foregoing could have a material adverse effect on our business, financial condition, results of operations, prospects and ability to satisfy our outstanding debt obligations and lease obligations.

Our ability to satisfy our debt obligations and lease obligations will depend upon, among other things:

- our future financial and operating performance, which will be affected by prevailing economic conditions and financial, business, regulatory and other factors, many of which are beyond our control; and
- our future ability to borrow under our credit facilities, the availability of which depends on, among other things, our complying with the covenants thereunder.

Our debt agreements contain restrictions that limit our flexibility in operating our business.

Our debt agreements contain, and the agreements governing any future indebtedness of ours would likely contain, a number of covenants that impose significant operating and financial restrictions, including restrictions on our ability to, among other things:

- incur additional debt or issue certain preferred shares;

- pay dividends on or make distributions in respect of our capital stock or make other restricted payments;
- make certain investments;
- sell certain assets;
- create liens on certain assets;
- consolidate, merge, sell or otherwise dispose of all or substantially all of our assets;
- enter into certain transactions with our affiliates; and
- designate our subsidiaries as unrestricted subsidiaries.

As a result of these covenants, we are limited in the manner in which we conduct our business, and we may be unable to engage in favorable business activities or finance future operations or capital needs.

We have pledged a significant portion of our assets as collateral under our subsidiaries' secured debt agreements. If any of our lenders accelerate the repayment of borrowings, there can be no assurance that we will have sufficient assets to repay our indebtedness.

We are required to satisfy and maintain specified financial ratios under the agreements governing our revolving credit facilities if and when specified amounts are drawn and outstanding under our revolving credit facilities. See Note 12 for further information. Our ability to meet the financial ratios under our debt agreements can be affected by events beyond our control, and there can be no assurance that we will be able to continue to meet those ratios.

A failure to comply with the covenants contained in the agreements that govern our indebtedness could result in an event of default thereunder, which, if not cured or waived, could have a material adverse effect on our business, financial condition and results of operations. In the event of any default under the indebtedness of CEC, CRC or CEOC LLC, the lenders or noteholders thereunder:

- will not be required to lend any additional amounts to such borrowers;
- could elect to declare all indebtedness outstanding, together with accrued and unpaid interest and fees, to be due and payable and terminate all commitments to extend further credit; or
- require such borrowers to apply all of our available cash to repay such indebtedness.

Such actions by the lenders or noteholders under CEC's, CRC's or CEOC LLC's indebtedness could cause cross defaults under the other indebtedness of CEC, CRC or CEOC LLC, respectively, and in the case of lenders or noteholders under CRC's or CEOC LLC's indebtedness, could cause additional cross defaults under CEC's indebtedness. If we are unable to repay amounts under our secured credit facilities, the lenders under such secured credit facilities could proceed against the collateral granted to them to secure that indebtedness.

If the indebtedness under CEC's, CRC's or CEOC LLC's credit facilities or other indebtedness were to be accelerated, there can be no assurance that their assets would be sufficient to repay such indebtedness in full.

CEC, CEOC LLC, CRC and/or their respective subsidiaries are parties to certain leasing and related arrangements that may have a negative effect on CEC's business and operations.

CEC, CEOC LLC, CRC, and certain of their subsidiaries are parties to certain leasing and financial commitments, including three lease agreements relating to properties operated by CEOC LLC or its subsidiaries (the "CEOC LLC Lease Agreements"), three related management and lease support agreements, a lease agreement relating to a property operated by a subsidiary of CRC (the "HLV Lease Agreement" and collectively with the CEOC LLC Lease Agreements, the "Lease Agreements") and related guaranties (collectively, the "Lease Documents"). Pursuant to the CEOC LLC Lease Agreements, VICI leases properties to CEOC LLC (or the applicable subsidiaries of CEOC LLC) and CEOC LLC (or the applicable subsidiaries of CEOC LLC) is responsible for lease payments and other obligations for: (i) Caesars Palace Las Vegas; (ii) substantially all domestic properties owned by CEOC LLC and its subsidiaries other than Caesars Palace Las Vegas; and (iii) Harrah's Joliet Hotel & Casino in Joliet, Illinois. CEC guarantees the payment and performance of all monetary obligations of CEOC LLC and its subsidiaries under the CEOC LLC Lease Agreements. Pursuant to the HLV Lease Agreement, VICI leases Harrah's Las Vegas to a subsidiary of CRC, which is responsible for lease payments and other obligations for Harrah's Las Vegas. CRC guarantees the payment and performance of all monetary obligations of its subsidiary under the HLV Lease Agreement.

CEC has entered into call right agreements with VICI pursuant to which VICI has the right for five years from October 6, 2017, the date of those agreements, to purchase and lease to CEC or one of its subsidiaries interests in the real property assets associated with Harrah's Laughlin, Harrah's Atlantic City and Harrah's New Orleans, which could also impose additional lease payments and other obligations on CEC and its subsidiaries. CEC and VICI also entered into a right of first refusal agreement that provides, among other things, for (a) a grant by CEC (on behalf of itself and all of its majority owned subsidiaries) to VICI (on behalf of itself and all of its majority owned subsidiaries) of a right of first refusal to own and lease to an affiliate of CEC certain non-Las Vegas domestic real estate that CEC or its affiliates may have the opportunity to acquire or develop and (b) a grant by VICI to CEC of a right of first refusal to lease and manage certain non-Las Vegas domestic real estate that VICI may have the opportunity to acquire or develop.

Pursuant to the Lease Agreements, as amended in December 2018, CEC's subsidiaries are obligated to pay, in the aggregate, approximately \$782 million in fixed annual rents, subject to certain escalators and adjustments beginning at various points in the initial term and continuing through the renewal terms. If CEC's businesses and properties fail to generate sufficient earnings, the payments required to service these leasing commitments may materially and adversely limit the ability of CEC to make investments to maintain and grow its portfolio of businesses and properties. Additionally, CEC may be subject to other significant obligations under its guarantees if its subsidiaries are unable to satisfy their lease payments and other monetary obligations which could materially and adversely affect CEC's business and operating results.

CEC's guarantees of the CEOC LLC Lease Agreements impose restrictions on certain business activities of CEC, including restrictions on sales of assets and making dividends and distributions. The Lease Documents generally impose restrictions on the business activities of CEOC LLC, CRC and their applicable subsidiaries, including restrictions on transfers of the leased properties, requirements to make specified minimum levels of capital expenditures and limitations regarding how the leased properties may be operated. Compliance with the restrictions in the Lease Documents may constrain the ability of CEC to implement any growth plans as well as its flexibility to react and adapt to unexpected operational challenges and adverse changes in economic and legal conditions. Additionally, with respect to properties leased pursuant to the Lease Agreements, CEOC LLC or CRC (or their applicable subsidiaries) generally will be required to restore properties that are damaged by casualties regardless of whether any insurance proceeds are sufficient to pay for the restoration.

Each of CEOC LLC, CRC and/or their respective subsidiaries are required to pay a significant portion of their cash flow from operations to VICI pursuant to and subject to the terms and conditions of the Lease Agreements, which could adversely affect our ability to fund our operations or development projects, raise capital, make acquisitions, and otherwise respond to competitive and economic changes.

Each of CEOC LLC, CRC and/or their applicable subsidiaries are required to pay a significant portion of their cash flow from operations to VICI pursuant to and subject to the terms and conditions of the Lease Agreements. As a result of this commitment, their ability to fund their own operations or development projects, raise capital, make acquisitions and otherwise respond to competitive and economic changes may be adversely affected. For example, their obligations under the Lease Agreements may:

- make it more difficult for the applicable entity to satisfy their obligations with respect to their indebtedness and to obtain additional indebtedness;
- increase the applicable entity's vulnerability to general or regional adverse economic and industry conditions or a downturn in its business;
- require the applicable entity to dedicate a substantial portion of its cash flow from operations to making lease payments, thereby reducing the availability of its cash flow to fund working capital, capital expenditures and other general corporate purposes;
- limit the applicable entity's flexibility in planning for, or reacting to, changes in its business and the industry in which it operates; and
- restrict the applicable entity's ability to raise capital, make acquisitions and divestitures and engage in other significant transactions.

In addition, the annual rent escalations under the Lease Agreements will continue to apply regardless of the amount of cash flows generated by the properties that are subject to the Lease Agreements (subject to certain EBITDAR to rent ratio-based caps). Accordingly, if the cash flows generated by such properties decrease, or do not increase at the same rate as the rent escalations, the rents payable under the Lease Agreements could comprise a higher percentage of the cash flows generated by the applicable entity, which could exacerbate, perhaps materially, the issues described above.

Any of the above listed factors could have a material adverse effect on CEOC LLC's and CRC's respective business, financial condition, and results of operations.

The CEC Convertible Notes are exercisable for shares of our common stock. The exercise of such equity instruments would have a dilutive effect to stockholders of CEC.

The \$1.1 billion aggregate principal amount of 5.00% convertible senior notes maturing in 2024 (the "CEC Convertible Notes") are exercisable for shares of our common stock. The exercise of such equity instruments would have a dilutive effect to stockholders of CEC. In accordance with the terms of the Plan, on the Effective Date, we issued approximately \$1.1 billion aggregate principal amount of CEC Convertible Notes that are convertible at the option of holders into a number of shares of our common stock that is initially equal to 0.139 shares of our common stock per \$1.00 principal amount of CEC Convertible Notes, or approximately 156 million shares, of which 151 million shares are net of amounts held by CEC. If all the shares were issued on the Effective Date, they would have represented approximately 17.9% of the shares of our common stock outstanding after giving effect to the shares issued in accordance with the Plan. The CEC Convertible Notes are subject to conversion at our option beginning in October 2020 if the last reported sale price of our common stock equals or exceeds 140% of the conversion price for the CEC Convertible Notes in effect on each of at least 20 trading days during any 30 consecutive trading day period. CEC does not have any other redemption rights for the CEC Convertible Notes. As of December 31, 2018, the remaining life of the CEC Convertible Notes is 5.75 years.

Most of CEOC LLC's U.S. gaming facilities, as well as Harrah's Las Vegas, are leased and could experience risks associated with leased property, including risks relating to lease termination, lease extensions, consents and approvals, charges and our relationship with VICI, which could have a material adverse effect on our business, financial position or results of operations.

Most of CEOC LLC's U.S. gaming facilities are leased and could experience risks associated with leased property, including risks relating to lease termination, lease extensions, consents and approvals, charges and our relationship with VICI, which could have a material adverse effect on our business, financial position, or results of operations. CEOC LLC and its subsidiaries lease most of the gaming facilities they operate pursuant to the CEOC LLC Lease Agreements. Termination of any or all of the CEOC LLC Lease Agreements would result in CEOC LLC or its applicable subsidiaries losing some or all of their rights with respect to the applicable properties, could result in a default under CEOC LLC's debt agreements, and could have a material adverse effect on CEOC LLC's business, financial position, or results of operations. In the event of certain terminations of the CEOC LLC Lease Agreements, CEOC LLC or its applicable subsidiaries may be required to cooperate to transfer all personal property located at the applicable facility to a designated successor. Moreover, since as a lessee CEOC LLC and its subsidiaries do not completely control the land and improvements underlying their operations, VICI, as lessor, could take certain actions to disrupt CEOC LLC and its subsidiaries' rights in the facilities leased under the CEOC LLC Lease Agreements, which are beyond our control. If VICI chose to disrupt CEOC LLC and its subsidiaries' use either permanently or for a significant period of time, then the value of their assets could be impaired and their business and operations could be adversely affected. There can also be no assurance that CEOC LLC and its subsidiaries will be able to comply with their obligations under the CEOC LLC Lease Agreements in the future. In addition, if VICI has financial, operational, regulatory or other challenges there can be no assurance that VICI will be able to comply with its obligations under its agreements with CEC, CEOC LLC, or their subsidiaries.

CRC's subsidiary leases Harrah's Las Vegas from VICI pursuant to the HLV Lease Agreement on terms that are similar to those of the CEOC LLC Lease Agreements. CRC and its subsidiary, therefore, are subject to many of the same risks described above with respect to Harrah's Las Vegas.

The Lease Agreements are a type of lease that is commonly known as a triple net lease. Accordingly, in addition to rent, the tenants under the Lease Agreements are required to pay all operating costs associated with the respective facilities, including the payment of taxes, insurance, and all repairs, and providing indemnities to VICI against liabilities associated with the operations of each facility. CEC's applicable subsidiaries are responsible for incurring the costs described in the preceding sentence notwithstanding the fact that many of the benefits received in exchange for such costs may in part accrue to VICI as owner of the associated facilities. In addition, if some of the leased facilities should prove to be unprofitable, CEOC LLC and its subsidiaries or CRC's subsidiary, as applicable, could remain obligated for lease payments and other obligations under the Lease Agreements even if they decided to withdraw from those locations, and consequently, CEC and CRC would remain obligated under the corresponding lease guarantees. CEOC LLC and its subsidiaries or CRC's subsidiary, as applicable, could incur special charges relating to the closing of such facilities including lease termination costs, impairment charges, and other special charges that would reduce their net income and could have a material adverse effect on our business, financial condition and results of operations.

We may be unable to generate sufficient cash to service all of our indebtedness and lease commitments, and may be forced to take other actions to satisfy our obligations under our indebtedness and lease commitments that may not be successful.

We may be unable to generate sufficient cash flow from operations, or may be unable to draw under our credit facilities or otherwise, in an amount sufficient to fund our liquidity needs. Our operating cash inflows are typically used for operating expenses, debt service costs, lease payments, working capital needs, and capital expenditures in the normal course of business. Our estimated debt service (including principal and interest) is \$644 million for 2019 and \$11.3 billion thereafter to maturity for our outstanding indebtedness and our estimated financing obligations are \$753 million for 2019 and \$37.7 billion thereafter to maturity for our outstanding lease arrangements. If we are unable to service our debt obligations or pay our financing obligations, there can be no assurances that our business will continue in its current state. See Note 12 for details of our debt outstanding and Note 10 for details of our lease commitments.

We may incur additional indebtedness and lease commitments, which could adversely affect our ability to pursue certain business opportunities.

We and our subsidiaries may incur additional indebtedness and lease commitments at any time and from time to time in the future. Although the terms of the agreements governing our indebtedness and lease commitments contain restrictions on our ability to incur additional indebtedness and certain types of lease commitments, these restrictions are subject to a number of important qualifications and exceptions, and the indebtedness and lease commitments incurred in compliance with these restrictions could be substantial. For example, as of December 31, 2018, CRC had \$864 million of additional borrowing capacity available under its senior secured credit facility, net of \$100 million outstanding and \$36 million committed to outstanding letters of credit, and CEOC LLC had a total of \$161 million of additional borrowing capacity available under its senior secured credit facility, net of \$39 million committed to outstanding letters of credit. We may consider incurring additional indebtedness in the future to fund our growth strategy.

Our subsidiary debt agreements allow for limited future issuances of additional secured or unsecured indebtedness, which may include, in each case, indebtedness secured on a pari passu basis with the obligations under CRC's or CEOC LLC's credit facilities. This indebtedness could be used for a variety of purposes, including financing capital expenditures, refinancing or repurchasing our outstanding indebtedness, including existing unsecured indebtedness, or for general corporate purposes. We have raised and expect to continue to raise debt, including secured debt, to directly or indirectly refinance our outstanding unsecured debt on an opportunistic basis, as well as development and acquisition opportunities. Additional indebtedness would require greater servicing payments, and accordingly, may affect our future liquidity and limit our ability to pursue certain opportunities and implement any growth plans in the future.

Repayment of our and our subsidiaries' debt is dependent on cash flow generated by our subsidiaries.

Our subsidiaries currently own a significant portion of our assets and conduct a significant portion of our operations. Accordingly, repayment of our and our subsidiaries' indebtedness is dependent, to a significant extent, on the generation of cash flow by our subsidiaries and, in the case of CEC's debt, their ability to make such cash available to us by dividend, if needed, or otherwise. Our subsidiaries do not have any obligation to pay amounts due on our other subsidiaries' indebtedness or to make funds available for that purpose (other than with respect to subsidiary guarantees granted by certain subsidiaries of CEOC LLC to guarantee CEOC LLC's indebtedness and by certain subsidiaries of CRC to guarantee CRC's indebtedness). Our subsidiaries may not be able to, or may not be permitted to, make distributions to enable us to make payments in respect of our or our other subsidiaries' indebtedness. Each subsidiary is a distinct legal entity and, under certain circumstances, legal and contractual restrictions may limit our ability to obtain cash from our subsidiaries.

Our business and results of operations could be negatively affected as a result of the actions of activist stockholders, which could impact our stock price.

We have been the subject of actions taken by activist stockholders. For instance, on February 19, 2019, Carl C. Icahn and various affiliated entities (collectively, "Icahn") filed with the SEC a Schedule 13D indicating that Icahn beneficially owns 9.8 percent of our common stock. The Schedule 13D disclosed that Icahn had spoken to, and intended to continue to speak with, our Board of Directors and management regarding enhancing shareholder value, improving asset optimization and seeking board representation, including, if necessary, by nominating a slate of directors at the 2019 Annual Meeting. The Schedule 13D also indicated that Icahn believes the Board of Directors should conduct a strategic process to comprehensively assess the best path forward for our company and Icahn's belief that stockholder value might be best served, and enhanced, by selling our Company.

While we strive to maintain constructive, ongoing communications with all of our stockholders, and welcome their views and opinions with the goal of enhancing value for all stockholders, activist stockholders may, from time to time, engage in proxy solicitations or advance stockholder proposals, or otherwise attempt to effect changes and assert influence on our Board of Directors

and management. Responding to proposals by activist stockholders may, and responding to a proxy contest instituted by stockholders would, require us to incur significant legal and advisory fees, proxy solicitation expenses (in the case of a proxy contest) and administrative and associated costs and require significant time and attention by our Board of Directors and management, diverting their attention from the pursuit of our business strategy. Any perceived uncertainties as to our future direction and control, our ability to execute on our strategy or changes to the composition of our Board of Directors or senior management team arising from proposals by activist stockholders or a proxy contest could lead to the perception of a change in the direction of our business or instability which may be exploited by our competitors, result in the loss of potential business opportunities and make it more difficult to pursue our strategic initiatives or attract and retain qualified personnel and business partners, any of which could have a material adverse effect on our business and operating results. In addition, stockholder activism and potential resulting changes in governance may have implications under the various gaming laws to which we are subject, and could have an adverse impact on our gaming licenses. We may choose to initiate, or may become subject to, litigation as a result of proposals by activist stockholders or proxy contests or matters relating thereto, which would serve as a further distraction to our Board of Directors and management and could require us to incur significant additional costs.

In addition, actions such as those described above could cause significant fluctuations in the trading prices of our common stock, based on temporary or speculative market perceptions or other factors that do not necessarily reflect the underlying fundamentals and prospects of our business.

As we continue to engage in discussions with Icahn, the trading prices of our common stock may be subject to significant fluctuations, including as a result of actions taken by activist stockholders and our responses thereto, which may be material.

Likewise, to the extent that we implement any proposals made by Icahn or any other activist stockholder to change the composition of our Board of Directors, engage in particular transactions or change certain aspects of our strategy, the resulting changes in our business, assets, results of operations and financial condition may be material and may have an impact, which may be material, on the market prices of our common stock, and may also cause substantial volatility in the trading price of those securities.

We may not realize any or all of our anticipated value creation opportunities, which would have a negative effect on our results of operations.

As part of our enterprise-wide strategy, we have implemented a program of continuous improvement designed to identify value creation opportunities to improve operations and results, including without limitation through identifying opportunities to improve profitability by reducing costs. Any cost savings or other value creation that we ultimately realize from such efforts may differ materially from originally anticipated amounts or be offset by other unanticipated developments. These plans are subject to numerous risks and uncertainties that may change at any time. We cannot assure you that cost-savings or other value creation initiatives will be completed as anticipated or that the benefits we expect will be achieved on a timely basis or at all.

It is unclear what long-term impact our business structure will have on our key business relationships and our ability to compete with other gaming operators.

As a result of the consummation of the Plan, we are among a few gaming operators that lease a significant portion of its properties from a single lessor under lease arrangements. As a result, it is difficult to predict whether and to what extent our relationship with VICI, including any actual or perceived conflicts of interest, will affect our relationships with suppliers, customers, or regulators or our ability to compete with other gaming operators that are not subject to a master lease arrangement with a single lessor. In addition, VICI has numerous consent, audit, and other rights under the Lease Documents. As a result, a number of CEOC LLC's and CRC's strategic and operational decisions are subject to review and/or agreement with VICI, and there can be no assurance that VICI's exercise of its rights under the Lease Documents will not be adverse to CEOC LLC's or CRC's business or operations, particularly where our interests and the interests of VICI (or those who control it) are not aligned.

The development and construction of new hotels, casinos, and gaming and non-gaming venues and the expansion of existing ones could have an adverse effect on our business, financial condition, and results of operations due to various factors including delays, cost overruns, and other uncertainties.

We intend to develop, construct, and open new hotels, casinos, and other gaming venues and develop and manage non-gaming venues in response to opportunities that may arise. Future development projects may require significant capital commitments, the incurrence of additional debt, guarantees of third-party debt, the incurrence of contingent liabilities and an increase in depreciation and amortization expense, which could have an adverse effect upon our business, financial condition, results of operations, and cash flow. The development and construction of new hotels, casinos and gaming venues and the expansion of existing ones is susceptible to various risks and uncertainties, such as:

- the existence of acceptable market conditions and demand for the completed project;

- general construction risks, including cost overruns, change orders and plan or specification modification, shortages of construction resources, labor disputes, unforeseen environmental, engineering or geological problems, work stoppages, fire and other natural disasters, construction scheduling problems, and weather interferences;
- changes and concessions required by governmental or regulatory authorities;
- the ability to finance the projects, especially in light of our substantial indebtedness;
- delays in obtaining, or inability to obtain, all licenses, permits and authorizations required to complete and/or operate the project; and
- disruption of our existing operations and facilities.

Moreover, our development and expansion projects are sometimes jointly pursued with third parties or by licensing our brands to third parties. These joint development, expansion project, or license agreements are subject to risks, in addition to those disclosed above, as they are dependent on our ability to reach and maintain agreements with third parties.

Our failure to complete any new development or expansion project, or complete any joint development or expansion projects or projects where we license our brands, as planned, on schedule, within budget, or in a manner that generates anticipated profits, could have an adverse effect on our business, financial condition, results of operations, and cash flow.

We may pursue strategic acquisitions of third-party assets and businesses as a complement to our future growth strategy, which could raise material investment risk and affect our businesses and operations, if integration is unsuccessful or the acquired assets and businesses perform poorly.

We intend to implement a growth plan centered on an organic growth strategy for our non-gaming entertainment, hospitality, and leisure offerings. We also intend to pursue strategic acquisitions as a complement to the extent such acquisitions present attractive opportunities that would bolster our organic growth strategy. Additionally, we will also look to become a more active participant in certain high-growth sports and mobile gaming opportunities in order to leverage our extensive experience and management expertise in the gaming industry and build an enhanced high-growth portfolio.

Our ability to realize the anticipated benefits of acquisitions will depend, in part, on our ability to integrate the acquired businesses with our businesses. The combination of two independent companies is a complex, costly, and time-consuming process. This process may disrupt the business of either or both of the companies and may not result in the full benefits expected. The difficulties of combining the operations of the companies include, among other things:

- coordinating marketing functions;
- undisclosed liabilities;
- unanticipated issues in integrating information, communications and other systems;
- unanticipated incompatibility of purchasing, logistics, marketing, and administration methods;
- retaining key employees;
- consolidating corporate and administrative infrastructures;
- the diversion of management attention from ongoing business concerns; and
- coordinating geographically separate organizations.

Additionally, even if integration is successful, the overall integration of acquired assets and businesses may result in material unanticipated problems, expenses, liabilities, competitive responses, loss of customer and other business relationships and diversion of management attention. There is also no guarantee that the acquired assets or businesses will generate any of the projected synergies and earnings growth, and the failure to realize such projected synergies and earnings growth may adversely affect our operating and financial results and derail any growth plans.

The risks associated with our existing and potential future international operations could reduce our profits.

Some of our properties are located outside the United States, and we are currently pursuing additional international opportunities. International operations are subject to inherent risks including:

- political and economic instability;
- variation in local economies;
- currency fluctuation;
- greater difficulty in accounts receivable collection;
- trade barriers; and
- burden of complying with a variety of international laws.

We are or may become involved in legal proceedings that, if adversely adjudicated or settled, could have a material adverse effect on our business, financial condition, results of operations, and prospects.

From time to time, we are a defendant in various lawsuits or other legal proceedings relating to matters incidental to our business. Some of these matters involve commercial or contractual disputes, intellectual property claims, legal compliance, personal injury claims, and employment claims. As with all legal proceedings, no assurance can be provided as to the outcome of these matters and, in general, legal proceedings can be expensive and time consuming. We may not be successful in the defense or prosecution of these lawsuits, which could result in settlements or damages that could significantly impact our business, financial condition, and results of operations.

Compromises of our information systems or unauthorized access to confidential information or our customers' personal information could materially harm our reputation and business.

We collect and store confidential, personal information relating to our customers for various business purposes, including marketing and financial purposes, and credit card information for processing payments. For example, we handle, collect and store personal information in connection with our customers staying at our hotels and enrolling in Caesars Rewards. We may share this personal and confidential information with vendors or other third parties in connection with processing of transactions, operating certain aspects of our business, or for marketing purposes. Our collection and use of personal data are governed by state and federal privacy laws and regulations as well as the applicable laws and regulations in other countries in which we operate. Privacy law is subject to frequent changes and varies significantly by jurisdiction. We may incur significant costs in order to ensure compliance with the various applicable privacy requirements. In addition, privacy laws and regulations may limit our ability to market to our customers.

We assess and monitor the security of collection, storage, and transmission of customer information on an ongoing basis. We utilize commercially available software and technologies to monitor, assess and secure our network. Further, some of the systems currently used for transmission and approval of payment card transactions and the technology utilized in payment cards themselves, all of which can put payment card data at risk, are determined and controlled by the payment card industry, and other such systems are determined and controlled by us. Although we have taken steps designed to safeguard our customers' confidential personal information and important internal company data, our network and other systems and those of third parties, such as service providers, could be compromised, damaged, or disrupted by a third-party breach of our system security or that of a third-party provider or as a result of purposeful or accidental actions of third parties, our employees, or those employees of a third party, power outages, computer viruses, system failures, natural disasters, or other catastrophic events. Our third-party information system service providers face risks relating to cybersecurity similar to ours, and we do not directly control any of such parties' information security operations. Advances in computer and software capabilities, encryption technology, new tools, and other developments may increase the risk of a security breach. As a result of any security breach, customer information or other proprietary data may be accessed or transmitted by or to a third party. Despite the measures we have implemented to safeguard our information, there can be no assurance that we are adequately protecting our information.

Any loss, disclosure of, misappropriation of, or access to customers' or other proprietary information or other breach of our information security could result in legal claims or legal proceedings, including regulatory investigations and actions, or liability for failure to comply with privacy and information security laws, including for failure to protect personal information or for misusing personal information, which could disrupt our operations, damage our reputation, and expose us to claims from customers, financial institutions, regulators, payment card associations, employees, and other persons, any of which could have an adverse effect on our financial condition, results of operations, and cash flow.

We have cybersecurity insurance to respond to a breach which is designed to cover expenses around notification, credit monitoring, investigation, crisis management, public relations and legal advice. We also carry other insurance which may cover ancillary

aspects of the event. However, damage and claims arising from a breach may not be completely covered or may exceed the amount of any insurance available.

Our reliance on our computer systems and software could expose us to great financial harm if any of our computer systems or software were subject to any material disruption or corruption.

We rely significantly on our computer systems and software to receive and properly process internal and external data, including data related to Caesars Rewards. A disruption or corruption of the proper functioning of our computer systems or software could cause us to lose data or record erroneous data, which could result in material losses. We cannot guarantee that our efforts to maintain competitive computer systems and software will be successful. Our computer systems and software may fail or be subject to bugs or other errors, resulting in service interruptions or other unintended consequences. If any of these risks materialize, they could have a material adverse effect on our business, financial condition, and results of operations.

We may sell or divest different properties or assets as a result of our evaluation of our portfolio of businesses. Such sales or divestitures could affect our costs, revenues, profitability, and financial position.

From time to time, we evaluate our properties and our portfolio of businesses and may, as a result, sell or attempt to sell, divest, or spin-off different properties or assets (subject to any restrictions in the agreements governing our indebtedness and leases). These sales or divestitures affect our costs, revenues, profitability, financial position, liquidity, and our ability to comply with our debt covenants. Divestitures have inherent risks, including possible delays in closing transactions (including potential difficulties in obtaining regulatory approvals), the risk of lower-than-expected sales proceeds for the divested businesses, and potential post-closing claims for indemnification. In addition, current economic conditions and relatively illiquid real estate markets may result in fewer potential bidders and unsuccessful sales efforts. Expected costs savings, which are offset by revenue losses from divested properties, may also be difficult to achieve or maximize due to our fixed cost structure.

Reduction in discretionary consumer spending resulting from a downturn in the national economy, the volatility and disruption of the capital and credit markets, adverse changes in the global economy, and other factors could negatively impact our financial performance and our ability to access financing.

Changes in discretionary consumer spending or consumer preferences are driven by factors beyond our control, such as perceived or actual general economic conditions; high energy, fuel and other commodity costs; the cost of travel; the potential for bank failures; a soft job market; an actual or perceived decrease in disposable consumer income and wealth; increases in payroll taxes; increases in gaming taxes or fees; fears of recession and changes in consumer confidence in the economy; and terrorist attacks or other global events. Our business is susceptible to any such changes because our properties offer a highly-discretionary set of entertainment and leisure activities and amenities. Gaming and other leisure activities we offer represent discretionary expenditures and participation in such activities may decline if discretionary consumer spending declines, including during economic downturns, during which consumers generally earn less disposable income. Particularly, we have business concentrations in gaming offerings and in Las Vegas, which are sensitive to declines in discretionary consumer spending and changes in consumer preferences. During periods of economic contraction, our revenues may decrease while most of our costs remain fixed and some costs even increase, resulting in decreased earnings.

We are subject to significant risks associated with joint ventures, strategic alliances and other third-party collaborations.

We pursue certain of our new license opportunities, development projects and other strategic business opportunities through third party collaborations such as joint ventures, license arrangements and other alliances. Examples include our joint ventures for Horseshoe Baltimore and our development project in Korea, our recently announced deal with Turner Sports regarding gaming-related sports content, and other sports-related opportunities.

Our joint ventures are governed by mutually established agreements that we entered into with our partners. As such, we do not unilaterally control the joint ventures or other initiatives. The terms of the joint venture and the rights of our joint venture partners may preclude us from taking actions that we believe to be in the best interests of the Company. Alternatively, our joint venture partners could take actions binding on the joint venture without our consent. Disagreements with our joint venture partners could result in delays in project development, including construction delays, and ultimate failure of the project. Moreover, our joint venture partners may not be able to provide capital to the joint venture on the terms agreed to or at all, and the joint venture may be unable to obtain external financing to finance its operations. Also, our ability to exit the joint venture may be subject to contractual and other limitations.

With any third-party collaboration, there is a risk that our partners' economic, business or legal interests or objectives may not be aligned with ours, leading to potential disagreements and/or failure of the applicable project or initiative. Additionally, we are

subject to the risks relating to our partners' failure to satisfy contractual obligations, conflicts arising between us and any of our partners and changes in the ownership of any of our partners.

Any of the foregoing with respect to our third-party collaborations could adversely affect our financial condition, operating results and cash flows.

Our strategies to grow our business may be unsuccessful, which could have an adverse effect on our results of operations.

Our success depends in part on our ability to grow our business. In addition to increasing our revenues from operations, we plan to grow our business through (i) real estate development domestically and internationally, (ii) traditional mergers and acquisitions, (iii) expanding our Caesars Rewards partnerships, and (iv) pursuing licensing and management agreements to utilize our brands on third party-owned properties. Our ability to execute on our growth strategy is dependent upon, among other things, our ability to finance development projects and to obtain all necessary zoning, land-use, building, occupancy and other governmental permits and authorizations, and upon risks inherent in acquisitions including the ability to finance acquisitions, the ability to integrate acquisitions, the ability to realize anticipated benefits of the acquisitions and the diversion of management's attention from Company resources. In addition, we may be unsuccessful in identifying acceptable third parties for Caesars Rewards and for licensing and managing properties. As a result, we may not be able to realize the growth we expect from our strategies, which could have an adverse effect on our results of operations. Moreover, even if our growth strategy is successful, we may not realize the benefit we expect from our growth strategy on a timely basis or at all, which could have an adverse effect on our business, financial condition, results of operations and cash flow.

In addition, the Company may from time to time pursue strategic investments in pursuit of its growth strategy. There can be no assurance that any such investment will be successful or result in the benefits we expect within the expected time frame or at all. A failure of any strategic investment could have an adverse effect on our business, financial condition, results of operations and cash flow.

We are subject to extensive governmental regulation and taxation policies, and the enforcement of or any changes in such regulation or policy could adversely impact our business, financial condition, and results of operations.

We are subject to extensive gaming regulations and political and regulatory uncertainty. Regulatory authorities in the jurisdictions where we operate have broad powers with respect to the licensing of casino operations and may revoke, suspend, condition, or limit our gaming or other licenses, impose substantial fines and take other actions, any one of which could adversely impact our business, financial condition, and results of operations. Furthermore, in many jurisdictions where we operate, licenses are granted for limited durations and require renewal from time to time. There can be no assurance that continued gaming activity will be approved in any referendum in the future. If we do not obtain the requisite approval in any future referendum, we will not be able to operate our gaming operations in the affected jurisdiction, which would negatively impact our future performance. In addition, the gaming and other laws and regulations to which we are subject could change or could be interpreted differently in the future, or new laws and regulations could be enacted. For example, in 2018, the U.S. Department of Justice ("DOJ") reversed its previously-issued opinion published in 2011, which stated that interstate transmissions of wire communications that do not relate to a "sporting event or contest" fall outside the purview of the Wire Act of 1961 (the "Wire Act"). The DOJ's updated opinion, which is still being evaluated by industry members, concluded instead that the Wire Act was not uniformly limited to gaming relating to sporting events or contests and that certain of its provisions apply to non-sports-related wagering activity. Any such material changes, new laws or regulations, or material differences in interpretations by courts or governmental authorities could adversely affect our business and operating results.

From time to time, individual jurisdictions have also considered legislation or referendums, such as bans on smoking in casinos and other entertainment and dining facilities, which could adversely impact our operations. These smoking bans have adversely affected revenues and operating results at our properties. The likelihood or outcome of similar legislation in other jurisdictions and referendums in the future cannot be predicted, though any smoking ban would be expected to negatively impact our financial performance.

Furthermore, because we are subject to regulation in each jurisdiction in which we operate, and because regulatory agencies within each jurisdiction review our compliance with gaming laws in other jurisdictions, it is possible that gaming compliance issues in one jurisdiction may lead to reviews and compliance issues in other jurisdictions.

The casino entertainment industry represents a significant source of tax revenues to the various jurisdictions in which casinos operate. From time to time, various state and federal legislators and officials have proposed changes in tax laws, or in the administration of such laws, including increases in tax rates, which would affect the industry. If adopted, such changes could adversely impact our business, financial condition, and results of operations.

Our ability to utilize net operating loss (“NOL”) carryforwards may be limited as a result of any future stock ownership changes.

In general, Section 382 of the Internal Revenue Code provides an annual limitation with respect to the ability of a corporation to utilize its net operating loss carryovers, as well as certain built-in losses, against future taxable income in the event of a change in ownership. CEOC’s emergence from bankruptcy and the CAC Merger resulted in a change in ownership for purposes of Section 382, making its provisions applicable to the Company. It is unlikely that the annual limitation caused as a result of the CAC Merger and CEOC’s emergence from bankruptcy will adversely affect the Company’s ability to utilize its net operating loss carryovers against its future taxable income. However, if the Company undergoes another ownership change before all the net operating loss carryovers have offset taxable income, a future limitation may restrict the Company’s ability to utilize its net operating loss carryover prospectively.

Any violation of the Bank Secrecy Act or other similar anti-money laundering laws and regulations could have a negative impact on us.

We deal with significant amounts of cash in our operations and are subject to various reporting and AML regulations. In recent years, governmental authorities have been increasingly focused on AML policies and procedures, with a particular focus on the gaming industry. Any violation of AML or regulations by any of our resorts could have a negative effect on our results of operations.

Any violation of the Foreign Corrupt Practices Act or other similar anti-corruption laws and regulations could have a negative impact on us.

We are subject to risks associated with doing business outside of the United States, which exposes us to complex foreign and U.S. regulations inherent in doing business cross-border and in each of the countries in which we conduct business. We are subject to requirements imposed by the Foreign Corrupt Practices Act (“FCPA”) and other anti-corruption laws that generally prohibit U.S. companies and their affiliates from offering, promising, authorizing, or making improper payments to foreign government officials for the purpose of obtaining or retaining business. Violations of the FCPA and other anti-corruption laws may result in severe criminal and civil sanctions and other penalties, and the SEC and DOJ have increased their enforcement activities with respect to the FCPA. Policies and procedures and employee training and compliance programs that we have implemented to deter prohibited practices may not be effective in prohibiting our employees, contractors, or agents from violating or circumventing our policies and the law. If our employees or agents fail to comply with applicable laws or company policies governing our international operations, we may face investigations, prosecutions, and other legal proceedings and actions that could result in civil penalties, administrative remedies, and criminal sanctions. Any determination that we have violated any anti-corruption laws could have a material adverse effect on our financial condition. Compliance with international and U.S. laws and regulations that apply to our international operations increases our cost of doing business in foreign jurisdictions.

Our stockholders are subject to extensive governmental regulation, and if a stockholder is found unsuitable by the gaming authority, that stockholder would not be able to beneficially own our common stock directly or indirectly.

In many jurisdictions, gaming laws can require any of our stockholders to file an application, be investigated, and qualify or have his, her or its suitability determined by gaming authorities. Gaming authorities have very broad discretion in determining whether an applicant should be deemed suitable. For any cause deemed reasonable by the gaming authorities, subject to certain administrative proceeding requirements, the gaming regulators have the authority to deny any application; limit, condition, restrict, revoke, or suspend any license, registration, finding of suitability or approval; or fine any person licensed, registered, or found suitable or approved. For additional information on the criteria used in making determinations regarding suitability, see Item 1, “Business—Governmental Regulation.”

For example, under Nevada gaming laws, each person who acquires, directly or indirectly, beneficial ownership of any voting security, or beneficial or record ownership of any non-voting security or any debt security, in a public corporation that is registered with the Nevada Gaming Commission (“NGC”), may be required to be found suitable if the NGC has reason to believe that his or her acquisition of that ownership, or his or her continued ownership in general, would be inconsistent with the declared public policy of Nevada, in the sole discretion of the NGC. Any person required by the NGC to be found suitable must apply for a finding of suitability within 30 days after the NGC’s request that he or she should do so and, together with his or her application for suitability, deposit with the Nevada Gaming Control Board (“NGCB”) a sum of money which, in the sole discretion of the NGCB, will be adequate to pay the anticipated costs and charges incurred in the investigation and processing of that application for suitability, and deposit such additional sums as are required by the NGCB to pay final costs and charges.

Furthermore, any person required by a gaming authority to be found suitable, who is found unsuitable by the gaming authority, may not hold, directly or indirectly, the beneficial ownership of any voting security or the beneficial or record ownership of any non-voting security or any debt security of any public corporation that is registered with the gaming authority beyond the time prescribed by the gaming authority. A violation of the foregoing may constitute a criminal offense. A finding of unsuitability by a

particular gaming authority impacts that person's ability to associate or affiliate with gaming licensees in that particular jurisdiction and could impact the person's ability to associate or affiliate with gaming licensees in other jurisdictions.

Many jurisdictions also require any person who acquires beneficial ownership of more than a certain percentage of voting securities of a gaming company and, in some jurisdictions, non-voting securities, typically 5%, to report the acquisition to gaming authorities, and gaming authorities may require such holders to apply for qualification or a finding of suitability, subject to limited exceptions for "institutional investors" that hold a company's voting securities for investment purposes only. Under Maryland gaming laws, we may not sell or otherwise transfer more than 5% of the legal or beneficial interest in Horseshoe Baltimore without the approval of the Maryland Lottery and Gaming Control Commission if it determines that the transferee is qualified or grants the transferee an institutional investor waiver.

Some jurisdictions may also limit the number of gaming licenses in which a person may hold an ownership or a controlling interest. For example, in Indiana, a person may not have an ownership interest in more than two Indiana riverboat owner's licenses, and in Maryland, an individual or business entity may not own an interest in more than one video lottery facility.

If we are unable to effectively compete against our competitors, our profits will decline.

The gaming industry is highly competitive and our competitors vary considerably in size, quality of facilities, number of operations, brand identities, marketing and growth strategies, financial strength and capabilities, and geographic diversity. We also compete with other non-gaming resorts and vacation areas, and with various other entertainment businesses. Our competitors in each region in which we participate may have greater financial, marketing, or other resources than we do, and there can be no assurance that they will not engage in aggressive pricing action to compete with us. Although we believe we are currently able to compete effectively in each of the various regions in which we participate, we cannot ensure that we will be able to continue to do so or that we will be capable of maintaining or further increasing our current market share. Our failure to compete successfully in our various regions could adversely affect our business, financial condition, results of operations, and cash flow.

In recent years, many casino operators, including us, have been reinvesting in existing jurisdictions to attract new customers or to gain market share, thereby increasing competition in those jurisdictions. As companies have completed new expansion projects, supply has typically grown at a faster pace than demand in some areas. For example, in Baltimore, Maryland, the opening of MGM Resorts National Harbor Resort & Casino has resulted in significant declines in revenue at our Horseshoe Baltimore property. In Las Vegas, our largest jurisdiction, competition has increased significantly. For example, the Genting Group is developing a casino and hotel called Resorts World Las Vegas, and Marriott International and New York-based global real estate firm Witkoff are developing a casino and hotel called The Drew Las Vegas. Both are expected to open in 2020 on the northern end of the Las Vegas Strip. In response to changing trends, Las Vegas operators have been focused on expanding their non-gaming offerings, including upgrades to hotel rooms, new food and beverage offerings, and new entertainment offerings. In May 2018, MGM rebranded the Monte Carlo Hotel and Casino as Park MGM, which underwent non-gaming renovations focused on room, food and beverage, and entertainment enhancements. There have also been proposals for other large scale non-gaming development projects in Las Vegas by various other developers. The expansion of existing casino entertainment properties, the increase in the number of properties, and the aggressive marketing strategies of many of our competitors have increased competition in many markets in which we operate, and this intense competition is expected to continue. These competitive pressures have and are expected to continue to adversely affect our financial performance in certain areas, including Atlantic City, where Hard Rock Hotel Atlantic City and Ocean Resort Casino were introduced into the market in 2018, causing increased competition in the market. Growth in consumer demand for non-gaming offerings could also negatively impact our gaming revenue.

In particular, our business may be adversely impacted by the additional gaming and room capacity in Nevada, Louisiana, and Atlantic City and by the initiation and growth of online gaming in Nevada, Louisiana and other states. In addition, our operations located in New Jersey may be adversely impacted by the expansion of gaming in Maryland, New York, and Pennsylvania, our operations in Louisiana may be adversely impacted by the expansion of gaming in Mississippi and the Gulf Coast, and our operations located in Nevada may be adversely impacted by the expansion of gaming in California.

In addition, the gaming industry has expanded into new jurisdictions in which gaming was not previously permitted. This growth is likely to continue in the future and will result in increased competition for our facilities in the jurisdictions in which we operate.

The loss of the services of key personnel or the failure to manage our Chief Executive Officer transition could have a material adverse effect on our business.

We believe that the leadership of our executive officers has been a critical element of our success. On November 1, 2018, we announced that Mark P. Frissora, our President and Chief Executive Officer, will leave the Company. Subject to the terms of the Separation Agreement, Mr. Frissora will continue as President and Chief Executive Officer until a termination date of April 30, 2019 (which the Company may extend by one month) for purposes of continuity of leadership as the Company searches for a

successor to Mr. Frissora with the nationally recognized third-party search firm the Company has engaged for that purpose. Any failure by us to manage this leadership transition or a failure to timely identify a qualified permanent Chief Executive Officer could have a material adverse effect on our businesses. Our other executive officers and other members of senior management have substantial experience and expertise in our businesses that we believe will make significant contributions to our growth and success. The unexpected loss of services of one or more of these individuals could also adversely affect us. We do not have key man or similar life insurance policies covering members of our senior management. We have employment agreements with our executive officers, but these agreements do not guarantee that any given executive will remain with us, and there can be no assurance that any such officers will remain with us.

If we cannot attract, retain, and motivate employees, we may be unable to compete effectively, and lose the ability to improve and expand our businesses.

Our success and ability to grow depend, in part, on our ability to hire, retain, and motivate sufficient numbers of talented people with the increasingly diverse skills needed to serve clients and expand our business in many locations around the world. We face intense competition for highly qualified, specialized technical, managerial, and consulting personnel. Recruiting, training, retention, and benefit costs place significant demands on our resources. Additionally, the impending departure of our Chief Executive Officer, Mark P. Frissora, and the ongoing search for a successor to Mr. Frissora may make recruiting executives to our businesses more difficult. The inability to attract qualified employees in sufficient numbers to meet particular demands or the loss of a significant number of our employees could have an adverse effect on us.

Our business may be subject to seasonal fluctuations that could result in volatility and have an adverse effect on our operating results.

Our business may be subject to some degree of seasonality. Weather conditions may deter or prevent customers from reaching the facilities or undertaking trips. Such conditions would particularly affect customers who are traveling longer distances to visit our properties. Seasonality may cause our properties working capital cash flow requirements to vary from quarter to quarter depending on the variability in the volume and timing of sales. Business in our properties can also fluctuate due to specific holidays or other significant events, such as Easter (particularly when the holiday falls in a different quarter than the prior year), the World Series of Poker tournament (with respect to our Las Vegas properties), city-wide conventions, a large sporting event or a concert, or visits by our premium players. We also believe that any seasonality, holiday, or other significant event may affect our various properties or regions differently. These factors, among other things, make forecasting more difficult and may adversely affect our properties' ability to manage working capital and to predict financial results accurately, which could adversely affect our business, financial condition, and operating results.

Our business is particularly sensitive to energy prices and a rise in energy prices could harm our operating results.

We are a large consumer of electricity and other energy and, therefore, higher energy prices may have an adverse effect on our results of operations. Accordingly, increases in energy costs may have a negative impact on our operating results. Additionally, higher electricity and gasoline prices that affect our customers may result in reduced visitation to our resorts and a reduction in our revenues. We may be indirectly impacted by regulatory requirements aimed at reducing the impacts of climate change directed at up-stream utility providers, as we could experience potentially higher utility, fuel, and transportation costs.

Win rates (hold rates) for our casino operations depend on a variety of factors, some of which are beyond our control.

The gaming industry is characterized by an element of chance. Accordingly, we employ theoretical win rates to estimate what a certain type of game, on average, will win or lose in the long run. In addition to the element of chance, win rates (hold percentages) are also affected by the spread of table limits and factors that are beyond our control, such as a player's skill, experience, and behavior, the mix of games played, the financial resources of players, the volume of bets placed, and the amount of time players spend gambling. As a result of the variability in these factors, the actual win rates at our casinos may differ from the theoretical win rates we have estimated and could result in the winnings of our gaming customers exceeding those anticipated. The variability of win rates (hold rates) also have the potential to negatively impact our financial condition, results of operations, and cash flows.

We face the risk of fraud, theft, and cheating.

We face the risk that gaming customers may attempt or commit fraud or theft or cheat in order to increase winnings. Such acts of fraud, theft, or cheating could involve the use of counterfeit chips or other tactics, possibly in collusion with our employees. Internal acts of cheating could also be conducted by employees through collusion with dealers, surveillance staff, floor managers, or other casino or gaming area staff. Additionally, we also face the risk that customers may attempt or commit fraud or theft with respect to our non-gaming offerings or against other customers. Such risks include stolen credit or charge cards or cash, falsified checks, theft of retail inventory and purchased goods, and unpaid or counterfeit receipts. Failure to discover such acts or schemes in a

timely manner could result in losses in our operations. Negative publicity related to such acts or schemes could have an adverse effect on our reputation, potentially causing a material adverse effect on our business, financial condition, results of operations, and cash flows.

We may not be able to protect the intellectual property rights we own or may be prevented from using intellectual property necessary for our business.

The development of intellectual property is part of our overall business strategy, and we regard our intellectual property to be an important element of our success. We rely primarily on trade secret, trademark, domain name, copyright, and contract law to protect the intellectual property and proprietary technology we own. We also actively pursue business opportunities in the United States and in international jurisdictions involving the licensing of our trademarks to third parties. It is possible that third parties may copy or otherwise obtain and use our intellectual property or proprietary technology without authorization or otherwise infringe on our rights. For example, while we have a policy of entering into confidentiality, intellectual property invention assignment, and/or non-competition and non-solicitation agreements or restrictions with our employees, independent contractors, and business partners, such agreements may not provide adequate protection or may be breached, or our proprietary technology may otherwise become available to or be independently developed by our competitors. The laws of some foreign countries may not protect proprietary rights or intellectual property to as great an extent as do the laws of the United States. Despite our efforts to protect our proprietary rights, the unauthorized use or reproduction of our trademarks could diminish the value of our trademarks and our market acceptance, competitive advantages, or goodwill, which could adversely affect our business.

Third parties have alleged and may in the future allege that we are infringing, misappropriating, or otherwise violating their intellectual property rights. Third parties may initiate litigation against us without warning or may send us letters or other communications that make allegations without initiating litigation. We may elect not to respond to these letters or other communications if we believe they are without merit, or we may attempt to resolve these disputes out of court by negotiating a license, but in either case it is possible that such disputes will ultimately result in litigation. Any such claims could interfere with our ability to use technology or intellectual property that is material to the operation of our business. Such claims may be made by competitors seeking to obtain a competitive advantage or by other parties, such as entities that purchase intellectual property assets for the purpose of bringing infringement claims. We also periodically employ individuals who were previously employed by our competitors or potential competitors, and we may therefore be subject to claims that such employees have used or disclosed the alleged trade secrets or other proprietary information of their former employers.

In the future, we may have to rely on litigation to enforce our intellectual property rights, protect our trade secrets, determine the validity and scope of the proprietary rights of others, or defend against claims of infringement or invalidity. Any such litigation, whether successful or unsuccessful, could result in substantial costs and the diversion of resources and the attention of management. If unsuccessful, such litigation could result in the loss of important intellectual property rights, require us to pay substantial damages, subject us to injunctions that prevent us from using certain intellectual property, require us to make admissions that affect our reputation in the marketplace, and require us to enter into license agreements that may not be available on favorable terms or at all. Finally, even if we prevail in any litigation, the remedy may not be commercially meaningful or fully compensate us for the harm we suffer or the costs we incur. Any of the foregoing could have a material adverse effect on our business, financial condition and results of operations.

We cannot assure you that we will be able to retain our performers and other entertainment offerings on acceptable terms or at all.

Our properties' entertainment offerings are only under contract for a limited time. For example, Jennifer Lopez's contract expired in 2018 and the contracts for Backstreet Boys and Celine Dion are scheduled to end in 2019. These and other of our performers draw customers to our properties and are a significant source of our revenue. We cannot assure you that we will be able to retain our performers or other shows on acceptable terms or at all. In addition, the third parties that we depend on for our properties' entertainment offerings may become incapable or unwilling to provide their services at the level agreed upon or at all. These and other of our entertainment offerings draw customers to the properties and are a significant source of our revenue.

We extend credit to a portion of our customers, and we may not be able to collect gaming receivables from our credit customers.

We conduct our gaming activities on a credit and cash basis at many of our properties. Any such credit we extend is unsecured. Table games players typically are extended more credit than slot players, and high-stakes players typically are extended more credit than customers who tend to wager lower amounts. High-end gaming is more volatile than other forms of gaming, and variances in win-loss results attributable to high-end gaming may have a significant positive or negative impact on cash flow and earnings in a particular quarter. We extend credit to those customers whose level of play and financial resources warrant, in the opinion of management, an extension of credit. These large receivables could have a significant impact on our results of operations if deemed uncollectible. Gaming debts evidenced by a credit instrument, including what is commonly referred to as a "marker,"

and judgments on gaming debts are enforceable under the current laws of the jurisdictions in which we allow play on a credit basis, and judgments on gaming debts in such jurisdictions are enforceable in all U.S. states under the Full Faith and Credit Clause of the U.S. Constitution. However, other jurisdictions may determine that enforcement of gaming debts is against public policy. Although courts of some foreign nations will enforce gaming debts directly and the assets in the U.S. of foreign debtors may be reached to satisfy a judgment, judgments on gaming debts from U.S. courts are not binding on the courts of many foreign nations.

Acts of terrorism, war, natural disasters, severe weather, and political, economic and military conditions may impede our ability to operate or may negatively impact our financial results.

Terrorist attacks and other acts of war or hostility have created many economic and political uncertainties. For example, a substantial number of the customers of our properties in Las Vegas use air travel. As a result of terrorist acts that occurred on September 11, 2001, domestic and international travel was severely disrupted, which resulted in a decrease in customer visits to our properties in Las Vegas. Visitation to Las Vegas also declined for a period of time following the mass shooting tragedy on October 1, 2017. We cannot predict the extent to which disruptions in air or other forms of travel as a result of any further terrorist act, security alerts or war, uprisings, or hostilities in places such as Iraq, Afghanistan, and/or Syria or other countries throughout the world, and governmental responses to those acts or hostilities, will directly or indirectly impact our business and operating results. For example, our operations in Cairo, Egypt, were negatively affected from the uprising there in January 2011. As a consequence of the threat of terrorist attacks and other acts of war or hostility in the future, premiums for a variety of insurance products have increased, and some types of insurance are no longer available. If any such event were to affect our properties, we would likely be adversely affected.

In addition, natural and man-made disasters such as major fires, floods, severe snowstorms, hurricanes, earthquakes, and oil spills could also adversely impact our business and operating results. Such events could lead to the loss of use of one or more of our properties for an extended period of time and disrupt our ability to attract customers to certain of our gaming facilities. For example, Harrah's Metropolis Hotel & Casino and Horseshoe Southern Indiana each closed in late February 2018 for an extended period of time due to flooding from the Ohio River. In most cases, we have insurance that covers portions of any losses from a natural disaster, but it is subject to deductibles and maximum payouts in many cases. Although we may be covered by insurance from a natural disaster, the timing of our receipt of insurance proceeds, if any, may be out of our control. In some cases, however, we may receive no proceeds from insurance.

Additionally, a natural disaster affecting one or more of our properties may affect the level and cost of insurance coverage we may be able to obtain in the future, which may adversely affect our financial position.

As our operations depend in part on our customers' ability to travel, severe or inclement weather can also have a negative impact on our results of operations.

We have in the past and may in the future incur impairments to goodwill, indefinite-lived intangible assets, or long-lived assets, which could negatively affect our future profits.

We perform our annual goodwill impairment assessment as of October 1. We perform this assessment more frequently if impairment indicators exist. We performed our annual goodwill impairment test by comparing the fair value of each reporting unit with its carrying amount. We determine the estimated fair value of each reporting unit based on a combination of earnings before interest, taxes, depreciation, and amortization ("EBITDA"), valuation multiples, and estimated future cash flows discounted at rates commensurate with the capital structure and cost of capital of comparable market participants, giving appropriate consideration to the prevailing borrowing rates within the casino industry in general. We also evaluate the aggregate fair value of all of our reporting units and other non-operating assets in comparison to our aggregate debt and equity market capitalization at the test date. EBITDA multiples and discounted cash flows are common measures used to value businesses in our industry.

We perform our annual impairment assessment of other non-amortizing intangible assets as of October 1. We perform this assessment more frequently if impairment indicators exist. We determine the estimated fair value of our non-amortizing intangible assets by primarily using the "Relief from Royalty Method" and "Excess Earnings Method" under the income approach.

We review the carrying value of our long-lived assets whenever events and circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. As necessary, we typically estimate the fair value of assets starting with a "Replacement Cost New" approach and then deduct appropriate amounts for both functional and economic obsolescence to arrive at the fair value estimates. Other factors considered by management in performing this assessment may include current operating results, trends, prospects, and third-party appraisals, as well as the effect of demand, competition, and other economic, legal, and regulatory factors.

Declines in our stock price and increases in market yields within our industry, which are both factors used to determine the discount rate, along with downward adjustments to expectations of future performance at certain of our properties and the closure of casino operations at one of our properties outside of Las Vegas resulted in impairment charges during the year ended December 31, 2018. If significant negative industry or economic trends, reduced estimates of future cash flows, disruptions to our business, slower growth rates or lack of growth in our business, or property closures or divestitures occur, we may be required to record additional impairment charges in future periods which may be material.

Work stoppages and other labor problems could negatively impact our future profits.

Some of our employees are represented by labor unions and, accordingly, we are subject to the risk of work stoppages or other labor disruptions from time to time. Approximately half of our hourly team members employed in the U.S. are covered by a collective bargaining agreement (“CBA”). Our CBAs are the product of good faith negotiations with the respective unions that represent employees in many of our facilities.

We currently have 32 CBAs covering various employees in Las Vegas expiring in 2019. Four unions represent the employees covered by 31 of those expiring agreements. Five agreements covering employees outside of Las Vegas were set to expire in 2018. We successfully negotiated renewal agreements for four of the five agreements, and the renewal terms expire in 2021 or later. With respect to the fifth agreement, we concluded negotiations, but the union was eventually decertified and replaced by another union. We anticipate that the new union will soon request to negotiate an agreement. All agreements are subject to automatic extension unless one party gives 60 days’ prior notice of intent to terminate. No such notice has been given. We intend to negotiate renewal agreements or agree to extensions for all CBAs expiring and are hopeful that we will be able to reach agreements with the respective unions without any work stoppage. Work stoppages and other labor disruptions could have a material adverse impact on our operations.

From time to time, we have also experienced attempts by labor organizations to organize certain of our non-union employees. These efforts have achieved some success to date. We cannot provide any assurance that we will not experience additional and successful union activity in the future. The impact of this union activity is undetermined and could negatively impact our profits.

Any deterioration in our reputation or the reputation of our brands could adversely impact our business, financial condition, or results of operations.

Our business is dependent on the quality and reputation of our Company and brands. Events beyond our control could affect the reputation of one or more of our properties or more generally impact our corporate or brand image. Other factors that could influence our reputation include the quality of the services we offer and our actions with regard to social issues such as diversity, human rights and support for local communities. Broad access to social media makes it easy for anyone to provide public feedback that can influence perceptions of us, our brands or our properties. It may be difficult to control or effectively manage negative publicity, regardless of whether it is accurate. Negative events and publicity could quickly and materially damage perceptions of us, our brands or our properties, which, in turn, could adversely impact our business, financial condition or results of operations through loss of customers, loss of business opportunities, lack of acceptance of our company to operate in host communities, employee retention or recruiting difficulties or other difficulties.

We may be subject to material environmental liability, including as a result of unknown environmental contamination.

Our business is subject to certain federal, state, and local environmental, health, and safety laws, regulations, and ordinances that govern activities or operations that may have adverse environmental effects, such as emissions to air, discharges to streams and rivers, and releases of hazardous substances and pollutants into the environment, as well as handling and disposal from municipal/non-hazardous waste, and that also apply to current and previous owners or operators of real estate generally. Federal examples of these laws include the Clean Air Act, the Clean Water Act, the Resource Conservation Recovery Act, the Comprehensive Environmental Response, Compensation and Liability Act, and the Oil Pollution Act of 1990. Our failure to comply with these laws, including any required permits or licenses, could result in substantial fines or possible revocation of our authority to conduct some of our operations. Certain of these laws may impose cleanup responsibility and liability without regard to whether the owner or operator knew of or caused particular contamination or release of hazardous substances and regardless of whether the practices that resulted in the contamination were legal at the time that they occurred. Should unknown contamination be discovered on any of our properties, or should a release of hazardous substances occur on any of our properties, we could be required to investigate and clean up the contamination and could also be held responsible to a governmental entity or third parties for property damage, personal injury, or investigation and cleanup costs incurred in connection with the contamination or release, which may be substantial. Moreover, such contamination may also impair our ability to use or develop the affected property. Such liability could be joint and several in nature, regardless of fault, and could affect us even if such property is vacated. The potential for substantial costs and an inability to use the property could adversely affect our business. New and more stringent environmental, health, and

safety regulations and permit requirements or stricter interpretations of current laws or regulations, such as those related to climate change, could also impose substantial additional costs on our business.

Our insurance coverage may not be adequate to cover all possible losses we could suffer, and, in the future, our insurance costs may increase significantly, or we may be unable to obtain the same level of insurance coverage.

We may suffer damage to our property caused by a casualty loss (such as fire, natural disasters, and acts of war or terrorism) that could severely disrupt our business or subject it to claims by third parties who are injured or harmed. Although we maintain insurance (including property, casualty, terrorism, and business interruption), it may be inadequate or unavailable to cover all of the risks to which our business and assets may be exposed. In several cases, we maintain extremely high deductibles or self-insure against specific losses. Should an uninsured loss (including a loss that is less than our deductible) or loss in excess of insured limits occur, it could have a significant adverse impact on our operations and revenues.

We generally renew our insurance policies on an annual basis. If the cost of coverage becomes too high, we may need to reduce our policy limits or agree to certain exclusions from our coverage in order to reduce the premiums to an acceptable amount. Among other factors, homeland security concerns, other catastrophic events, or any change in the current U.S. statutory requirement that insurance carriers offer coverage for certain acts of terrorism could adversely affect available insurance coverage and result in increased premiums on available coverage (which may cause us to elect to reduce our policy limits) and additional exclusions from coverage. Among other potential future adverse changes, in the future we may elect to not, or may be unable to, obtain any coverage for losses due to acts of terrorism.

The success of third parties adjacent to our properties is important to our ability to generate revenue and operate our business and any deterioration to their success could materially adversely affect our revenue and result of operations.

In certain cases, we do not own the businesses and amenities adjacent to our properties. However, the adjacent third-party businesses and amenities stimulate additional traffic through our complexes, including the casinos, which are our largest generators of revenue. Any decrease in the popularity of, or the number of customers visiting, these adjacent businesses and amenities may lead to a corresponding decrease in the traffic through our complexes, which would negatively affect our business and operating results. Further, if newly opened properties are not as popular as expected, we will not realize the increase in traffic through our properties that we expect as a result of their opening, which would negatively affect our business projections.

We may require additional capital to support business growth, and this capital might not be available on acceptable terms or at all.

We intend to continue to make significant investments to support our business growth and may require additional funds to respond to business challenges, expand into new markets, improve our operating infrastructure, or acquire complementary businesses, personnel, and technologies. Accordingly, we may need to engage in equity or debt financings to secure additional funds. Any debt financing we secure in the future could involve restrictive covenants relating to capital raising activities and other financial and operational matters, which may make it more difficult to obtain additional capital and to pursue business opportunities, including potential acquisitions. We may not be able to obtain additional financing on favorable terms, if at all. There can be no assurances that we could pursue a future offering of securities or enter into a new credit facility at an appropriate price and/or terms to raise the necessary financing. If we are unable to obtain adequate financing or financing on terms satisfactory to us when required, our ability to continue to support our business growth and to respond to business challenges could be significantly impaired, which could have a material adverse effect on our business, financial condition, and operating results.

Our obligation to contribute to multi-employer pension plans, or discontinuance of such obligations, may have an adverse impact on us.

We contribute to and participate in various multi-employer pension plans for employees represented by certain unions. We are required to make contributions to these plans in amounts established under CBAs. We do not administer these plans and, generally, are not represented on the boards of trustees of these plans. The Pension Protection Act enacted in 2006 (the “PPA”) requires under-funded pension plans to improve their funding ratios. Based on the information available to us, some of the multi-employer plans to which we contribute are either “critical” or “endangered” as those terms are defined in the PPA. Specifically, the HEREIU Intermediary Plan (a spin-off of the Pension Plan of the UNITE HERE National Retirement Fund, effective January 1, 2018) is less than 65% funded. We cannot determine at this time the amount of additional funding, if any, we may be required to make to these plans. However, plan assessments could have an adverse impact on our results of operations or cash flows for a given period. Furthermore, under current law, upon the termination of a multi-employer pension plan, due to the withdrawal of all its contributing employers (a mass withdrawal), or in the event of a withdrawal by us, which we consider from time to time, we would be required to make payments to the plan for our proportionate share of the plan’s unfunded vested liabilities, and that would have a material adverse impact on our consolidated financial condition, results of operations, and cash flows.

Future sales or the possibility of future sales of a substantial amount of our common stock may depress the price of shares of our common stock.

Future sales or the availability for sale of substantial amounts of our common stock in the public market could adversely affect the prevailing market price of our common stock and could impair our ability to raise capital through future sales of equity securities.

As of February 19, 2019, there were 670 million shares of our common stock outstanding, all of which are the same class of voting common stock. All of the outstanding shares of our common stock will be eligible for resale under Rule 144 or Rule 701 of the Securities Act of 1933, as amended (“Securities Act”), subject to volume limitations, applicable holding period requirements or other contractual restrictions.

In connection with the CAC Merger, the Plan, and CEOC’s emergence from bankruptcy, we issued a significant number of shares of our common stock and a significant amount of notes that are convertible into shares of our common stock. We may issue shares of common stock or other securities from time to time as consideration for future acquisitions and investments or for any other reason that our Board of Directors deems advisable. If any such acquisition or investment is significant, the number of shares of our common stock, or the number or aggregate principal amount, as the case may be, of other securities that we may issue may in turn be substantial. We may also grant registration rights covering those shares of common stock or other securities in connection with any such acquisitions and investments.

We cannot predict the size of future issuances of our common stock or other securities or the effect, if any, that future issuances and sales of our common stock or other securities will have on the market price of our common stock. Sales of substantial amounts of common stock (including shares of common stock issued in connection with an acquisition), or the perception that such sales could occur, may adversely affect prevailing market prices for our common stock.

The price and trading volume of our common stock may fluctuate significantly.

The market price of our common stock may be highly volatile and could be subject to wide fluctuations. In addition, the trading volume of our common stock may fluctuate and cause significant price variations to occur. Volatility in the market price of our common stock may prevent a holder of our common stock from being able to sell their shares. The market price for our common stock could fluctuate significantly for various reasons, including:

- our operating and financial performance and prospects;
- our quarterly or annual earnings or those of other companies in our industry;
- conditions that impact demand for our products and services;
- the public’s reaction to our press releases, other public announcements and filings with the SEC;
- changes in earnings estimates or recommendations by securities analysts who track our common stock;
- market and industry perception of our success, or lack thereof, in pursuing our growth strategy;
- strategic actions by us or our competitors, such as acquisitions or restructurings;
- changes in government and environmental regulation, including gaming taxes;
- changes in accounting standards, policies, guidance, interpretations, or principles;
- arrival and departure of key personnel;
- changes in our capital structure;
- sales of common stock by us or members of our management team;
- the expiration of contractual lockup agreements; and
- changes in general market, economic, and political conditions in the United States and global economies or financial markets, including those resulting from natural disasters, terrorist attacks, acts of war, and responses to such events.

In addition, the stock market experiences significant price and volume fluctuations. This volatility has had a significant impact on the market price of securities issued by many companies, including companies in the gaming, lodging, hospitality, and entertainment industries. The changes frequently appear to occur without regard to the operating performance of the affected companies. Hence,

the price of our common stock could fluctuate based upon factors that have little or nothing to do with us, and these fluctuations could materially reduce our share price.

Holders of our common stock should not expect to receive dividends on shares of our common stock.

We have no present plans to pay cash dividends to our stockholders and, for the foreseeable future, intend to retain all of our earnings for use in our business. The declaration of any future dividends by us is within the discretion of our Board of Directors and will be dependent on our earnings, financial condition and capital requirements, as well as any other factors deemed relevant by our Board of Directors.

Our actual financial results after CEOC's emergence from bankruptcy may not be comparable to our historical financial information as a result of the implementation of the Plan and the transactions contemplated thereby.

In connection with the disclosure statement CEOC filed with the Bankruptcy Court, and the hearing to consider confirmation of the Plan, CEOC prepared projected financial information to demonstrate to the Bankruptcy Court the feasibility of the Plan and CEOC's ability to continue operations upon its emergence from bankruptcy. In connection with the proxy statement/prospectus relating to the merger of CAC and CEC filed with the SEC, we also disclosed certain projections. These projections were prepared solely for the purpose for which they were filed and have not been, and will not be, updated on an ongoing basis and should not be relied upon by investors. Although the financial projections disclosed in the disclosure statement filed with the Bankruptcy Court and the proxy statement/prospectus relating to the merger of CAC and CEC represented certain views based on then current known facts and assumptions about the future operations of CEOC and the Company, there is no guarantee that the financial projections will be realized. We may not be able to meet the projected financial results or achieve projected revenues and cash flows assumed in projecting future business prospects. To the extent we do not meet the projected financial results or achieve projected revenues and cash flows, we may lack sufficient liquidity to continue operating as planned and may be unable to service our debt obligations as they come due or may not be able to meet our operational needs. Any one of these failures may preclude us from, among other things: (a) taking advantage of future opportunities; (b) growing our businesses; or (c) responding to future changes in the gaming industry. Further, our failure to meet the projected financial results or achieve projected revenues and cash flows could lead to cash flow and working capital constraints, which constraints may require us to seek additional working capital. We may not be able to obtain such working capital, when it is required.

PRIVATE SECURITIES LITIGATION REFORM ACT

This Form 10-K contains or may contain “forward-looking statements” intended to qualify for the safe harbor from liability established by the Private Securities Litigation Reform Act of 1995. These statements can be identified by the fact that they do not relate strictly to historical or current facts. We have based these forward-looking statements on our current expectations about future events. Further, statements that include words such as “may,” “will,” “project,” “might,” “expect,” “believe,” “anticipate,” “intend,” “could,” “would,” “estimate,” “continue,” “present,” or “pursue,” or the negative of these words or other words or expressions of similar meaning may identify forward-looking statements. These forward-looking statements are found at various places throughout this report. These forward-looking statements, including, without limitation, those relating to future actions, new projects, strategies, future performance, the outcome of contingencies such as legal proceedings, and future financial results, wherever they occur in this report, are necessarily estimates reflecting the best judgment of our management and involve a number of risks and uncertainties that could cause actual results to differ materially from those suggested by the forward-looking statements. These forward-looking statements should, therefore, be considered in light of various important factors set forth above and from time to time in our filings with the Securities and Exchange Commission.

In addition to the risk factors set forth above, important factors that could cause actual results to differ materially from estimates or projections contained in the forward-looking statements include without limitation:

- our ability to respond to changes in the industry, particularly digital transformation, and to take advantage of the opportunity for legalized sports betting in multiple jurisdictions in the United States (which may require third-party arrangements and/or regulatory approval);
- development of our announced convention center in Las Vegas, CAESARS FORUM, and certain of our other announced projects are subject to risks associated with new construction projects, including those described below;
- we may not be able to realize the anticipated benefits of our acquisition of Centaur, including anticipated benefits from introducing table games to the acquired properties which is subject to approvals and may not occur;
- the impact of our operating structure following CEOC’s emergence from bankruptcy;
- the effects of local and national economic, credit, and capital market conditions on the economy, in general, and on the gaming industry, in particular;
- the effect of reductions in consumer discretionary spending due to economic downturns or other factors and changes in consumer demands;
- the ability to realize improvements in our business and results of operations through our property renovation investments, technology deployments, business process improvement initiatives, and other continuous improvement initiatives;
- the ability to take advantage of opportunities to grow our revenue;
- the ability to use NOLs to offset future taxable income as anticipated;
- the ability to realize all of the anticipated benefits of current or potential future acquisitions;
- the ability to effectively compete against our competitors;
- the financial results of our consolidated businesses;
- the impact of our substantial indebtedness, including its impact on our ability to raise additional capital in the future and react to changes in the economy, and lease obligations and the restrictions in our debt and lease agreements;
- the ability to access available and reasonable financing or additional capital on a timely basis and on acceptable terms or at all, including our ability to refinance our indebtedness on acceptable terms;
- the ability of our customer tracking, customer loyalty, and yield management programs to continue to increase customer loyalty and hotel sales;
- changes in the extensive governmental regulations to which we are subject and (i) changes in laws, including increased tax rates, smoking bans, regulations, or accounting standards; (ii) third-party relations; and (iii) approvals, decisions, disciplines and fines of courts, regulators, and governmental bodies;

- compliance with the extensive laws and regulations to which we are subject, including applicable gaming laws, the Foreign Corrupt Practices Act and other anti-corruption laws, and the Bank Secrecy Act and other anti-money laundering laws;
- our ability to recoup costs of capital investments through higher revenues;
- growth in consumer demand for non-gaming offerings;
- abnormal gaming holds (“gaming hold” is the amount of money that is retained by the casino from wagers by customers);
- the effects of competition, including locations of competitors, growth of online gaming, competition for new licenses, and operating and market competition;
- our ability to protect our intellectual property rights and damages caused to our brands due to the unauthorized use of our brand names by third parties in ways outside of our control;
- the ability to timely and cost-effectively integrate companies that we acquire into our operations;
- the ability to execute on our brand licensing and management strategy is subject to third-party agreements and other risks associated with new projects;
- not being able to realize all of our anticipated cost savings;
- the potential difficulties in employee retention, recruitment, and motivation, including in connection with our Chief Executive Officer transition;
- our ability to retain our performers or other entertainment offerings on acceptable terms or at all;
- the risk of fraud, theft, and cheating;
- seasonal fluctuations resulting in volatility and an adverse effect on our operating results;
- any impairments to goodwill, indefinite-lived intangible assets, or long-lived assets that we may incur;
- construction factors, including delays, increased costs of labor and materials, availability of labor and materials, zoning issues, environmental restrictions, soil and water conditions, weather and other hazards, site access matters, and building permit issues;
- the impact of adverse legal proceedings and judicial and governmental body actions, including gaming legislative action, referenda, regulatory disciplinary actions, and fines and taxation;
- acts of war or terrorist incidents, severe weather conditions, uprisings, or natural disasters, including losses therefrom, losses in revenues and damage to property, and the impact of severe weather conditions on our ability to attract customers to certain facilities of ours;
- fluctuations in energy prices;
- work stoppages and other labor problems;
- our ability to collect on credit extended to our customers;
- the effects of environmental and structural building conditions relating to our properties and our exposure to environmental liability, including as a result of unknown environmental contamination;
- a disruption, failure, or breach of our network, information systems, or other technology, or those of our vendors, on which we are dependent;
- risks and costs associated with protecting the integrity and security of internal, employee, and customer data;
- access to insurance for our assets on reasonable terms;
- the impact, if any, of unfunded pension benefits under multi-employer pension plans; and
- the other factors set forth under Item 1A, “Risk Factors.”

You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this Form 10-K. We undertake no obligation to publicly update or release any revisions to these forward-looking statements to reflect events or circumstances after the date of this Form 10-K or to reflect the occurrence of unanticipated events, except as required by law.

ITEM 3. Legal Proceedings

From time to time, we are a defendant in various lawsuits or other legal proceedings relating to matters incidental to our business. Some of these matters involve commercial or contractual disputes, intellectual property claims, legal compliance, personal injury claims, and employment claims. As with all legal proceedings, no assurance can be provided as to the outcome of these matters and in general, legal proceedings can be expensive and time consuming. We may not be successful in the defense or prosecution of these lawsuits, which could result in settlements or damages that could significantly impact our business, financial condition, and results of operations. See Note 11 for full details of the litigation matters.

ITEM 4. Mine Safety Disclosures

Not applicable.

PART II

ITEM 5. Market for the Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities

Our common stock trades on The NASDAQ Stock Market under the ticker symbol "CZR."

As of February 19, 2019, there were 670,136,264 shares of common stock issued and outstanding that were held by approximately 1,450 stockholders of record.

Except as described below, there have not been any sales by CEC of equity securities during the years ended December 31, 2018, 2017, or 2016 that have not been registered under the Securities Act.

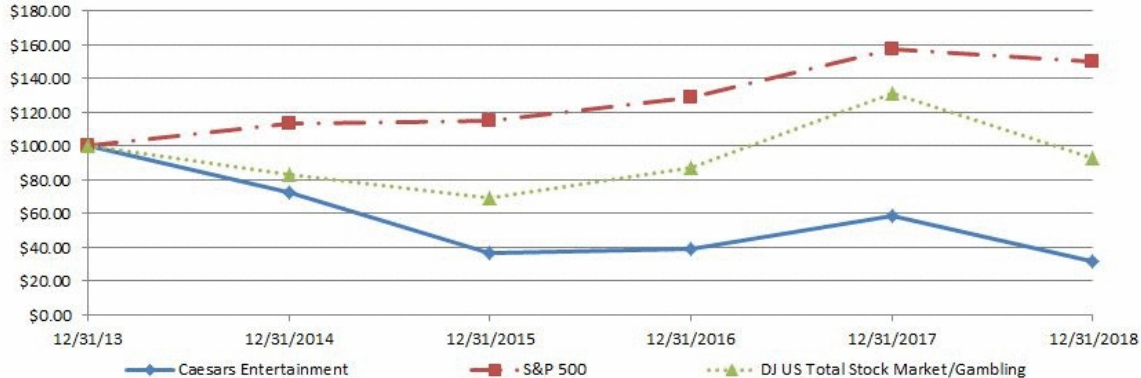

Purchases of Equity Securities by the Issuer and Affiliated Purchasers

On May 2, 2018, the Company announced that our Board of Directors authorized a Share Repurchase Program (the "Repurchase Program") to repurchase up to \$500 million of the Company's common stock. On August 10, 2018, the Company announced that our Board of Directors increased its share repurchase authorization to \$750 million of our common stock. Repurchases may be made at the Company's discretion from time to time on the open market or in privately negotiated transactions. The Repurchase Program has no time limit, does not obligate the Company to make any repurchases, and may be suspended for periods or discontinued at any time. Any shares acquired are available for general corporate purposes. During the year ended December 31, 2018, we repurchased approximately 31 million shares for approximately \$311 million under the program recorded in Treasury stock. During the three months ended December 31, 2018, there were no shares repurchased under the program. As of December 31, 2018, the maximum dollar value that may still be purchased under the program was \$439 million.

Performance Graph

The graph depicted below compares the cumulative total stockholder return on our common stock with the cumulative total return on the Standard & Poor's 500 Stock Index ("S&P 500") and the Dow Jones U.S. Gambling Total Stock Market Index ("Dow Jones U.S. Gambling") for the period beginning on December 31, 2013 and ending on December 31, 2018. NASDAQ OMX furnished the data. The performance graph assumes a \$100 investment in our stock and each of the two indices, respectively, on December 31, 2013, and that all dividends were reinvested. Stock price performance, presented for the period from December 31, 2013 to December 31, 2018, is not necessarily indicative of future results.

The performance graph should not be deemed filed or incorporated by reference into any other of our filings under the Securities Act or the Exchange Act, unless we specifically incorporate the performance graph by reference therein.

Equity Compensation Plan Information

We maintain a long-term incentive plan for management, other personnel, and key service providers. The plan allows for granting stock-based compensation awards, including time-based and performance-based stock options, restricted stock units (“RSU”), restricted stock awards, performance stock units (“PSU”), stock grants, or a combination of awards. See Note 16 for a description of our stock-based compensation plan. The following table provides information relating to shares of our common stock that are authorized for issuance under the Company’s equity compensation plan as of December 31, 2018.

| Plan Category | Number of securities to be issued upon exercise of outstanding options, warrants and rights ⁽¹⁾ (a) | Weighted-average exercise price of outstanding options, warrants and rights ⁽²⁾ (b) | Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c) |
|--|---|---|--|
| Equity compensation plans approved by security holders | 23,281,640 | \$ 10.63 | 8,982,929 |

⁽¹⁾ Includes (a) 8,360,365 shares of common stock issuable upon exercise of outstanding options with a weighted-average exercise price of \$10.63, and (b) 14,921,275 unvested RSUs and PSUs.

⁽²⁾ RSUs and PSUs do not have an exercise price and therefore are not included in the calculation of the weighted-average exercise price.

Issuance of CEC Common Stock to Certain Creditors of the Debtors

Consideration to support the reorganization of CEC that was provided by CEC as of the Effective Date included 268 million shares of CEC common stock (valued at \$12.80 per share), consideration provided by CEC to acquire OpCo on the Effective Date included 139 million shares of CEC common stock (valued at \$12.80 per share), and CEC deposited approximately 8 million shares of CEC common stock (valued at \$12.80 per share) into an escrow account in order to satisfy obligations related to unresolved claims that are subject to the bankruptcy claims reconciliation process to be distributed to unsecured claims (excluding debt claims) as they become allowed. These transactions were not registered under the Securities Act and are exempt from the registration requirements of the Securities Act pursuant to Section 1145 of the Bankruptcy Reform Act of 1978 (the “Bankruptcy Code”). See Note 1 for additional information.

Transactions Related to our CEC Convertible Notes

On the Effective Date, CEC issued \$1.1 billion aggregate principal amount of 5.00% convertible senior notes maturing in 2024 to the creditors of CEC pursuant to the terms of the Plan. The CEC Convertible Notes were issued pursuant to the Indenture, dated as of October 6, 2017, between CEC and Delaware Trust Company, as trustee. As of December 31, 2018, an immaterial amount of the CEC Convertible Notes were converted into shares of CEC common stock. The issuance of the CEC Convertible Notes and the CEC common stock issued upon conversion thereof were not registered under the Securities Act and are exempt from the registration requirements of the Securities Act pursuant to Section 1145 of the Bankruptcy Code. See Note 12 for additional information.

⁽²⁾ 2015 reflects the deconsolidation of CEOC (see Note 1).

⁽³⁾ 2014 financial information has not been recast for our adoption of Accounting Standards Update 2014-09 and therefore, is not comparable to the 2015 through 2018 financial information.

⁽⁴⁾ See Note 19.

⁽⁵⁾ See Note 12.

⁽⁶⁾ See Note 10.

⁽⁷⁾ The decrease in 2014 was primarily due to the sale and grant of CEOC shares in May 2014, which reduced CEC’s ownership to approximately 89%.

ITEM 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

In this filing, the name "CEC" refers to the parent holding company, Caesars Entertainment Corporation, exclusive of its consolidated subsidiaries and variable interest entities, unless otherwise stated or the context otherwise requires. The words "Company," "Caesars," "Caesars Entertainment," "we," "our," and "us" refer to Caesars Entertainment Corporation, inclusive of its consolidated subsidiaries and variable interest entities, unless otherwise stated or the context otherwise requires.

We also refer to (i) our Consolidated Financial Statements as our "Financial Statements," (ii) our Consolidated Statements of Operations and Consolidated Statements of Comprehensive Income/(Loss) as our "Statements of Operations," (iii) our Consolidated Balance Sheets as our "Balance Sheets," and (iv) our Consolidated Statements of Cash Flows as our "Statements of Cash Flows." References to numbered "Notes" refer to Notes to our Consolidated Financial Statements included in Item 8.

The following discussion should be read in conjunction with, and is qualified in its entirety by, the audited consolidated financial statements and the notes thereto and other financial information included elsewhere in this Form 10-K.

The statements in this discussion regarding our expectations of our future performance, liquidity and capital resources, and other non-historical statements are forward-looking statements. These forward-looking statements are subject to numerous risks and uncertainties. Our actual results may differ materially from those contained in or implied by any forward-looking statements. See Item 1A, "Risk Factors—PRIVATE SECURITIES LITIGATION REFORM ACT," of this report.

Overview

CEC is primarily a holding company with no independent operations of its own. CEC operates its business primarily through its wholly owned subsidiaries CEOC, LLC ("CEOC LLC") and Caesars Resort Collection, LLC ("CRC").

We lease certain real property assets from VICI Properties Inc. and/or its subsidiaries (collectively, "VICI").

We view each property as an operating segment and aggregate such properties into three regionally-focused reportable segments: (i) Las Vegas, (ii) Other U.S., and (iii) All Other, which is consistent with how we manage the business. The way in which Caesars management assesses results and allocates resources is aligned with these segments. See Part I, Item 2, "Properties" and Note 21.

Summary of Significant Events

The following are the significant events and drivers of performance. Accordingly, the remainder of the discussion and analysis of results in this Item 7 should be read in conjunction with this summary.

Year Ended December 31, 2018

Failed Sale-Leaseback Financing Obligations

Our leases with VICI were evaluated as a sale-leaseback of real estate, and we determined that these transactions did not qualify for sale-leaseback accounting. The amount recognized for depreciation expense and interest expense substantially exceeds our periodic rental payments for most of CEOC LLC's leases with VICI as a result of the majority of the failed sale-leaseback obligations being initially recognized at an amount equal to the fair value of the leased properties when Caesars Entertainment Operating Company, Inc. ("CEOC") emerged from bankruptcy. The table below presents the activity for the period.

| | Year Ended December 31, 2018 | | | Year Ended December 31, 2017 | | |
|--------------------------|------------------------------|------------------|--------------------------------|------------------------------|------------------|-----------------|
| | Depreciation Expense | Interest Expense | Rental Payments ⁽¹⁾ | Depreciation Expense | Interest Expense | Rental Payments |
| <i>(In millions)</i> | | | | | | |
| Harrah's Las Vegas lease | \$ 15 | \$ 77 | \$ 80 | \$ — | \$ 2 | \$ 10 |
| CEOC LLC leases | 475 | 801 | 645 | 118 | 185 | 204 |
| Total | \$ 490 | \$ 878 | \$ 725 | \$ 118 | \$ 187 | \$ 214 |

⁽¹⁾ Rental payments for CEOC LLC leases exclude a nonrecurring \$159 million payment relating to the modifications to certain of our existing lease agreements with VICI. See Note 1.

Caesars Bluewaters Dubai

In 2018, we opened our first non-gaming properties, including two beachfront luxury resorts, a beach club, and a residential tower on Meraas' Bluewaters Island in Dubai. These properties are managed by us. We made a \$20 million initial key money investment to the development which we will amortize over the 20 year term of the management agreement.

New Transactions with VICI

Harrah's Philadelphia Real Estate Sale and Leaseback

On December 26, 2018, we sold all land and real property improvements used in the operation of Harrah's Philadelphia Casino and Racetrack ("Harrah's Philadelphia") as part of a sale and leaseback transaction with VICI for \$242 million. We continue to operate Harrah's Philadelphia under the terms of a long-term lease agreement relating to certain of our other domestic properties included in CEOC LLC leases in the table above. We determined that this transaction did not qualify for sale-leaseback accounting. The Harrah's Philadelphia real estate assets remain on our Balance Sheet at their historical net book value and are depreciated over their remaining useful lives, while a financing obligation was recognized for the proceeds received. See Note 10 for additional information.

Modifications to Lease Agreements with VICI

In connection with the Octavius Tower sale discussed below and the Harrah's Philadelphia transaction discussed above, on December 26, 2018, the Company and VICI consummated modifications to certain of our existing lease agreements for consideration of \$159 million to VICI, which reduced our financing obligation. The modifications, among other things, bring certain of the lease terms into alignment with other master leases in the sector and the long-term performance of the properties and create additional flexibility to facilitate our future development strategies. See Note 10 for additional information.

Sale of Octavius Tower at Caesars Palace

On July 11, 2018, we sold Octavius Tower at Caesars Palace ("Octavius Tower") to VICI for \$508 million in cash. Proceeds from the transaction were used to partially fund the closing of CEC's acquisition of Centaur Holdings, LLC ("Centaur"). We continue to operate the Octavius Tower under the current terms of the long-term lease agreement with VICI relating to Caesars Palace included in CEOC LLC leases in the table above. We determined that this transaction did not qualify for sale-leaseback accounting. The Octavius Tower real estate assets remain on our Balance Sheet at their historical net book value and are depreciated over their remaining useful lives, while a financing obligation was recognized for the proceeds received. See Note 10 for additional information.

Acquisition of Centaur Holdings, LLC

On July 16, 2018, we completed the acquisition of Centaur. Centaur operated Hoosier Park Racing & Casino in Anderson, Indiana, and Indiana Grand Racing & Casino in Shelbyville, Indiana. See Note 4 for additional information.

Share Repurchase Program

On May 2, 2018, the Company announced that our Board of Directors authorized a Share Repurchase Program (the "Repurchase Program") to repurchase up to \$500 million of our common stock. On August 10, 2018, the Company announced that our Board of Directors increased its share repurchase authorization to \$750 million of our common stock. Repurchases may be made at the Company's discretion from time to time on the open market or in privately negotiated transactions. The Repurchase Program has no time limit, does not obligate the Company to make any repurchases, and may be suspended for periods or discontinued at any time. Any shares acquired are available for general corporate purposes. During the year ended December 31, 2018, we repurchased approximately 31 million shares for approximately \$311 million under the program recorded in Treasury stock.

Adoption of New Revenue Recognition Standard

On January 1, 2018, we adopted the new accounting standard Accounting Standards Update 2014-09, *Revenue from Contracts with Customers*, and all related amendments using the full retrospective method and have recast revenue and expenses for all prior periods presented. See Note 15 for additional information.

Year Ended December 31, 2017

CEOC's Emergence from Bankruptcy and CEC's Merger with Caesars Acquisition Company

CEOC and certain of its U.S. subsidiaries emerged from bankruptcy and consummated their reorganization pursuant to their third amended joint plan of reorganization (the "Plan") on October 6, 2017 (the "Effective Date"). As part of its emergence from bankruptcy, CEOC reorganized into an operating company ("OpCo") separate from its real property assets. OpCo was acquired by CEC on the Effective Date and immediately merged with and into CEOC LLC. CEOC LLC operates the properties and facilities formerly held by CEOC and leases the properties and facilities from VICI, which are accounted for as failed sale-leaseback transactions (see Failed Sale-Leaseback Financing Obligations above). As a result of CEC's acquisition of the operating company and the subsequent merger of the operating company with and into CEOC LLC, CEC's consolidated financial results include the results of the operating company subsequent to the Effective Date. See Note 1 and Note 2.

CEOC LLC Operating Results

| Other income | 78 | 2 |
| Net loss, net of income taxes | (400) | (164) |
| Net loss attributable to Caesars | (403) | (164) |

On the Effective Date, Caesars Acquisition Company ("CAC") merged with and into CEC, with CEC as the surviving company (the "CAC Merger"). The CAC Merger was accounted for as a reorganization of entities under common control, which resulted in CAC being consolidated into Caesars at book value as an equity transaction for all periods presented (see Note 2).

Other Events and Transactions

On December 22, 2017, we sold the real estate assets of Harrah's Las Vegas for approximately \$1.1 billion as part of a sale and leaseback transaction with VICI. See Note 10 for additional information.

Debt Activity

During the year ended December 31, 2017, proceeds received from the issuance of new debt was \$7.6 billion and cash paid to extinguish debt was \$7.8 billion. In addition, as part of the acquisition of OpCo, we assumed \$1.2 billion in debt that was issued in connection with CEOC's emergence from bankruptcy. See Note 12 for additional information on our debt transactions.

Horseshoe Baltimore Deconsolidation

As of August 31, 2017, Horseshoe Baltimore was deconsolidated and is accounted for as an equity method investment subsequent to the deconsolidation. Upon deconsolidation, we derecognized total assets and liabilities of \$350 million and \$356 million, respectively, including long-term debt totaling \$294 million. The equity method investment was recorded at its estimated fair value of \$28 million, and we recognized a gain on deconsolidation of \$31 million. See Note 2 for further details.

Year Ended December 31, 2016

Sale of the SMG Business

On September 23, 2016, Caesars Interactive Entertainment (“CIE”) sold its social and mobile games business (the “SMG Business”) to Alpha Frontier Limited (“Alpha Frontier”) for cash consideration of \$4.4 billion, pursuant to the Stock Purchase Agreement dated as of July 30, 2016 (the “Purchase Agreement”), which resulted in a pre-tax gain of approximately \$4.2 billion. The SMG Business represented the majority of CIE’s operations and was classified as discontinued operations effective beginning in the third quarter of 2016. See “Discontinued Operations, net of Income Taxes” in the Discussion of Operating Results section below and Note 19 for further details.

Upon closing the sale of the SMG Business, all outstanding CIE stock-based compensation awards were deemed fully vested and subsequently canceled in return for the right to receive a cash payment. CIE’s stock-based compensation expense directly identifiable with employees of the SMG Business included in Discontinued operations was \$264 million during the year ended December 31, 2016. Stock-based compensation expense not directly identifiable with employees of the SMG Business was \$189 million during the year ended December 31, 2016 and was included in property, general, administrative, and other in the Statements of Operations. In 2018 and 2017, there were no amounts related to CIE’s stock-based compensation expense.

Approximately \$259 million was held as of December 31, 2016 in an escrow account to fund potential indemnity claims of Alpha Frontier under the Purchase Agreement. In the third quarter of 2017, the escrow funds were released to CIE and \$63 million was distributed to the minority investors and former holders of CIE equity awards.

Discussion of Operating Results

Segment results in this Management’s Discussion and Analysis of Financial Condition and Results of Operations are presented consistent with the way Caesars’ management assesses the Company’s results and allocates resources, which is a consolidated view that adjusts for the effect of certain transactions related to reportable segments within Caesars. We view each property as an operating segment and aggregate such properties into three regionally-focused reportable segments: (i) Las Vegas, (ii) Other U.S., and (iii) All Other. “All Other” includes managed, international and other properties as well as parent and other adjustments to reconcile to consolidated Caesars results.

Analysis of Key Drivers of Consolidated Operating Results

The following represents the discussion and analysis of the results of operations and key metrics focusing on the key drivers of performance.

Analysis of Key Drivers of Revenue Performance

Our gaming-related revenues, rooms revenues, and operating performance are dependent upon the volume and spend behavior of customers at our resort properties, which affects the price we can charge for our hotel rooms and other amenities, and directly affects our gaming volumes. Our food and beverage revenues are generated primarily from our buffets, restaurants, bars, nightclubs, and lounges located throughout our casinos, as well as banquets and room service. Our other revenues are generated primarily from third-party real estate leasing arrangements at our properties, revenue from company-operated retail stores, revenue from parking, revenue from our entertainment venues and The High Roller observation wheel and, subsequent to the Effective Date, revenue earned from CEOC LLC's casino management service fees and reimbursed management costs charged to third parties.

Complimentaries

As part of our normal business operations, we often provide lodging, transportation, food and beverage, entertainment and other goods and services to our customers at no additional charge. Alternatively, Reward Credits can be redeemed for these services. Both are considered complimentaries. Such complimentaries are provided in conjunction with other revenue-earning activities

and are generally provided to encourage additional customer spending on those activities. The table below represents the amounts recorded within net revenues above relating to these complimentarys.

Cash ADR ⁽¹⁾
Years Ended December 31, 2016, 2017, and 2018

⁽¹⁾ Cash average daily rate ("cash ADR") is a key indicator by which we evaluate the performance of our properties and is determined by rooms revenues and rooms occupied. 2016 and 2017 excludes CEOC's results prior to the Effective Date.

Year Ended December 31, 2018 versus 2017

Net revenue increased \$3.5 billion, or 72.4%, in 2018 compared with 2017 primarily due to the consolidation of CEOC LLC's results following the Effective Date, which contributed an incremental \$3.5 billion to net revenues, partially offset by a decrease of \$190 million in net revenue due to the deconsolidation of Horseshoe Baltimore's results subsequent to August 31, 2017. In addition to the effect of CEOC LLC and Horseshoe Baltimore, net revenues increased \$228 million primarily due to the following:

- Casino revenues increased \$178 million in 2018 compared with 2017 primarily due to the acquisition of Centaur, which contributed \$209 million in the Other U.S. region. This was partially offset by a decrease in the Las Vegas region primarily due to higher complimentarys.

- Other revenue increased \$39 million in 2018 compared with 2017 primarily due to increases in valet and self-parking revenues as well as increases in retail and lease revenues in the Las Vegas region.
- Rooms revenues increased \$4 million in 2018 compared with 2017 and Caesars cash ADR increased from \$145 in 2017 to \$155 in 2018, primarily due to an increase in resort fee revenue in the Las Vegas region.

Year Ended December 31, 2017 versus 2016

Net revenue increased \$991 million, or 25.6%, in 2017 compared with 2016 primarily due to the consolidation of CEOC LLC's results following the Effective Date, which contributed \$1.0 billion to net revenues, partially offset by a decrease of \$143 million in net revenue due to the deconsolidation of Horseshoe Baltimore's results subsequent to August 31, 2017. In addition to the effect of CEOC LLC and Horseshoe Baltimore, net revenues increased by \$105 million primarily due to the following:

- Casino revenues increased \$60 million in 2017 compared with 2016 primarily resulting from increases in gaming volume and gross casino hold.
- Rooms revenues increased \$6 million in 2017 compared with 2016 resulting from an increase in resort fees and occupancy rates, as well as improved hotel yield. Rooms revenues also benefitted from completed room renovations at certain properties in the Las Vegas region, which resulted in an increase in Caesars cash ADR from \$136 in 2016 to \$145 in 2017.
- Other revenue increased \$47 million in 2017 compared with 2016 primarily due to revenue from valet and self-parking fees that were fully implemented in Las Vegas in April 2017, as well as amounts related to a sub-license agreement extending the right to use various brands of Caesars Entertainment in connection with social and mobile games to the buyer of the SMG Business.

Year Ended December 31, 2018 versus 2017

Income from operations increased \$202 million, or 37.6%, in 2018 compared with 2017 primarily due to the consolidation of CEOC LLC's results following the Effective Date, which contributed an incremental \$219 million to income from operations, partially offset by a decrease of \$16 million in income from operations due to the deconsolidation of Horseshoe Baltimore's results subsequent to August 31, 2017. In addition to the effect of CEOC LLC and Horseshoe Baltimore, income from operations decreased \$1 million primarily due to the following:

- Net revenues increased \$228 million in 2018 compared with 2017 as explained above.
- This increase was offset by an increase in operating expenses of \$229 million in 2018 compared with 2017 primarily due to the acquisition of Centaur which contributed \$177 million to the increase. In addition to the effect of Centaur, operating expenses increased \$52 million due to the following:
 - Other operating costs increased \$54 million primarily due to \$20 million related to lease termination costs, a \$10 million loss on asset sales in 2018, and \$8 million in acquisition costs for Centaur. In addition, during 2017, CEC benefitted from the reimbursement of \$19 million for amounts related to the Korea joint venture development that were previously written off. These were partially offset by a decrease in legal fees of \$10 million in 2018 compared with 2017.
 - Depreciation and amortization increased \$23 million primarily due to significant additions to property and equipment that began depreciating upon the completion of major renovation projects at certain Las Vegas properties in 2018.
 - These increases were partially offset by a decrease of \$36 million in direct expenses primarily due to operating efficiencies driven by lower marketing and labor costs.

Year Ended December 31, 2017 versus 2016

Income from operations increased \$311 million, or 137.6%, in 2017 compared with 2016 partially due to the consolidation of CEOC LLC's results following the Effective Date, which contributed \$52 million to income from operations, partially offset by a \$21 million decrease in income from operations due to the deconsolidation of Horseshoe Baltimore's results subsequent to August 31, 2017. In addition to the effect of CEOC LLC and Horseshoe Baltimore, income from operations increased \$280 million primarily due to the following:

- Net revenues increased \$105 million in 2017 compared with 2016 as explained above.
- Property, general, administrative, and other expenses decreased as a result of CIE's stock-based compensation expense recorded in the prior year of \$189 million compared with no CIE stock-based compensation recognized in 2017.
- Other operating costs decreased \$23 million primarily due to the following:
 - \$36 million less in expenses incurred by CEC in 2017 compared with 2016 related to CEOC's bankruptcy activity and other expenses related to ongoing litigation, \$18 million of costs related to the sale of the SMG Business that were incurred during 2016, and CEC was reimbursed \$19 million in 2017 for amounts related to a joint venture development in Korea that were previously deemed uncollectible and written off in 2015;
 - partially offset by accrued exit fees of \$26 million for amounts payable to NV Energy (see Note 11) and a \$19 million increase in demolition costs for ongoing renovations.
- These decreases were partially offset by a \$25 million increase in depreciation expense that was accelerated in 2017 compared with 2016 due to the removal and replacement of certain assets in connection with ongoing property renovation projects primarily at certain properties in our Las Vegas region.

Interest expense increased \$573 million, or 74.1%, in 2018 compared with 2017 primarily due to the consolidation of CEOC LLC's results following the Effective Date. CEOC LLC contributed \$658 million to the increase in interest expense as a result of (i) a \$602 million increase in interest expense related to CEOC LLC's lease agreements with VICI that are accounted for as failed sale-leaseback financing obligations, (ii) a \$53 million increase in interest expense recognized for the CEOC LLC Term Loan and (iii) a \$9 million increase in interest expense related to the Golf Course Use Agreement (as described in Note 11), and (iv) offset by non-recurring interest expense of \$6 million in the prior year for the Chester Downs Senior Secured Notes. The increase was partially offset by an \$18 million decrease in interest expense related to the Horseshoe Baltimore debt resulting from the deconsolidation of Horseshoe Baltimore in August 2017. In addition to the effect of CEOC LLC and Horseshoe Baltimore, interest expense decreased by \$67 million primarily due to the following:

- A \$184 million decrease in interest expense resulting from lower interest rates due to the refinancing of debt as well as repayment of loans in 2017 and a \$12 million decrease in other interest expense.
- These decreases was partially offset by an increase of \$75 million in interest expense related to the Harrah's Las Vegas lease agreement with VICI and \$14 million of interest expense for Octavius Tower related to CEOC LLC's lease agreements with VICI, which are accounted for as a failed sale-leaseback financing obligations, and \$40 million in interest expense recognized for the \$1.1 billion aggregate principal amount of 5.00% convertible senior notes maturing in 2024 (the "CEC Convertible Notes"), which were not outstanding until the fourth quarter of 2017.

Interest expense increased \$174 million in 2017 compared with 2016 primarily due to \$187 million recognized as interest expense related to our lease agreements with VICI that are accounted for as failed sale-leaseback financing obligations in 2017 (see Note 10) and \$2 million recognized as interest expense related to the Golf Course Use Agreement. In addition to interest expense related to the failed sale-leaseback financing obligation and the Golf Course Use Agreement, interest expense is primarily attributable to

debt described in Note 12. Excluding the impact of interest expense related to the failed sale-leaseback financing obligation and the Golf Course Use Agreement, interest expense decreased \$15 million in 2017 compared with 2016 primarily due to the following:

- A \$64 million decrease at CRC primarily due to the refinancing of the previously outstanding Caesars Growth Properties Holdings, LLC (“CGPH”) and Caesars Entertainment Resort Properties, LLC (“CERP”) debt which reduced the interest rate margins in the second quarter of 2017 as well as repayment of the CERP, CGPH and Cromwell loans during the year; and
- A \$12 million decrease in interest expense related to the Horseshoe Baltimore debt resulting from the deconsolidation of Horseshoe Baltimore in August 2017.
- These decreases were mostly offset by \$24 million in interest expense recognized related to the CRC Term Loan and CRC Notes, \$13 million in interest expense recognized for the CEC Convertible Notes, \$12 million in interest expense recognized for the CEOC LLC Term Loan, \$6 million in interest expense recognized for the Chester Downs Senior Secured Notes and an increase of \$6 million in other interest expense. See Note 12 for defined terms.

Gain on Deconsolidation of Subsidiaries

As described in Note 2, we deconsolidated Horseshoe Baltimore in 2017 and recognized a gain of \$31 million.

Restructuring and Support Expenses

As described in Note 1, we recognized certain obligations that were ultimately settled upon CEOC’s emergence from bankruptcy on the Effective Date. Restructuring and support expenses for the years ended December 31, 2017 and 2016 were \$2.0 billion and \$5.7 billion, respectively. These were primarily composed of accruals for (i) forbearance fees and other payments to CEOC’s creditors that were settled in cash, (ii) a bank guaranty settlement related to the modification of CEC’s guarantee under CEOC’s senior secured credit facilities that was settled in cash, (iii) payments of CEOC’s creditors’ expenses, settlement charges, and other fees that were settled in cash, (iv) the issuance of CEC common stock, (v) the issuance of the CEC Convertible Notes (see Note 8 and Note 12), and (vi) the VICI Call Right to purchase and leaseback the real property assets associated with three of our properties as other consideration (see Note 9). A portion of the obligations we recognized reflected our estimates of the fair value of the consideration CEC agreed to provide in exchange for the resolution of litigation claims and potential claims against CEC and its affiliates.

Loss on Extinguishment of Debt

We recognized losses on extinguishment of debt totaling \$232 million in 2017 relating to early debt redemption charges as well as the write-off of debt discounts and deferred financing costs associated with the extinguishment of the outstanding debt of CGPH and CERP in conjunction with the refinancing during the year.

Other Income/(Loss)

Other income in 2018 primarily relates to a benefit of \$697 million due to a change in fair value of the derivative liability related to the conversion option of the CEC Convertible Notes and a benefit of \$24 million due to a change in the fair value of the disputed claims liability related to the CEC Convertible Notes and CEC common stock estimated to be used to settle those claims. In 2018, we also recorded a gain of \$31 million for claims that were expunged (see Note 8 for further details), recognized dividend and interest income of \$21 million, and recognized \$19 million in income related to an adjustment to our pension obligation for employees of our London Clubs International subsidiary (see Note 17 for further details).

Other income in 2017 primarily relates to a benefit of \$64 million due to a change in fair value of the derivative liability related to the conversion option of the CEC Convertible Notes (see Note 8 for further details), a \$17 million gain for an interest swap payment CEC made on behalf of CEOC that was recovered with interest, and \$14 million for interest income earned on the proceeds from the sale of the SMG Business described above (see Note 19).

Other losses in 2016 relate primarily to a \$30 million accrual pursuant to the NRF Settlement Agreement for the litigation settlement, the legal fee reimbursement, and the withdrawal liability.

Income Tax Benefit/(Provision)

The effective tax rate was negative 66.1% for 2018, 84.2% for 2017, and negative 5.3% for 2016. The effective tax rate in 2018 differed from the statutory rate of 21% primarily due to the deferred tax benefit from the partial release of the federal valuation allowance upon the acquisition of Centaur and from revisions to the estimated deferred tax balances as of December 31, 2017 as a result of the Tax Act (defined below) offset by state income taxes and nondeductible expenses. The effective tax rate in 2017

differed from the statutory rate of 35% primarily due to nondeductible restructuring expenses, the acquisition of OpCo and the Tax Act passed in 2017. The effective tax rate in 2016 differed from the statutory rate of 35% primarily due to nondeductible restructuring expenses and other pre-tax losses for which the Company could not recognize a tax benefit. See Note 18 for a detailed discussion of income taxes and the effective tax rate.

On December 22, 2017, the U.S. government enacted comprehensive tax legislation commonly referred to as the Tax Cuts and Jobs Act (the “Tax Act”). The Tax Act makes broad and complex changes to the U.S. tax code that affected our year ended December 31, 2017, including, but not limited to (i) reducing the U.S. federal corporate tax rate, (ii) changing rules related to uses and limitations of net operating loss carryforwards created in tax years beginning after December 31, 2017, (iii) bonus depreciation that will allow for full expensing of qualified property, (iv) generally eliminating U.S. federal income taxes on dividends from foreign subsidiaries, (v) a one-time transition tax on the mandatory deemed repatriation of cumulative foreign earnings accumulated post 1986 through 2017 that were previously deferred from U.S. income taxes, and (vi) a tax on Global Intangible Low-Taxed Income which imposes taxes on foreign income in excess of a deemed return on tangible assets of foreign corporations.

As of December 31, 2018, the Company has completed the accounting for the tax effects of the Tax Act. In 2017, the Company made a reasonable estimate of the effects on the existing deferred tax balances and accrued a provisional income tax benefit of approximately \$1.2 billion which was recorded in the period ended December 31, 2017. The amount of the estimated income tax benefit was (i) \$797 million related to the net deferred tax benefit of the corporate rate reduction and (ii) \$442 million related to the net deferred tax benefit of deferred tax assets which were realizable due to the changing rules related to uses and limitations of net operating loss carryforwards created in tax years beginning after December 31, 2017. During the year ended December 31, 2018, the Company revised its estimate of the effects on the existing deferred tax balances as of December 31, 2017, and accrued an additional provisional income tax benefit of \$82 million. The total amount of the revised estimated income tax benefit is (i) \$710 million related to the net deferred tax benefit of the corporate rate reduction, (ii) \$569 million related to the net deferred tax benefit of deferred tax assets, which are now realizable due to the changing rules related to uses and limitations of net operating loss carryforwards created in tax years beginning after December 31, 2017, and (iii) \$42 million relating to the net deferred tax benefit of state deferred tax assets, which are now realizable due to the changing rules related to interest expense disallowance for those states which conform to the Tax Act.

Discontinued Operations, net of Income Taxes

Discontinued operations primarily represent CIE’s SMG Business, which was sold in September 2016. See Note 19 for additional information.

Reconciliation of Non-GAAP Financial Measures

Adjusted earnings before interest, taxes, depreciation and amortization (“EBITDA”) is presented as a measure of the Company’s performance. Adjusted EBITDA is defined as revenues less operating expenses and is comprised of net income/(loss) before (i) interest expense, net of interest capitalized and interest income, (ii) income tax (benefit)/provision, (iii) depreciation and amortization, (iv) corporate expenses, and (v) certain items that we do not consider indicative of its ongoing operating performance at an operating property level.

In evaluating Adjusted EBITDA you should be aware that, in the future, we may incur expenses that are the same or similar to some of the adjustments in this presentation. The presentation of Adjusted EBITDA should not be construed as an inference that future results will be unaffected by unusual or unexpected items.

Adjusted EBITDA is a non-GAAP financial measure commonly used in our industry and should not be construed as an alternative to net income/(loss) as an indicator of operating performance or as an alternative to cash flow provided by operating activities as a measure of liquidity (as determined in accordance with generally accepted accounting principles, “GAAP”). Adjusted EBITDA may not be comparable to similarly titled measures reported by other companies within the industry. Adjusted EBITDA is included because management uses Adjusted EBITDA to measure performance and allocate resources, and believes that Adjusted EBITDA provides investors with additional information consistent with that used by management.

Liquidity and Capital Resources

Liquidity Discussion and Analysis

CEC has no requirement to fund the operations of CRC, CEOC LLC, or their subsidiaries; however, the payment of all monetary obligations under CEOC LLC's leases with VICI is guaranteed by CEC. CEC cash outflows are primarily used for corporate development opportunities, other corporate-level activity, litigation, and restructuring expenses associated with CEOC's bankruptcy including residual claims upon emergence. In addition, because CEC has no operations of its own and due to the restrictions under its subsidiaries' lending arrangements, CEC has limited ability to raise additional capital.

Cash and cash equivalents as of December 31, 2018, as shown in the table below, include amounts held by CRC and CEOC LLC, which are not readily available to CEC. Other includes \$393 million in cash at CEC (the parent holding company), \$136 million related to insurance captives, and \$68 million related to the casino resort project in Incheon, South Korea (see Note 2).

Summary of Cash and Revolver Capacity

| <u>(In millions)</u> | December 31, 2018 | | | |
|---|-------------------|----------|--------|----------|
| | CRC | CEOC LLC | Other | Caesars |
| Cash and cash equivalents | \$ 322 | \$ 517 | \$ 652 | \$ 1,491 |
| Revolver capacity | 1,000 | 200 | — | 1,200 |
| Revolver capacity drawn or committed to letters of credit | (136) | (39) | — | (175) |
| Total | \$ 1,186 | \$ 678 | \$ 652 | \$ 2,516 |

CRC and CEOC LLC's sources of liquidity are independent of one another and primarily include currently available cash and cash equivalents, cash flows generated from their operations, and borrowings under their separate revolving credit facilities (see Note 12). Operating cash inflows are typically used for operating expenses, debt service costs, lease payments and working capital needs. CRC and CEOC LLC are highly leveraged, and a significant portion of their liquidity needs are for debt service and financing obligations, as summarized below.

During the year ended December 31, 2018, we generated net income of \$304 million and our operating activities yielded consolidated operating cash inflows of \$786 million, which is an increase of \$3.1 billion from the year ended December 31, 2017 primarily as a result of \$2.8 billion in cash paid on the Effective Date in the prior year to support the reorganization of CEOC as described in the Plan (see Note 1 and Note 19). We believe that our cash flows from operations are sufficient to cover planned capital expenditures for ongoing property renovations and our total estimated financing activities during the next 12 months. However, if needed, our existing cash and cash equivalents and availability under our revolving credit facilities are available to further support operations during the next 12 months and the foreseeable future. In addition, restrictions under our lending arrangements generally prevent the distribution of cash from our subsidiaries to CEC, except for certain restricted payments.

In 2018, we paid \$1.2 billion in interest, which includes \$448 million of interest associated with our debt and \$721 million of interest related to our financing obligations and Golf Course Use Agreement. Our capital expenditures were \$565 million during 2018 in support of our ongoing property renovations, see Capital Spending and Development section below.

On July 16, 2018, we completed our acquisition of Centaur for \$1.7 billion, including \$1.6 billion at closing and \$75 million in deferred consideration. The funding for this acquisition was primarily from \$1.1 billion in cash proceeds received from the sale of the real estate assets of Harrah's Las Vegas to VICI in December 2017, approximately \$500 million in cash proceeds received from the sale of the Octavius Tower to VICI in July 2018, and the use of \$200 million of our revolving credit facility. See Note 4 for additional information.

During 2018, the Company announced that our Board of Directors authorized the Repurchase Program to repurchase up to \$750 million of our common stock. During the year ended December 31, 2018, we repurchased approximately 31 million shares for approximately \$311 million under the program recorded in Treasury stock.

Our ability to fund operations, pay debt and financing obligations, and fund planned capital expenditures depends, in part, upon economic and other factors that are beyond our control, and disruptions in capital markets and restrictive covenants related to our existing debt could impact our ability to fund liquidity needs, pay indebtedness and financing obligations, and secure additional funds through financing activities.

The foregoing liquidity discussions are forward-looking statements based on assumptions as of the date of this filing that may or may not prove to be correct. Actual results may differ materially from our present expectations. Factors that may cause actual results to differ materially from present expectations include, without limitation, the positive or negative changes in the operational and other matters assumed in preparing our forecasts.

Debt Activity and Lease-Related Obligations

As noted above, we are a highly-leveraged company and had \$9.1 billion in face value of debt outstanding and \$10.1 billion of failed sale-leaseback financing obligations as of December 31, 2018. As a result, a significant portion of our liquidity needs are for debt service, including significant interest and principal payments associated with our financing obligations. As detailed in the table below, our estimated debt service (including principal and interest) is \$644 million for 2019 and \$11.3 billion thereafter to maturity and our estimated financing obligations are \$753 million for 2019 and \$37.7 billion thereafter to maturity.

⁽¹⁾ Debt principal payments are estimated amounts based on maturity dates and potential borrowings under our revolving credit facility. Interest payments are estimated based on the forward-looking London Interbank Offered Rate ("LIBOR") curve and include the estimated impact of the ten interest rate swap agreements (see Note 8). Actual payments may differ from these estimates.

⁽²⁾ Financing obligation principal and interest payments are estimated amounts based on the future minimum lease payments and certain estimates based on contingent rental payments (as described below under Lease-Related Obligations). Actual payments may differ from the estimates.

We are continually evaluating opportunities to improve our capital structure and will seek to refinance our debt obligations or otherwise engage in transactions impacting our capital structure when market and other conditions are attractive to us. These transactions may involve refinancing or new senior credit facilities, tender or exchange offers, issuance of new bonds and/or sale-leasebacks.

Debt Activity

See Note 12 for proceeds received from draws on our revolving credit facilities, proceeds received from the issuance of new debt, and cash paid to extinguish debt, as well as a table presenting details on our individual borrowings outstanding, interest rates and restrictive covenants related to certain of our borrowings as of December 31, 2018 and 2017. See Note 8 for details regarding our use of interest rate swap derivatives to manage the mix of our debt between fixed and variable rate instruments.

As described in Note 2 to our financial statements, we are party to a joint venture referred to as the Korea JV that we consolidate into our financial statements. The purpose of the Korea JV is to develop, acquire, own and operate a resort casino in Incheon, South Korea. To finance construction of the project, we intend to incur debt in the amount of \$575 million to \$675 million to supplement the equity capital being contributed by us and our joint venture partner. This debt will, when incurred, be included on our Balance Sheets, but will have no associated net income impact until the project is completed.

Lease-Related Obligations

As described in Note 10, we have entered into various leases for our properties with VICI. During 2018, we received a net amount of \$591 million related to our transactions with VICI and proceeds from the transactions were used to partially fund the closing of CEC's acquisition of Centaur (see Note 1). On the Effective Date, in accordance with the Plan, VICI received a call right (the "VICI Call Right") for up to five years to purchase and leaseback the real property assets associated with Harrah's Atlantic City, Harrah's Laughlin, and Harrah's New Orleans for a cash purchase price of ten times the agreed upon annual rent for each property. The VICI Call Right is subject to the terms of the CRC Credit Agreement (see Note 9 and Note 12).

Each lease agreement provides for fixed rent (subject to escalation) during an initial term, then rent consisting of both base rent and variable percentage rent elements, and has a 15-year initial term and four five-year renewal options. We assume the renewal is probable and include renewal commitments in the estimated financing obligations in the table above. In addition, the future lease payment amounts included in the table above represent the contractual lease payments adjusted for estimated escalations, as determined by the underlying lease agreements. The estimates are based on the terms and conditions known at the inception of the leases. However, a portion of the actual payments will be determined in the period in which they are due, and therefore, actual lease payments may differ from our estimates.

CEC determined that these transactions do not qualify for sale-leaseback accounting based on the terms of the lease agreements; therefore, the Company will be accounting for these transactions as a financing. We do not recognize rent expense related to the leases, but we have recorded a liability for the financing obligations and the majority of the periodic lease payments are recognized as interest expense. In the initial periods, cash payments are less than the interest expense recognized in the Statements of Operations, which causes the related sale-leaseback liability to increase during the beginning of the lease term.

Subject to certain exceptions, the payment of all monetary obligations under the CEOC LLC leases are guaranteed by CEC and the payment of all monetary obligations under the Harrah's Las Vegas lease is guaranteed by CRC. See Note 10 for further details around the financing obligations.

Capital Spending and Development

We incur capital expenditures in the normal course of business, and we perform ongoing refurbishment and maintenance at our properties to maintain our quality standards. We also continue to pursue development and acquisition opportunities for additional casino entertainment and other hospitality facilities, and online businesses that meet our strategic and return on investment criteria. Cash used for capital expenditures in the normal course of business is typically made available from cash flows generated by our operating activities and established debt programs, while cash used for development projects is typically funded from established debt programs, specific project financing, and additional debt offerings.

Summary of Consolidated Capital Expenditures

| <u>(In millions)</u> | Years Ended December 31, | | | Increase/(Decrease) | |
|-----------------------------|---------------------------------|---------------|---------------|----------------------------|----------------------|
| | 2018 | 2017 | 2016 | 2018 vs. 2017 | 2017 vs. 2016 |

| Development ⁽²⁾ | 146 | 1 | 3 | 145 | (2) |
| Total capital expenditures | <u>\$ 565</u> | <u>\$ 598</u> | <u>\$ 220</u> | <u>\$ (33)</u> | <u>\$ 378</u> |

Included in capital expenditures:

| | | | |
|---------------------------|------|------|------|
| Capitalized payroll costs | \$ 9 | \$ 4 | \$ 5 |
| Capitalized interest | 8 | 6 | 2 |

⁽¹⁾ Maintenance capital expenditures include room renovations as well as information technology, marketing, analytics, accounting, payroll, and other projects that benefit the operating structures.

⁽²⁾ Development capital expenditures include projects such as CAESARS FORUM, the casino resort project in Incheon, South Korea, Centaur integration costs, and Sportsbooks in various states.

During the year ended December 31, 2018, capital expenditures were primarily related to hotel renovation projects at Flamingo Las Vegas, Bally's Las Vegas, Harrah's Atlantic City, and Paris Las Vegas, construction of the Fly LINQ Zipline, and the development of a casino resort project in Incheon, South Korea and a new convention center in Las Vegas ("CAESARS FORUM"). During the year ended December 31, 2017, capital expenditures were primarily related to hotel renovation projects at Caesars Palace, Bally's Las Vegas, Planet Hollywood, Flamingo Las Vegas and Harrah's Las Vegas. During the year ended December 31, 2016, capital expenditures were primarily related hotel renovation projects at Harrah's Las Vegas, Paris Las Vegas and Planet Hollywood.

Cash paid for capital expenditures were \$565 million during 2018. Due to our working capital initiatives, we had an increase in construction payables of \$149 million, of which \$100 million was related to the 2018 capital plan, which will be paid in the first quarter of 2019. Our projected capital expenditures for 2019 range from \$850 million to \$1 billion. We expect to fund capital expenditures from cash flows generated by operating activities.

Our projected maintenance capital expenditures for 2019 range from \$375 million to \$450 million and include estimates for:

- Hotel remodeling projects at Harrah's Las Vegas, Paris Las Vegas, Harrah's Atlantic City, and Horseshoe South Indiana; and
- Information technology, marketing, analytics, accounting, payroll, and other projects that benefit the operating structures.

Our projected development capital expenditures for 2019 range from \$475 million to \$550 million and include estimates for:

- Development of CAESARS FORUM and Sportsbooks in various states; and
- Development of a casino resort project in Incheon, South Korea through a joint venture.

Under the CEOC LLC leases and the Harrah's Las Vegas lease, we are required to spend certain minimum amounts on capital expenditures.

Our planned development projects, if they proceed, will require significant capital commitments, individually and in the aggregate, and, if completed, may result in significant additional revenues. The commitment of capital, the timing of completion, and the commencement of operations of development projects are contingent upon, among other things, negotiation of final agreements and receipt of approvals from the appropriate political and regulatory bodies. We must also comply with covenants and restrictions set forth in our debt agreements.

There are various risks and uncertainties and the expected capital expenditures set forth above may change for various reasons, including our financial performance and market conditions.

Critical Accounting Policies and Estimates

We prepare our financial statements in conformity with GAAP. In preparing our financial statements, we have made our best estimates and judgments of the amounts and disclosures included in the financial statements, giving regard to materiality. When more than one accounting principle, or method of its application, is generally accepted, we select the principle or method that we consider to be the most appropriate under specific circumstances. Application of these accounting principles requires us to make estimates about the future resolution of existing uncertainties. Certain of our accounting policies, including the estimated lives assigned to our assets, the determination of bad debt, asset impairments, the fair value of derivative instruments, self-insurance reserves, the purchase price allocations made in connection with our acquisitions/mergers, the calculation of our income tax liabilities, and the determination of whether to consolidate a variable interest entity require that we apply significant judgment in defining the appropriate assumptions for calculating financial estimates.

We consider accounting estimates to be critical accounting policies when:

- the estimates involve matters that are highly uncertain at the time the accounting estimate is made; and
- different estimates or changes to estimates could have a material impact on the reported financial position, changes in financial position, or results of operations.

By their nature, these judgments and estimates are subject to an inherent degree of uncertainty. Our judgments and estimates are based on our historical experience, terms of existing contracts, observance of trends in the industry, information gathered from customer behavior, and information available from other outside sources, as appropriate. Due to the inherent uncertainty involving judgments and estimates, actual results may differ from those estimates.

Long-Lived Assets

We have significant capital invested in our long-lived assets, and judgments are made in determining the estimated useful lives of assets, salvage values to be assigned to assets, and if or when an asset has been impaired. The accuracy of these estimates affects the amount of depreciation and amortization expense recognized in our financial results and whether we have a gain or loss on the disposal of an asset. We assign lives to our assets based on our standard policy, which is established by management as representative of the useful life of each category of asset. We review the carrying value of our long-lived assets whenever events and circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. The factors considered by management in performing this assessment include current operating results, trends and prospects, planned construction and renovation projects, as well as the effect of obsolescence, demand, competition, and other economic, legal, and regulatory factors. In estimating expected future cash flows for determining whether an asset is impaired, assets are grouped at the lowest level of identifiable cash flows, which, for most of our assets, is the individual property. See Note 6 for additional information.

Goodwill and Other Non-Amortizing Intangible Assets

The evaluation of goodwill and other non-amortizing intangible assets requires the use of estimates about future revenues and EBITDA, valuation multiples, and discount rates to determine their estimated fair value. Our future revenues and EBITDA assumptions are determined based upon actual results giving effect to expected changes in operating results in future years. Our valuation multiples and discount rates are based upon market participant assumptions using a defined gaming peer group. Changes in these assumptions can materially affect these estimates. Thus, to the extent the gaming volumes deteriorate in the near future, discount rates increase significantly, or we do not meet our projected performance, we could recognize impairments, and such impairments could be material. This is especially true for any of our properties where goodwill and other non-amortizing intangible

assets have been partially impaired as a result of a recent impairment analysis, and for our Las Vegas properties, which comprise a significant portion of our remaining goodwill balance.

As of December 31, 2018, we had approximately \$4.0 billion in goodwill and \$2.6 billion of other non-amortizing intangible assets. During 2018, as a result of declines in our stock price and increases in market yields within our industry, which are both factors used to determine the discount rate, along with downward adjustments to expectations of future performance at certain of our properties outside of Las Vegas, we recognized impairment charges related to goodwill of \$43 million and gaming rights of \$21 million for certain of our properties. As of December 31, 2018, all other reporting units with goodwill and/or other non-amortizing intangible assets have estimated fair values that exceed their carrying values. See Note 7 for additional information. As of December 31, 2018, a 1% increase to the discount rate would increase goodwill impairment by approximately \$10 million and gaming rights impairment by approximately \$4 million.

Allowance for Doubtful Accounts - Gaming

We reserve an estimated amount for gaming receivables that may not be collected to reduce the Company's receivables to their net carrying amount. Methodologies for estimating the allowance for doubtful accounts range from specific reserves to various percentages applied to aged receivables. Historical collection rates are considered, as are customer relationships, in determining specific reserves. As with many estimates, management must make judgments about potential actions by third parties in establishing and evaluating our reserves for allowance for doubtful accounts. As of December 31, 2018, a 5% increase or decrease to the allowance determined based on a percentage of aged receivables would change the reserve by approximately \$13 million.

Markers acquired as part of the acquisition of OpCo were accounted for at fair value on the Effective Date, with no acquired reserve, and will be accreted to interest income up to their expected realizable value over the life of their expected collectability. The acquired markers are subject to adjustment if the actual cash collection differs from the expected collectability.

Self-Insurance Accruals

We are self-insured for workers' compensation and other risk products through our captive insurance subsidiaries. Our insurance claims and reserves include accruals of estimated settlements for known claims, as well as accruals of actuarial estimates of incurred but not reported claims. In estimating these reserves, historical loss experience and judgments about the expected levels of costs per claim are considered. We also utilize consultants to assist in the determination of certain estimated accruals. These claims are accounted for based on actuarial estimates of the undiscounted claims, including those claims incurred but not reported. We believe the use of actuarial methods to account for these liabilities provides a consistent and effective way to measure these highly judgmental accruals; however, changes in health care costs, accident frequency and severity, and other factors can materially affect the estimates for these liabilities. We regularly monitor the potential for changes in estimates, evaluate our insurance accruals, and adjust our recorded provisions.

Fair Value Measurements

The CEC Convertible Notes contain derivative features that require bifurcation. We estimate the fair value of the CEC Convertible Notes using a market-based approach that incorporates the value of both straight debt and conversion features of the notes. The valuation model incorporates actively traded prices of the CEC Convertible Notes as of the reporting date, the value of CEC's equity into which these notes could convert, and assumptions regarding the incremental cost of borrowing for CEC. The fair value of the CEC Convertible Notes derivative liability is subject to interest rate and market price risk due to the conversion features of the notes and other factors. Generally, as the fair value of fixed interest rate debt increases (due to a decrease in interest rates) the derivative liability decreases and as the fair value of fixed interest rate debt decreases (due to an increase in interest rates) the derivative liability increases. The fair value of the CEC Convertible Notes derivative liability may also increase as the market price of our stock rises or due to increased volatility in our stock price which will result in an expense recognized in our Statement of Operations, and decrease as the market price of our stock falls or due to decreased volatility in our stock price which will result in income recognized in our Statement of Operations. Upon issuance on the Effective Date, the CEC Convertible Notes had a fair value of \$1.1 billion when the price per share of CEC common stock was \$12.80. As of December 31, 2017, the fair value of the convertibles notes was \$1.0 billion when the price per share of CEC common stock was \$12.65. During the year ended December 31, 2018, we recognized income of \$697 million due to the decrease in the fair value of the CEC Convertible Notes to \$324 million when the price per share of CEC common stock was \$6.79. Subsequent to December 31, 2018, our stock has been trading at a higher price as compared to December 31, 2018 and as a result we expect the fair value of the CEC Convertible Notes to increase and we expect to recognize expense during the first quarter of 2019.

We use interest rate swaps, which are derivative instruments classified as hedging transactions, to limit our exposure to interest rate risk. Derivative instruments are recognized in the financial statements at fair value. The estimated fair values of our derivative instruments are based on market prices obtained from dealer quotes. Such quotes represent the estimated amounts we would receive

or pay to terminate the contracts. Our derivative instruments contain a credit risk that the counterparties may be unable to meet the terms of the agreements. We minimize that risk by evaluating the creditworthiness of our counterparties, which are limited to major banks and financial institutions. The fair values of our derivative instruments are adjusted for the credit rating of the counterparty, if the derivative is an asset, or adjusted for the credit rating of the Company, if the derivative is a liability.

See Note 8 for more details regarding fair value measurements and Item 7A for quantitative and qualitative disclosures about market risk.

Income Taxes

We are subject to income taxes in the United States (including federal and state) and numerous foreign jurisdictions in which we operate. We record income taxes under the asset and liability method, whereby deferred tax assets and liabilities are recognized based on the expected future tax consequences of temporary differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases, and as attributable to operating loss and tax credit carryforwards. We reduce the carrying amounts of deferred tax assets by a valuation allowance if, based on the available evidence, it is more likely than not that such assets will not be realized. Accordingly, the need to establish valuation allowances for deferred tax assets is assessed periodically based on the “more likely than not” realization threshold. This assessment considers, among other matters, the nature, frequency, and severity of current and cumulative losses, forecasts of future profitability, the duration of statutory carryforward periods, our experience with operating loss and tax credit carryforwards not expiring unused, and tax planning alternatives.

The effect on the income tax provision and deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. We have provided a valuation allowance on certain foreign and state net operating losses (“NOLs”), and other federal, state, and foreign deferred tax assets. NOLs and other federal, state, and foreign deferred tax assets were not deemed realizable based upon near term estimates of future taxable income.

We report unrecognized tax benefits within Accrued expenses other current liabilities and Deferred credits and other liabilities on our Balance Sheets, separate from any related income tax payable, which is also reported within Accrued expenses and other current liabilities or Deferred income taxes. Reserve amounts relate to any potential income tax liabilities resulting from uncertain tax positions, as well as potential interest or penalties associated with those liabilities.

We file income tax returns, including returns for our subsidiaries, with federal, state, and foreign jurisdictions. We are under regular and recurring audit by the Internal Revenue Service and various state taxing authorities on open tax positions, and in general, it is possible that the amount of the liability for unrecognized tax benefits could change during the next 12 months.

Recently Issued and Proposed Accounting Standards

See Note 5 for discussions of the adoption and potential impact of recently issued accounting standards.

Contractual Obligations and Commitments

The table below summarizes Caesars Entertainment's contractual obligations and other commitments through their respective maturity or ending dates as of December 31, 2018.

⁽¹⁾ In addition to the contractual obligations disclosed in this table, we have unrecognized tax benefits for which, based on uncertainties associated with the items, we are unable to make reasonably reliable estimates of the period of potential cash settlements, if any, with taxing authorities.

⁽²⁾ Estimated interest for variable-rate debt included in this table is based on the 1-month LIBOR curve available as of December 31, 2018. Estimated interest includes the estimated impact of the ten interest rate swap agreements (see Note 8). Actual payments may differ from these estimates.

⁽³⁾ Entertainment obligations represent obligations to pay performers that have contracts for future performances. This amount does not include estimated obligations for future performances where payment is only guaranteed when the performances occur and/or is based on factors contingent upon the profitability of the performances.

⁽⁴⁾ Primarily includes licensing, management and other fees.

⁽⁵⁾ Contractual obligations do not include amounts that we have not yet incurred under the CEOC LLC and Harrah's Las Vegas leases. Under the CEOC LLC leases, we are required to spend an amount equal to at least 1% of CEOC LLC's net revenue for the prior lease year and \$845 million for every three-year period. Under the Harrah's Las Vegas lease, we are required to spend \$171 million in capital expenditures for the period from January 1, 2017 through December 31, 2021, and thereafter, spend an amount equal to at least 1% of Harrah's Las Vegas net revenue for the prior lease year.

ITEM 7A. Quantitative and Qualitative Disclosures About Market Risk

Market risk is the risk of loss arising from adverse changes in market rates and prices, such as interest rates, foreign currency exchange rates, and commodity prices. Our primary exposure to market risk is interest rate risk associated with our debt. We attempt to limit our exposure to interest rate risk by managing the mix of our debt between fixed rate and variable rate obligations. While we may enter into agreements limiting our exposure to higher interest rates, any such agreements may not offer complete protection from this risk. As of December 31, 2018, the face value of long-term debt was \$9.1 billion, including \$6.2 billion of variable rate obligations.

We have entered into ten interest rate swap agreements to fix the interest rate on \$3.0 billion of variable rate debt, three that became effective on December 31, 2018, four that became effective on January 1, 2019, and three that became effective on January 2, 2019, at which time \$3.2 billion of debt will remain subject to variable interest rates for the term of the agreement. See Note 8 for additional information. The difference to be paid or received under the terms of the interest rate swap agreements will be accrued as interest rates change and recognized as an adjustment to interest expense for the related debt beginning on December 31, 2018. Changes in the variable interest rates to be paid or received pursuant to the terms of the interest rate swap agreements will have a corresponding effect on future cash flows.

We do not purchase or hold any derivative financial instruments for trading purposes.

The table below provides information as of December 31, 2018 about our financial instruments that are sensitive to changes in interest rates including the cash flows associated with amortization, the notional amounts of interest rate derivative instruments, and related weighted average interest rates. Principal amounts are used to calculate the payments to be exchanged under the related agreements and weighted average variable rates are based on implied forward rates in the yield curve as of December 31, 2018.

⁽¹⁾ These amounts represent the interest rate swap notional amounts that mature at the end of each respective year. See Note 8 for additional information.

As of December 31, 2018, our long-term variable rate debt reflects borrowings under our credit facilities provided to us by a consortium of banks with a total capacity of \$7.3 billion. The interest rates charged on borrowings under these facilities are a function of LIBOR. As such, the interest rates charged to us for borrowings under the facilities are subject to change as LIBOR changes. Assuming a constant outstanding balance for our variable rate long-term debt, a hypothetical 1% increase in interest rates would increase interest expense approximately \$32 million while a hypothetical 1% decrease in interest rates would decrease interest expense approximately \$32 million.

The fair value of the CEC Convertible Notes is subject to interest rate and market price risk due to the conversion features of the notes and other factors. Generally, the fair value of fixed interest rate debt will increase as interest rates fall and decrease as interest rates rise. The fair value of the notes may also increase as the market price of our stock rises or due to increased volatility in our stock price, and decrease as the market price of our stock falls or due to decreased volatility in our stock price. Interest rate and market value changes affect the fair value of the notes, and may affect the prices at which we would be able to repurchase such notes were we to do so.

Financial Statements and Supplementary Data

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the stockholders and the Board of Directors of
Caesars Entertainment Corporation:

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of Caesars Entertainment Corporation and subsidiaries (the “Company”) as of December 31, 2018 and 2017, the related consolidated statements of operations and comprehensive income/(loss), stockholders’ equity/(deficit), and cash flows for each of the three years in the period ended December 31, 2018, and the related notes and the schedule listed in the Index at Item 15 (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2018 and 2017, and the results of its operations and its cash flows for each of the three years in the period ended December 31, 2018, in conformity with accounting principles generally accepted in the United States of America.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (“PCAOB”), the Company’s internal control over financial reporting as of December 31, 2018, based on criteria established in *Internal Control - Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated February 21, 2019 expressed an unqualified opinion on the Company’s internal control over financial reporting.

Change in Accounting Principle

As discussed in Note 15 to the financial statements, the Company has changed its method of accounting for revenue in all periods presented due to the adoption of ASU 2014-09, *Revenue from Contracts with Customers*, and related amendments.

Basis for Opinion

These financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s financial statements based on our audits. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Emphasis of a Matter

As discussed in Note 1 to the financial statements, the Caesars Acquisition Company (“CAC”) merged with and into the Company, with the Company as the surviving company on October 6, 2017. The merger transaction was accounted for as a transaction among entities under common control, which resulted in CAC being consolidated into the Company at book value as an equity transaction for all periods presented.

CAESARS ENTERTAINMENT CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

In this filing, the name “CEC” refers to the parent holding company, Caesars Entertainment Corporation, exclusive of its consolidated subsidiaries and variable interest entities, unless otherwise stated or the context otherwise requires. The words “Company,” “Caesars,” “Caesars Entertainment,” “we,” “our,” and “us” refer to Caesars Entertainment Corporation, inclusive of its consolidated subsidiaries and variable interest entities, unless otherwise stated or the context otherwise requires.

We also refer to (i) our Consolidated Financial Statements as our “Financial Statements,” (ii) our Consolidated Statements of Operations and Consolidated Statements of Comprehensive Income/(Loss) as our “Statements of Operations,” (iii) our Consolidated Balance Sheets as our “Balance Sheets,” and (iv) our Consolidated Statements of Cash Flows as our “Statements of Cash Flows.” References to numbered “Notes” refer to Notes to our Consolidated Financial Statements included herein.

Note 1 — Description of Business

Organization

CEC is primarily a holding company with no independent operations of its own. Caesars Entertainment operates the business primarily through its wholly owned subsidiaries CEOC, LLC (“CEOC LLC”) and Caesars Resort Collection, LLC (“CRC”). Caesars Entertainment has a total of 53 properties in 14 U.S. states and five countries outside of the U.S., including 50 casino properties. Nine casinos are in Las Vegas, which represented 45% of net revenues for the year ended December 31, 2018.

We lease certain real property assets from VICI Properties Inc. and/or its subsidiaries (collectively, “VICI”).

New Transactions with VICI

Harrah’s Philadelphia Real Estate Sale and Leaseback

On December 26, 2018, we sold all land and real property improvements used in the operation of Harrah’s Philadelphia Casino and Racetrack (“Harrah’s Philadelphia”) as part of a sale and leaseback transaction with VICI for \$242 million. We continue to operate Harrah’s Philadelphia under the terms of a long-term lease agreement relating to certain of our other domestic properties. We determined that this transaction did not qualify for sale-leaseback accounting. The Harrah’s Philadelphia real estate assets remain on our Balance Sheet at their historical net book value and are depreciated over their remaining useful lives, while a financing obligation was recognized for the proceeds received. See Note 10 for additional information.

Modifications to Lease Agreements with VICI

In connection with the Octavius Tower sale discussed below and the Harrah’s Philadelphia transaction discussed above, on December 26, 2018, the Company and VICI consummated modifications to certain of our existing lease agreements for consideration of \$159 million to VICI, which reduced our financing obligation. The modifications, among other things, bring certain of the lease terms into alignment with other master leases in the sector and the long-term performance of the properties and create additional flexibility to facilitate our future development strategies. See Note 10 for additional information.

Sale of Octavius Tower at Caesars Palace

On July 11, 2018, we sold Octavius Tower at Caesars Palace (“Octavius Tower”) to VICI for \$508 million in cash. Proceeds from the transaction were used to partially fund the closing of CEC’s acquisition of Centaur Holdings, LLC (“Centaur”). We continue to operate the Octavius Tower under the current terms of the long-term lease agreement with VICI relating to Caesars Palace. We determined that this transaction did not qualify for sale-leaseback accounting. The Octavius Tower real estate assets remain on our Balance Sheet at their historical net book value and are depreciated over their remaining useful lives, while a financing obligation was recognized for the proceeds received. See Note 10 for additional information.

Acquisition of Centaur Holdings, LLC

On July 16, 2018, we completed the acquisition of Centaur. Centaur operated Hoosier Park Racing & Casino in Anderson, Indiana, and Indiana Grand Racing & Casino in Shelbyville, Indiana. See Note 4 for additional information.

CEOC’s Emergence from Bankruptcy and CEC’s Merger with Caesars Acquisition Company

Caesars Entertainment Operating Company, Inc. (“CEOC”) and certain of its U.S. subsidiaries (collectively, the “Debtors”) voluntarily filed for reorganization on January 15, 2015 (the “Petition Date”), at which time CEC deconsolidated CEOC. The Debtors emerged from bankruptcy and consummated their reorganization pursuant to their third amended joint plan of

reorganization (the “Plan”) on October 6, 2017 (the “Effective Date”). As part of its emergence from bankruptcy, CEOC reorganized into an operating company (“OpCo”) separate from its real property assets (“PropCo”). OpCo was acquired by CEC on the Effective Date and immediately merged with and into CEOC LLC. See Note 4 for additional information. CEOC LLC operates the properties and facilities formerly held by CEOC and leases the properties and facilities from VICI.

On the Effective Date, Caesars Acquisition Company (“CAC”) merged with and into CEC, with CEC as the surviving company (the “CAC Merger”). See Note 4 for additional information. The CAC Merger was accounted for as a reorganization of entities under common control, which resulted in CAC being consolidated into Caesars at book value as an equity transaction for all periods presented.

Restructuring and Support Expenses

Prior to the Effective Date, CEC made material financial commitments to support the reorganization of CEOC as described in the Plan. Our estimate of restructuring and support expenses was determined based on the total value of the consideration that was required by CEC to resolve claims and potential claims related to the reorganization.

Restructuring and support expenses for the years ended December 31, 2017 and 2016 were \$2.0 billion and \$5.7 billion, respectively, recorded in the Statements of Operations. These were primarily composed of accruals for (i) forbearance fees and other payments to CEOC’s creditors that were settled in cash, (ii) a bank guaranty settlement related to the modification of CEC’s guarantee under CEOC’s senior secured credit facilities that was settled in cash, (iii) payments of CEOC’s creditors’ expenses, settlement charges, and other fees that were settled in cash, (iv) the issuance of CEC common stock, (v) the issuance of the \$1.1 billion aggregate principal amount of 5.00% convertible senior notes maturing in 2024 (the “CEC Convertible Notes”) (see Note 8 and Note 12), and (vi) the call right to purchase and leaseback the real property assets associated with Harrah’s Atlantic City, Harrah’s Laughlin, and Harrah’s New Orleans (the “VICI Call Right”) as other consideration (see Note 9). The total value of the consideration that was provided by CEC as of the Effective Date was \$8.6 billion. See Restructuring Support Settlement in the table above.

Note 2 — Basis of Presentation and Principles of Consolidation

Basis of Presentation and Use of Estimates

Our consolidated financial statements are prepared in accordance with accounting principles generally accepted in the United States (“GAAP”), which require the use of estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, and expenses and the disclosure of contingent assets and liabilities. Management believes the accounting estimates are appropriate and reasonably determined. Actual amounts could differ from those estimates.

Certain prior year amounts have been reclassified to conform to the current year’s presentation. For the year ended December 31, 2017, \$12 million was reclassified from Other revenue to Management fees on our Statement of Operations.

Adoption of New Revenue Recognition Standard

On January 1, 2018, we adopted the new accounting standard Accounting Standards Update (“ASU”) 2014-09, *Revenue from Contracts with Customers*, and all related amendments. See Note 15 for additional information and details on the effects of adopting the new standard.

CAESARS ENTERTAINMENT CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

Reportable Segments

We view each property as an operating segment and aggregate all such properties into three regionally-focused reportable segments: (i) Las Vegas, (ii) Other U.S., and (iii) All Other, which is consistent with how we manage the business. See Note 21.

Consolidation of Subsidiaries and Variable Interest Entities

Our consolidated financial statements include the accounts of Caesars Entertainment and its subsidiaries after elimination of all intercompany accounts and transactions.

We consolidate all subsidiaries in which we have a controlling financial interest and variable interest entities (“VIEs”) for which we or one of our consolidated subsidiaries is the primary beneficiary. Control generally equates to ownership percentage, whereby (i) affiliates that are more than 50% owned are consolidated; (ii) investments in affiliates of 50% or less but greater than 20% are generally accounted for using the equity method where we have determined that we have significant influence over the entities; and (iii) investments in affiliates of 20% or less are generally accounted for using the cost method.

We consolidate a VIE when we have both the power to direct the activities that most significantly impact the results of the VIE and the right to receive benefits or the obligation to absorb losses of the entity that could be potentially significant to the VIE. Along with the VIEs that are consolidated in accordance with the above guidelines, we also hold variable interests in other VIEs that are not consolidated because we are not the primary beneficiary. We continually monitor both consolidated and unconsolidated VIEs to determine if any events have occurred that could cause the primary beneficiary to change. A change in determination could have a material impact on our financial statements.

Consolidation of Korea JV

During 2017, CEC formed a joint venture referred to herein as the Korea JV. The purpose of the Korea JV is to acquire, develop, own, and operate a casino resort project in Incheon, South Korea. We determined that the Korea JV is a VIE and CEC is the primary beneficiary and, therefore, CEC consolidates the Korea JV into its financial statements.

Horseshoe Baltimore Casino

Through August 31, 2017, we consolidated Horseshoe Baltimore Casino (“Horseshoe Baltimore”) as a VIE for which we were the primary beneficiary. Due to the expiration of certain transfer restrictions, we were no longer considered the primary beneficiary and deconsolidated Horseshoe Baltimore.

Horseshoe Baltimore generated year-to-date net revenues of \$190 million and net loss attributable to Caesars of \$7 million until its deconsolidation effective August 31, 2017. Upon deconsolidation, we derecognized total assets and liabilities of \$350 million and \$356 million, respectively, including long-term debt totaling \$294 million. We recorded our interest in Horseshoe Baltimore at its estimated fair value of \$28 million, recognizing a gain on deconsolidation of \$31 million, and are accounting for Horseshoe Baltimore as an equity method investment subsequent to the deconsolidation. We estimated the fair value of the interest in Horseshoe Baltimore by weighting the results of the discounted cash flow method and the guideline public company method.

Horseshoe Baltimore will continue to be a managed property of CEOC LLC subsequent to its deconsolidation, and transactions with Horseshoe Baltimore are not eliminated under the equity method of accounting. These related party transactions include but are not limited to items such as casino management fees paid to CEOC LLC, reimbursed management costs, and the allocation of other expenses. See Note 20.

Note 3 — Summary of Significant Accounting Policies

Additional significant accounting policy disclosures are provided within the applicable notes to the Financial Statements.

Cash, Cash Equivalents, and Restricted Cash

Cash equivalents are highly liquid investments with original maturities of three months or less from the date of purchase and are stated at the lower of cost or market value. Our cash and cash equivalents as of December 31, 2018 and 2017 includes \$14 million and \$58 million, respectively, held by our consolidated VIEs, which is not available for our use to fund operations or satisfy our obligations.

Restricted cash includes cash pledged as collateral for certain operating and capital expenditures in the normal course of bu

business and certain other cash deposits that are for a specific purpose including \$49 million as of December 31, 2018 that is held in the escrow trust for distribution to holders of disputed claims whose claims may ultimately become allowed (see Note 11). The classification of restricted cash between current and non-current is dependent upon the intended use of each particular reserve.

Advertising

The Company expenses the production costs of advertising the first time the advertising takes place. Advertising expense was \$76 million, \$61 million, and \$55 million, respectively, for the years ended December 31, 2018, 2017 and 2016. Advertising expense is included in Property, general, administrative, and other within the Statements of Operations.

Other Operating Costs

Other operating costs primarily includes write-downs, reserves, and project opening costs, net of recoveries and acquisition and integration costs. During 2017, CEC was reimbursed \$19 million for amounts related to the joint venture development in Korea that were previously deemed uncollectible and written off in 2015.

Note 4 — Business Combinations

Acquisition of Centaur Holdings, LLC

As described in Note 1, on July 16, 2018 (the “Centaur Closing Date”), CEC completed its acquisition of all of the voting equity interest of Centaur, for consideration of \$1.7 billion. This acquisition expands our footprint to the central Indiana region and facilitates broad distribution of the Caesars Rewards customer loyalty program, formerly known as Total Rewards (see Note 7). Acquisition-related costs included in Other operating costs in the Statements of Operations were \$8 million during the year ended December 31, 2018. Consideration transferred was composed of the following:

| <u>(In millions)</u> | |
|---------------------------------------|-----------------|
| Cash paid | \$ 1,636 |
| Deferred consideration ⁽¹⁾ | 66 |
| Total purchase price | <u>\$ 1,702</u> |

⁽¹⁾ Deferred consideration is payable in an installment of \$25 million on the second anniversary of the Centaur Closing Date and \$50 million on the third anniversary of the Centaur Closing Date with prepayments and right of setoff permitted, subject to the terms and conditions of the Unit Purchase Agreement. \$66 million represents the present value of future expected cash flows.

Additionally, CEC paid a \$50 million license transfer fee on behalf of Hoosier Park Racing & Casino, which was excluded from the purchase price consideration and is an assumed liability.

Purchase Price Allocation

The following table summarizes the preliminary fair value of assets acquired and liabilities assumed as part of the Centaur acquisition. We will continue to evaluate the fair value of the assets acquired and liabilities assumed which may require the preliminary purchase price allocation to be adjusted within the allowable measurement period. The intangible assets subject to amortization will be amortized on a straight-line basis over their estimated useful lives as of the acquisition date.

⁽¹⁾ Indefinite-lived intangible assets.

We applied the acquisition method of accounting in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 805, *Business Combinations* ("ASC 805"). Goodwill of \$275 million was recognized as a result of the transaction and relates to (i) the values of acquired assets that do not meet the definition of an identifiable intangible asset under ASC 805, but that do contribute to the value of the acquired business, including the assembled workforce and relationships with customers that are not tracked through their customer loyalty program; (ii) the going-concern value associated with expectations of forging relationships with future customers; (iii) the assemblage value associated with acquiring an on-going business whose value is worth more than simply the sum of its parts; (iv) synergies; and (v) the future potential expansion of table games to the properties. All of the goodwill was assigned to our Other U.S. segment. None of the goodwill recognized is expected to be deductible for income tax purposes.

Unaudited Pro Forma Financial Information

The following unaudited pro forma financial information is presented to illustrate the estimated effects of the acquisition of Centaur as if it had occurred on January 1, 2017, and is not necessarily indicative of either future results of operations or results that might have been achieved had the acquisition been consummated as of this date. The pro forma results include adjustments related to purchase accounting, primarily interest expense related to the legacy debt of Centaur that was not acquired, tax adjustments and amortization of intangible assets. Net loss for the year ended December 31, 2017 below includes a discrete tax benefit of \$185 million, resulting from a partial release of valuation allowance in connection with the acquisition. The net deferred tax liability resulting from the acquisition of Centaur provided a source of additional future taxable income requiring us to reassess the amount of valuation allowance previously recorded. The deferred tax liability considered the 21% corporate tax rate enacted by the Tax Act (defined in Note 18).

The results of operations for Centaur have been included in the Company's Financial Statements since the acquisition date. The acquired business contributed \$226 million and \$49 million, respectively, to Net revenues and Income from operations to CEC for the period from July 16, 2018 to December 31, 2018.

CEC's Acquisition of OpCo

As described in Note 1, the Debtors emerged from bankruptcy and consummated their reorganization pursuant to the Plan on the Effective Date. As part of its emergence from bankruptcy, CEOC reorganized into OpCo and PropCo, and CEC acquired OpCo on the Effective Date for the total consideration summarized below. The acquisition was accounted for in accordance with ASC 805 with CEC considered the acquirer, which requires, among other things, that the assets acquired and liabilities assumed be recognized on the balance sheet at their fair values as of the acquisition date. The excess of the purchase price over the net fair value of the assets and liabilities was recorded as goodwill. Consideration transferred was composed of the following:

⁽¹⁾ Indefinite-lived intangible assets.

As part of the Plan, certain real estate assets were sold to PropCo and leased back to OpCo. The leases were evaluated as a sale-leaseback of real estate. We determined that these transactions did not qualify for sale-leaseback accounting, and we accounted for the transaction as a financing. See Note 10. Additionally, certain golf course properties (the “Golf Course Properties”) were sold to VICI. See Note 11.

Goodwill of \$2.2 billion was recognized as a result of the transaction and relates to (i) the values of acquired assets that do not meet the definition of an identifiable intangible asset under ASC 805, but that do contribute to the value of the acquired business, including the assembled workforce and relationships with customers that are not tracked through our customer loyalty program Caesars Rewards; (ii) the going-concern value associated with expectations of forging relationships with future customers; and (iii) the assemblage value associated with acquiring an on-going business whose value is worth more than simply the sum of its parts. Goodwill has been assigned to our three reportable segments. None of the goodwill recognized is expected to be deductible for income tax purposes.

The Company recognized certain deferred tax assets and liabilities resulting from (i) net operating loss (“NOL”) carryforwards available to CEC and reorganization of CEOC under the Plan and (ii) the difference between the fair value of the assets and liabilities and their respective tax bases. Due to CEC’s recent history of losses, CEC will continue to record a valuation allowance against the excess deferred tax assets that are not offset by deferred tax liabilities. Deferred tax liabilities of \$568 million were recognized in the purchase price allocation of OpCo.

CAESARS ENTERTAINMENT CORPORATION

Included within liabilities are estimates related to obligations and future resolution of disputed claims pursuant to the Plan. These liabilities assumed were measured at their estimated fair value based on the bankruptcy proceedings and creditor's proof of claim. Refer to Note 11 for additional information.

In connection with the reorganization of CEOC, the income approach was used to estimate the fair value of the noncontrolling interest of \$13 million.

Receivables

Markers acquired as part of the acquisition of OpCo were accounted for at fair value on the Effective Date, with no acquired reserve, and will be accreted to interest income up to their expected realizable value over the life of their expected collectibility. The acquired markers are subject to adjustment if the actual cash collection differs from the expected collectibility. The fair value, which also represents the carrying amount of markers acquired as part of the acquisition of OpCo as of the Effective Date, was \$139 million. As of December 31, 2018 and 2017, the carrying amount of the markers acquired was \$25 million and \$69 million, respectively.

Unaudited Pro Forma Financial Information

The following unaudited pro forma financial information is presented to illustrate the estimated effects of the acquisition of OpCo as if it had occurred on January 1, 2016, and is not necessarily indicative of either future results of operations or results that might have been achieved had the acquisition been consummated as of this date. The pro forma adjustments, with related tax impacts, are comprised primarily of the following:

- Depreciation and interest expense recognized related to the failed sale-leaseback financing obligations associated with the real estate assets and the financing obligation associated with the Golf Course Properties that were sold to VICI and leased back by CEOC LLC; and
- Interest expense related to the issuance of the CEOC LLC Term Loan, the CEOC LLC Revolving Credit Facility, and the CEC Convertible Notes (see Note 12 for additional information).

| Net income/(loss) attributable to Caesars | 6,401 | (2,570) |

The results of operations for OpCo have been included in the Company's Financial Statements since the acquisition date. The acquired business contributed \$1 billion and \$52 million, respectively, of net revenues and income from operations to CEC for the period from October 6, 2017 to December 31, 2017.

Merger with CAC

As described in Note 1, pursuant to the Merger Agreement, CAC merged with and into CEC, with CEC as the surviving company and each share of CAC common stock issued and outstanding immediately prior to the Effective Date was converted into, and became exchangeable for, 1.625 shares of CEC common stock on the Effective Date, which resulted in the issuance of 226 million shares of CEC common stock to stockholders of CAC. Hamlet Holdings LLC (see Note 20) beneficially owned a majority of both CEC's and CAC's common stock immediately prior to the CAC Merger. Therefore, the CAC Merger was accounted for as a reorganization of entities under common control, which resulted in CAC being consolidated into the Company at book value as an equity transaction for all periods presented after elimination of all intercompany accounts and transactions. The consolidated financial statements are not necessarily indicative of the results of operations that would have occurred if the Company had

consolidated CAC prior to the Effective Date. In addition, as a result of the CAC Merger, Caesars Growth Partners, LLC (“CGP”) is no longer a VIE and is a wholly owned subsidiary of CEC. Note 5 — Recently Issued Accounting Pronouncements

The FASB issued the following authoritative guidance amending the FASB ASC.

In 2018, we adopted the following ASUs:

- ASU 2014-09, *Revenue from Contracts with Customers* (see Note 15).
- ASU 2016-16, *Income Taxes* (see Note 18).

In 2018, the following ASUs became effective, but there was no quantitative or qualitative effect on our financial statements:

- ASU 2018-09, *Codification Improvements*.
- ASU 2018-05, *Income Taxes (Topic 740): Amendments to SEC Paragraphs Pursuant to SEC Staff Accounting Bulletin No. 118*.
- ASU 2018-04, *Investments — Debt Securities (Topic 320) and Regulated Operations (Topic 980): Amendments to SEC Paragraphs Pursuant to SEC Staff Accounting Bulletin No. 117 and SEC Release No. 33-9273*.
- ASU 2017-09, *Compensation - Stock Compensation*.
- ASU 2017-01, *Business Combinations*.
- ASU 2016-18, *Statement of Cash Flows*.
- ASU 2016-01, *Financial Instruments - Overall*.

The following ASUs were not yet effective as of December 31, 2018:

New Developments

Collaborative Arrangements - November 2018: Amended guidance makes targeted improvements to GAAP for collaborative arrangements including: (i) clarifying that certain transactions between collaborative arrangement participants should be accounted for as revenue under ASC 606 when the collaborative arrangement participant is a customer in the context of a unit of account, (ii) adding unit-of-account guidance in ASC 808 to align with the guidance in ASC 606 (that is, a distinct good or service) when an entity is assessing whether the collaborative arrangement or a part of the arrangement is within the scope of ASC 606, and (iii) requiring that in a transaction with a collaborative arrangement participant that is not directly related to sales to third parties, presenting the transaction together with revenue recognized under ASC 606 is precluded if the collaborative arrangement participant is not a customer. The amendments in this update are effective for public entities for fiscal years beginning after December 15, 2019, and interim periods within those fiscal years. Early adoption is permitted. The amendments should be applied retrospectively to the date of initial application of ASC 606. An entity may elect to apply the amendments in this ASU retrospectively either to all contracts or only to contracts that are not completed at the date of initial application of ASC 606. An entity should disclose its election. An entity may elect to apply the practical expedient for contract modifications that is permitted for entities using the modified retrospective transition method in ASC 606. We are currently assessing the effect the adoption of this standard will have on our financial statements.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

Previously Disclosed

Intangibles - Goodwill and Other - Internal-Use Software - August 2018: Amended guidance aligns the requirements for capitalizing implementation costs incurred in a hosting arrangement that is a service contract with the requirements for capitalizing implementation costs incurred to develop or obtain internal-use software. The accounting for the service element of a hosting arrangement that is a service contract is not affected. The amendments in this update are effective for public entities for fiscal years beginning after December 15, 2019, and interim periods within those fiscal years. Early adoption is permitted. The amendments in this ASU should be applied either retrospectively or prospectively to all implementation costs incurred after the date of adoption. We are currently assessing the effect the adoption of this standard will have on our financial statements.

Fair Value Measurement - August 2018: Amended guidance modifies fair value measurement disclosure requirements including (i) removing certain disclosure requirements such as the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy, (ii) modifying certain disclosure requirements, and (iii) adding certain disclosure requirements such as changes in unrealized gains and losses for the period included in other comprehensive income for recurring Level 3 fair value measurements held at the end of the reporting period. The amendments in this update are effective for fiscal years beginning after December 15, 2019, and interim periods within those fiscal years. Early adoption is permitted. The amendments on changes in unrealized gains and losses, the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements, and the narrative description of measurement uncertainty should be applied prospectively for only the most recent interim or annual period presented in the initial fiscal year of adoption. All other amendments should be applied retrospectively to all periods presented upon their effective date. We are currently assessing the effect the adoption of this standard will have on our financial statements.

Leases - February 2016 (amended through December 2018): The amended guidance is intended to increase transparency and comparability among organizations by requiring additional disclosures to reflect the significance of an entity's leasing arrangements. The new standard establishes a right-of-use ("ROU") model that requires a lessee to recognize an ROU asset and lease liability on the balance sheet for all leases with a term longer than 12 months. Many long-term operating leases, including agreements relating to real estate, will be recorded on the balance sheet as an ROU asset with a corresponding lease liability, which will be amortized using the effective interest rate method as payments are made. Certain leases embedded in other arrangements, such as service and supplier contracts, may be accounted for separately by allocating payments between lease and non-lease components.

The new standard provides a number of optional practical expedients in transition. We currently expect to elect the package of practical expedients, which permits us to carryforward our prior conclusions about lease identification, lease classification and initial direct costs. Additionally, we currently expect to adopt the practical expedient that allows comparative periods to be reported under current lease accounting guidance consistent with previously issued financial statements. We also do not currently expect to record leases on the balance sheet that at the commencement date have a lease term of twelve months or less.

While we continue to assess all of the effects of adoption, we currently believe the most significant effects relate to the recognition of new ROU assets and lease liabilities on our Balance Sheet for our real estate operating leases and providing significant new disclosures about our leasing activities. These operating leases will be recognized on a straight-line basis in rent expense. Additionally, we continue to evaluate the impact of the adoption on our existing failed sale-leaseback transactions. The Company expects the accounting for lease agreements where the Company is a lessor to be accounted for in the same manner as those agreements are accounted for under current accounting guidance.

This guidance is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2018. We will adopt the new standard on January 1, 2019 and have elected to apply the guidance as of the adoption date. Consequently, financial information will not be updated, and the disclosures required under the new standard will not be provided for dates and periods before January 1, 2019.

Financial Instruments - Credit Losses - June 2016 (amended through November 2018) : Amended guidance replaces the incurred loss impairment methodology with a methodology that reflects expected credit losses and requires consideration of a broader range of reasonable and supportable information to inform credit loss estimates. Amendments affect entities holding financial assets and net investments in leases that are not accounted for at fair value through net income. The amendments affect loans, debt securities, trade receivables, net investments in leases, off-balance-sheet credit exposures, reinsurance receivables and any other financial assets not excluded from the scope that have the contractual right to receive cash. Amendments are effective for fiscal years beginning after December 15, 2019, including interim periods within those fiscal years. Early adoption is permitted. An entity will apply the amendments in this ASU through a cumulative-effect adjustment to retained earnings as of the beginning of the first reporting period in which the guidance is effective (that is, a modified-retrospective approach). A prospective transition approach is required for debt securities for which an other-than-temporary impairment had b

een recognized before the effective date. The effect of a prospective transition approach is to maintain the same amortized cost basis before and after the effective date of this ASU. We are currently assessing the effect the adoption of this standard will have on our financial statements.

Note 6 — Property and Equipment

We have significant capital invested in our long-lived assets, and judgments are made in determining their estimated useful lives and salvage values and if or when an asset (or asset group) has been impaired. The accuracy of these estimates affects the amount of depreciation and amortization expense recognized in our financial results and whether we have a gain or loss on the disposal of an asset. We assign lives to our assets based on our standard policy, which is established by management as representative of the useful life of each category of asset.

We review the carrying value of our long-lived assets whenever events and circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. As necessary, we typically estimate the fair value of assets starting with a “Replacement Cost New” approach and then deduct appropriate amounts for both functional and economic obsolescence to arrive at the fair value estimates. Other factors considered by management in performing this assessment may include current operating results, trends, prospects, and third-party appraisals, as well as the effect of demand, competition, and other economic, legal, and regulatory factors. In estimating expected future cash flows for determining whether an asset is impaired, assets are grouped at the lowest level of identifiable cash flows, which, for most of our assets, is the individual property. These analyses are sensitive to management assumptions and the estimates of the obsolescence factors. Changes in these assumptions and estimates could have a material impact on the analyses and the consolidated financial statements.

Additions to property and equipment are stated at cost. We capitalize the costs of improvements that extend the life of the asset. We expense maintenance and repair costs as incurred. Gains or losses on the dispositions of property and equipment are recognized in the period of disposal. Interest expense is capitalized on internally constructed assets at the applicable weighted-average borrowing rates of interest. Capitalization of interest ceases when the project is substantially complete or construction activity is suspended for more than a brief period of time. Interest capitalized was \$8 million, \$6 million, and \$2 million, respectively, for the years ended December 31, 2018, 2017, and 2016.

Depreciation is calculated using the straight-line method over the shorter of the estimated useful life of the asset or the related lease.

Note 7 — Goodwill and Other Intangible Assets

The purchase price of an acquisition is allocated to the underlying assets acquired and liabilities assumed based upon their estimated fair values at the date of acquisition. We determine the estimated fair values after review and consideration of relevant information including discounted cash flows, quoted market prices, and estimates made by management. To the extent the purchase price exceeds the fair value of the net identifiable tangible and intangible assets acquired and liabilities assumed, such excess is recorded as goodwill.

We perform our annual goodwill impairment assessment as of October 1. We perform this assessment more frequently if impairment indicators exist. We performed our annual goodwill impairment test by comparing the fair value of each reporting unit with its carrying amount. We determine the estimated fair value of each reporting unit based on a combination of earnings before interest, taxes, depreciation, and amortization ("EBITDA"), valuation multiples, and estimated future cash flows discounted at rates commensurate with the capital structure and cost of capital of comparable market participants, giving appropriate consideration to the prevailing borrowing rates within the casino industry in general. We also evaluate the aggregate fair value of all of our reporting units and other non-operating assets in comparison to our aggregate debt and equity market capitalization at the test date. EBITDA multiples and discounted cash flows are common measures used to value businesses in our industry.

We perform our annual impairment assessment of other non-amortizing intangible assets as of October 1. We perform this assessment more frequently if impairment indicators exist. We determine the estimated fair value of our non-amortizing intangible assets by primarily using the "Relief from Royalty Method" and "Excess Earnings Method" under the income approach.

The evaluation of goodwill and other non-amortizing intangible assets requires the use of estimates about future operating results, valuation multiples, and discount rates to determine their estimated fair value. Changes in these assumptions can materially affect these estimates. Thus, to the extent gaming volumes deteriorate in the near future, discount rates increase significantly, or we do not meet our projected performance, we could have impairments to record in the future and such impairments could be material.

Caesars Rewards

On January 30, 2019, Caesars announced the rebranding of Total Rewards, the Company's industry-leading loyalty program, to Caesars Rewards effective February 1, 2019. The new program leverages the premium Caesars brand to better connect Caesars' elevated standard and prestige with the Company's global destinations.

Our assessment of goodwill and other intangible assets for impairment includes an assessment using various Level 2 (EBITDA multiples and discount rate) and Level 3 (forecasted cash flows) inputs. See Note 7 for more information on the application of the use of fair value methodology to measure goodwill and other intangible assets.

We have not elected the fair value measurement option available under GAAP for any of our assets or liabilities that meet the criteria for this option.

Equity Securities

Investments in equity securities are traded in active markets and have readily determined market values. These investments were included in Prepayments and other current assets on our Balance Sheets. Gross unrealized gains and losses on marketable securities were not material as of December 31, 2017.

Government Bonds

Investments primarily consist of debt securities held by our captive insurance entities that are traded in active markets, have readily determined market values, and have maturity dates of greater than three months from the date of purchase. These investments primarily represent collateral for several escrow and trust agreements with third-party beneficiaries and are recorded in Deferred charges and other assets while a portion is included in Prepayments and other current assets in our Balance Sheets.

Derivative Instruments

We do not purchase or hold any derivative financial instruments for trading purposes.

CEC Convertible Notes - Derivative Liability

On the Effective Date, CEC issued \$1.1 billion aggregate principal amount of 5.00% convertible senior notes maturing in 2024, see Note 12 for further details.

Management analyzed the conversion features for derivative accounting consideration under ASC Topic 815, *Derivatives and Hedging*, (“ASC 815”) and determined that the CEC Convertible Notes contains bifurcated derivative features and qualifies for derivative accounting. In accordance with ASC 815, CEC has bifurcated the conversion features of the CEC Convertible Notes and recorded a derivative liability. The CEC Convertible Notes derivative features are not designated as hedging instruments. The derivative features of the CEC Convertible Notes are carried on CEC’s Balance Sheet at fair value in Deferred credits and other liabilities. The derivative liability is marked-to-market each measurement period and the changes in fair value of \$697 million and \$64 million, respectively, were recorded as a component of Other income/(loss) for the years ended December 31, 2018 and 2017 in the Statements of Operations. The derivative liability associated with the CEC Convertible Notes will remain in effect until such time as the underlying convertible notes are exercised or terminated and the resulting derivative liability will be transitioned from a liability to equity as of such date.

Valuation Methodology

The CEC Convertible Notes have a face value of \$1.1 billion, a term of 7 years, a coupon rate of 5%, and are convertible into 156 million shares of CEC common stock, of which 151 million shares are net of amounts held by CEC.

As of December 31, 2017, we estimated the fair value of the CEC Convertible Notes using a binomial lattice valuation model that incorporated the value of both the straight debt and conversion features of the notes. The valuation model incorporated assumptions regarding the incremental cost of borrowing for CEC, the value of CEC’s equity into which these notes could convert, the expected volatility of such equity, and the risk-free rate. Since the key assumptions used in the valuation model, including CEC’s estimated incremental cost of borrowing and the expected volatility of CEC’s equity, were significant unobservable inputs, the fair value for the conversion features of the CEC Convertible Notes was classified as Level 3.

Key Assumptions as of December 31, 2017 -

- Incremental cost of borrowing - 4.75%
- Expected volatility - 30%
- Risk-free rate - 2.3%

As of December 31, 2018, we estimated the fair value of the CEC Convertible Notes using a market-based approach that incorporated the value of both the straight debt and conversion features of the notes. The valuation model incorporated actively traded prices of the CEC Convertible Notes as of the reporting date, the value of CEC’s equity into which these notes could convert, and assumptions regarding the incremental cost of borrowing for CEC. Since the key assumption used in the valuation model is the actively traded price of CEC Convertible Notes but the incremental cost of borrowing is an unobservable input, the fair value for the conversion features of the CEC Convertible Notes was classified as Level 2.

CAESARS ENTERTAINMENT CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

Key Assumptions as of December 31, 2018 -

- Actively traded price of CEC Convertible Notes - \$122.38
- Incremental cost of borrowing - 7.0%

Interest Rate Swap Derivatives

We use forward-starting interest rate swaps to manage the mix of our debt between fixed and variable rate instruments. During the years ended December 31, 2018 and 2017, respectively, we entered into six and four interest rate swap agreements to fix the interest rate on \$2.0 billion and \$1.0 billion of variable rate debt. As of December 31, 2018, we have entered into ten interest rate swap agreements for notional amounts totaling \$3.0 billion. The interest rate swaps are designated as cash flow hedging instruments. The difference to be paid or received under the terms of the interest rate swap agreements will be accrued as interest rates change and recognized as an adjustment to interest expense for the related debt beginning on December 31, 2018. Changes in the variable interest rates to be paid or received pursuant to the terms of the interest rate swap agreements will have a corresponding effect on future cash flows.

The major terms of the interest rate swap agreements as of December 31, 2018 are as follows:

| Effective Date | Notional Amount (In millions) | Fixed Rate Paid | Variable Rate Received as of December 31, 2018 | Maturity Date |

| 1/2/2019 | 400 | 2.707% | N/A | 12/31/2021 |

Valuation Methodology

The estimated fair values of our interest rate swap derivative instruments are derived from market prices obtained from dealer quotes for similar, but not identical, assets or liabilities. Such quotes represent the estimated amounts we would receive or pay to terminate the contracts. The interest rate swap derivative instruments are included in either Deferred charges and other assets or Deferred credits and other liabilities on our Balance Sheets. Our derivatives are recorded at their fair values, adjusted for the credit rating of the counterparty if the derivative is an asset, or adjusted for the credit rating of the Company if the derivative is a liability. None of our derivative instruments are offset and all were classified as Level 2.

The effect of derivative instruments designated as hedging instruments on the Balance Sheet for amounts transferred into Accumulated other comprehensive income/(loss) ("AOCI") was a loss of \$16 million for the year ended December 31, 2018 and was immaterial in 2017. The estimated amount of existing losses that are reported in AOCI at the reporting date that are expected to be reclassified into earnings within the next 12 months is approximately \$1 million.

Disputed Claims Liability

CEC and CEOC deposited cash, CEC common stock, and CEC Convertible Notes into an escrow trust to be distributed to satisfy certain remaining unsecured claims (excluding debt claims) as they become allowed (see Note 11). We have estimated the fair value of the remaining liability of those claims. As key assumptions used in the valuation model, including assumptions for the conversion features of the CEC Convertible Notes, included significant unobservable inputs, the fair value of the liability was classified as Level 3 as of December 31, 2017. As of December 31, 2018, due to our change in our valuation methodology of the CEC Convertible Notes (see above), the fair value of the Disputed claims liability is now classified as Level 2.

CAESARS ENTERTAINMENT CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

For the years ended December 31, 2018 and 2017, the changes in fair value related to the disputed claims liability was income of \$24 million and immaterial, respectively, which were recorded as components of Other income/(loss) in the Statements of Operations.

Self-Insurance Accruals

We are self-insured for workers' compensation and other risk products through our captive insurance subsidiaries. Our insurance claims and reserves include accruals of estimated settlements for known claims, as well as accruals of actuarial estimates of incurred but not reported claims. In estimating these reserves, historical loss experience and judgments about the expected levels of costs per claim are considered. We also utilize consultants to assist in the determination of certain estimated accruals. These claims are accounted for based on actuarial estimates of the undiscounted claims, including those claims incurred but not reported. We believe the use of actuarial methods to account for these liabilities provides a consistent and effective way to measure these highly judgmental accruals; however, changes in health care costs, accident frequency and severity, and other factors can materially affect the estimates for these liabilities. We regularly monitor the potential for changes in estimates, evaluate our insurance accruals, and adjust our recorded provisions.

VICI Call Right

On the Effective Date, in accordance with the Plan, VICI received the VICI Call Right for up to five years to purchase and leaseback the real property assets associated with Harrah's Atlantic City, Harrah's Laughlin, and Harrah's New Orleans for a cash purchase price of ten times the agreed upon annual rent for each property. The VICI Call Right is subject to the terms of the CRC Credit Agreement (defined in Note 12). On the Effective Date, the VICI Call Right was transferred to Accrued expenses and other current liabilities on our Balance Sheet at an amount equal to the fair value of the option on the Effective Date. Management does not believe that the liability should continue to be recognized at fair value after initial recognition until the execution or expiration of the option because it is an option related to real estate, not a derivative, and the fair value option has not been elected. Additionally, provided the real estate property assets remain on the Balance Sheets, they will be evaluated for impairment.

Note 10 — Leases

Operating Leases

We lease both real estate and equipment used in our operations. As of December 31, 2018, the remaining term of our operating leases ranged from 1 to 79 years with various automatic extensions. For the years ended December 31, 2018, 2017 and 2016, rent expense for operating leases was \$118 million, \$84 million and \$74 million, respectively. In addition to minimum rental commitments, certain of our operating leases provide for contingent rentals based on a percentage of revenues in excess of specified amounts. However, such amounts are not considered material.

Failed Sale-Leaseback Financing Obligations

As described in Note 1 and Note 4, in conjunction with CEOC's emergence from bankruptcy, OpCo, which was acquired by CEC and then immediately merged with and into CEOC LLC, with CEOC LLC as the surviving entity, entered into leases with VICI on the Effective Date related to certain real property assets formerly held by CEOC (each a "CEOC LLC Lease Agreement," and,

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

collectively, the “CEOC LLC Lease Agreements”): (i) for Caesars Palace Las Vegas, (ii) for a portfolio of properties at various locations throughout the United States, and (iii) for Harrah’s Joliet Hotel & Casino. Additionally, on December 22, 2017, Harrah’s Las Vegas sold certain real estate assets to VICI and simultaneously entered into the Harrah’s Las Vegas lease. On July 11, 2018, we sold Octavius Tower to VICI and continue to operate the Octavius Tower under the current terms of the long-term agreement with VICI relating to Caesars Palace. On December 26, 2018, we sold all land and real property improvements used in the operation of Harrah’s Philadelphia to VICI and now lease the real property of Harrah’s Philadelphia from VICI pursuant to the CEOC LLC Lease Agreement relating to certain of our other domestic properties, which was amended to include Harrah’s Philadelphia.

Each lease agreement provides for fixed rent (subject to escalation) during an initial term, then rent consisting of both base rent and variable percentage rent elements, and has a 15-year initial term and four five-year renewal options, subject to certain restrictions on extension applicable to certain of the leased properties. The CEOC LLC Lease Agreements and the Harrah’s Las Vegas lease provide for annual fixed rent of \$695 million and \$87 million, respectively. Each of the leases includes escalation provisions beginning in year two of the initial term and continuing through the renewal terms. The leases also include provisions for contingent rental payments calculated, in part, based on increases or decreases of net revenue of the underlying lease properties, commencing in year eight of the initial term and continuing through the renewal terms.

On December 26, 2018, we and VICI consummated modifications to certain of our existing lease agreements. The modifications bring certain of the lease terms into alignment with other master leases in the sector and the long-term performance of the properties and create additional flexibility to facilitate our future development strategies. The modifications include, among other things: (i) the inclusion of Harrah’s Philadelphia in a CEOC LLC Lease Agreement; (ii) certain changes to a CEOC LLC Lease Agreement to reflect that the Octavius Tower is now owned by VICI and leased directly by VICI to a subsidiary of CEC pursuant to the lease; (iii) from the commencement of the eighth lease year, the implementation of EBITDAR to rent coverage tests in the CEOC LLC Lease Agreements that cap base rent escalations in the leases; and (iv) certain modifications to the rent escalators and the reduction of variable rent increases (or decreases, as applicable) for certain of the leases.

The leases were evaluated as a sale-leaseback of real estate. Under the terms of the lease agreements, we contribute to reserve accounts for which VICI has the right to collaterally assign the security interest in a future VICI financing. We determined that this contingent-collateral arrangement represents a prohibited form of continuing involvement. Among other things, we estimated that the length of the leases, including optional renewal periods, would represent substantially all (90% or more) of the remaining economic lives of the properties and facilities subject to the leases, and the terms of the renewal options give the Company the ability to renew the lease at a rate that has the potential of being less than a fair market value rate as determined at the time of renewal. These, among certain other conditions, represent a prohibited form of continuing involvement. Therefore, we determined that these transactions did not qualify for sale-leaseback accounting, and we accounted for the transaction as a financing.

For a failed sale-leaseback transaction, the real estate assets generally remain on the consolidated balance sheet at their historical net book value and are depreciated over their remaining useful lives while a failed sale-leaseback financing obligation is recognized for the proceeds received. For the CEOC LLC leases transaction, the real estate assets that were sold to VICI and leased back by OpCo were first adjusted to fair value upon CEOC’s emergence from bankruptcy and the failed sale-leaseback financing obligation was recognized at an amount equal to this fair value. CEC then recognized a failed sale-leaseback financing obligation equal to this fair value as part of the acquisition of OpCo (see Note 4).

As described above, for failed sale-leaseback transactions, we continue to reflect the real estate assets on our Balance Sheets in Property and equipment, net as if we were the legal owner, and we continue to recognize depreciation expense over the estimated useful lives. We do not recognize rent expense related to the leases, but we have recorded a liability for the failed sale-leaseback obligations and the majority of the periodic lease payments are recognized as interest expense. In the initial periods, cash payments are less than the interest expense recognized in the Statements of Operations, which causes the related sale-leaseback liability to increase during the beginning of the lease term.

Note 11 — Litigation, Contractual Commitments, and Contingent Liabilities

Litigation

Caesars is party to ordinary and routine litigation incidental to our business. We do not expect the outcome of any such litigation to have a material effect on our consolidated financial position, results of operations, or cash flows, as we do not believe it is reasonably possible that we will incur material losses as a result of such litigation.

Contractual Commitments

Exit Cost Accruals

As of December 31, 2018 and 2017, exit costs were included in Accrued expenses and other current liabilities and Deferred credits and other liabilities on the accompanying Balance Sheets for accruals related to the following:

NV Energy

In September 2017, we filed our final notice to proceed with our plan to exit the fully bundled sales system of NV Energy for our Nevada properties and purchase energy, capacity, and/or ancillary services from a provider other than NV Energy. The transition to unbundle electric service was completed in the first quarter of 2018 (the "Cease-Use Date"). As a result of our decision to exit, an order from the Public Utilities Commission of Nevada required that we pay an aggregate exit fee of \$48 million. These fees are payable over three to six years at an aggregate present value of \$34 million as of December 31, 2018 and were recorded in Accrued expenses and other current liabilities and Deferred credits and other liabilities on the Balance Sheet.

For six years following the Cease-Use Date, we will also be required to make ongoing payments to NV Energy for non-bypassable rate charges, which primarily relate to each entity's share of NV Energy's portfolio of above-market renewable energy contracts and the costs of decommissioning and remediation of coal-fired power plants. As of the effective date of the transition, total fees to be incurred were \$31 million, which were accrued at its present value in the first quarter of 2018. As of December 31, 2018,

CAESARS ENTERTAINMENT CORPORATION

\$24 million was recorded in Accrued expenses and other current liabilities and Deferred credits and other liabilities on the Balance Sheet. The amount will be adjusted in the future if actual fees incurred differ from our estimates.

Sports Sponsorship/Partnership Obligations

We have agreements with certain professional sports teams for advertising, marketing, promotional, and sponsorship opportunities. As of December 31, 2018, obligations related to these agreements were \$177 million with contracts extending through 2034.

Golf Course Properties

Concurrently with the execution of the CEOC LLC Lease Agreements with VICI described in Note 10, certain Golf Course Properties were sold to VICI. CEOC LLC entered into a Golf Course Use Agreement with VICI over a 35-year term, pursuant to which we incur (i) an annual payment of \$10 million subject to escalation, (ii) an annual use fee of \$3 million, subject to escalation beginning in the second year, and (iii) per-round fees. All of these payments are guaranteed by CEC. Although the Golf Course Use Agreement was determined not to be a lease, the escalation points reference the CEOC LLC Lease Agreement relating to certain of our other domestic properties, which was modified (see Note 10 for additional information).

An obligation of \$143 million is recorded in Deferred credits and other liabilities as of December 31, 2018, which represents the amount that the obligations of \$10 million in annual payments to be made under the Golf Course Use Agreement exceeds the fair value of services being received.

The obligation is being amortized using the effective interest method over the term of the Golf Course Use Agreement which continues through October 2052. The amortization on this obligation was \$11 million for the year ended December 31, 2018 and immaterial for the year ended December 31, 2017, reflected in Interest expense in our Statements of Operations.

VICI Leases

Under the CEOC LLC Lease Agreements and the Harrah's Las Vegas lease, we are required to spend certain minimum amounts on capital expenditures.

Tribal Casino Management Contracts

The agreements pursuant to which we manage casinos on Indian lands contain provisions required by law that state that a minimum monthly payment must be made to the applicable tribe. This payment obligation has priority over scheduled repayments of borrowings for development costs and over the management fee earned and paid to the manager. In the event that insufficient cash flow is generated by the operations to fund this payment, we must pay the shortfall to the tribe. Subject to certain limitations as to time, such advances, if any, would be repaid to us in future periods in which operations generate cash flow in excess of the required minimum payment. These commitments will terminate upon the occurrence of certain defined events, including termination of the management contract. Our aggregate monthly commitment for the minimum guaranteed payments, pursuant to contracts for the four managed, Indian-owned facilities, is approximately \$1 million. Each of these casinos currently generates sufficient cash flows to cover all of its obligations, including its debt service.

Separation Agreement

On November 1, 2018, the Company announced that Mark P. Frissora, our President and Chief Executive Officer, will leave the Company. Subject to the terms of the separation agreement entered into between the Company and Mr. Frissora (as amended, the "Separation Agreement"), Mr. Frissora will continue as President and Chief Executive Officer until a termination date of April 30, 2019 (which the Company may extend by one month) for purposes of continuity of leadership as the Company searches for a successor to Mr. Frissora. In connection with his Separation Agreement, upon his termination date, Mr. Frissora will be vested in all unvested equity and cash awards (with vesting of performance stock units and options remaining subject to achievement of applicable targets and options generally exercisable for two years after vesting). As a result of the separation, a total of \$32 million of accelerated compensation will be recognized, of which \$19 million was recognized during the year ended December 31, 2018, and the remainder will be amortized in 2019 through his exit date of April 30, 2019.

Contingent Liabilities

Resolution of Disputed Claims

Prior to the Effective Date, CEOC's financial statements included amounts classified as liabilities subject to compromise, which represented estimates of pre-petition obligations impacted by the Chapter 11 reorganization process. These amounts represented the Debtors' then-current estimate of known or potential pre-petition obligations to be resolved in connection with CEOC's emergence from bankruptcy.

Following the Effective Date, actions to enforce or otherwise affect repayment of liabilities preceding the Petition Date, as well as pending litigation against the Debtors related to such liabilities, generally have been permanently enjoined. Any unresolved claims will continue to be subject to the claims reconciliation process under the supervision of the Bankruptcy Court. CEOC LLC will continue the process of reconciling such claims to the amounts listed by the Debtors in their schedules of assets and liabilities, as amended. The amounts submitted by claimants that remain unresolved total approximately \$590 million. We estimate the fair value of these claims to be \$45 million as of December 31, 2018, which is based on management's estimate of the claim amounts that the Bankruptcy Court will ultimately allow and the fair value of the underlying CEC common stock and CEC Convertible Notes held in escrow for the purpose of resolving those claims. See Note 8.

Pursuant to the Plan, CEC and CEOC deposited cash, CEC common stock, and CEC Convertible Notes into an escrow trust to be distributed to satisfy certain remaining unsecured claims (excluding debt claims) as they become allowed. As claims are resolved, the claimants receive distributions of CEC common stock, cash or cash equivalents, and/or CEC Convertible Notes from the reserves on the same basis as if such distributions had been made on or about the Effective Date. To the extent that any of the reserved shares, cash, and convertible notes remain undistributed upon resolution of the remaining disputed claims, such amounts will be returned to CEC.

As of December 31, 2018, approximately \$49 million in cash, 8 million shares of CEC common stock, and \$32 million in principal value of CEC Convertible Notes remain in reserve for distribution to holders of disputed claims whose claims may ultimately become allowed in the escrow trust. The CEC common stock and CEC Convertible Notes held in the escrow trust are treated as not outstanding in CEC's Financial Statements. We estimate that the number of shares, cash, and CEC Convertible Notes reserved is sufficient to satisfy the Debtors' obligations under the Plan.

Interest payments are estimated based on the forward-looking LIBOR curve and include the estimated impact of the ten interest rate swap agreements (see Note 8). Actual payments may differ from these estimates.

Current Portion of Long-Term Debt

The current portion of long-term debt as of December 31, 2018 includes the principal payments on the term loans, other unsecured borrowings, and special improvement district bonds that are expected to be paid within 12 months.

Borrowings under the revolving credit facilities are each subject to the provisions of the applicable credit facility agreements, which each have a contractual maturity of greater than one year. Amounts borrowed, if any, under the revolving credit facilities are intended to satisfy short term liquidity needs and would be classified as current.

Debt Discounts or Premiums and Deferred Finance Charges

Debt discounts or premiums and deferred finance charges incurred in connection with the issuance of debt are amortized to interest expense based on the related debt agreements primarily using the effective interest method. Unamortized discounts are written off and included in our gain or loss calculations to the extent we extinguish debt prior to its original maturity date.

Fair Value

The fair value of debt has been calculated primarily based on the borrowing rates available as of December 31, 2018 based on market quotes of our publicly traded debt. We classify the fair value of debt within Level 1 and Level 2 in the fair value hierarchy.

CRC Term Loan and Revolving Credit Facility

On December 22, 2017, CRC entered into a new \$5.7 billion senior secured credit facility (the “CRC Senior Secured Credit Facilities”), including a \$1.0 billion five-year revolving credit facility (the “CRC Revolving Credit Facility”) and a \$4.7 billion seven-year first lien term loan (the “CRC Term Loan”). The CRC Senior Secured Credit Facilities were funded and closed pursuant to the Credit Agreement, dated as of December 22, 2017 (the “CRC Credit Agreement”).

The CRC Term Loan matures in 2024. The CRC Revolving Credit Facility matures in 2022 and includes a letter of credit sub-facility. The CRC Term Loan requires scheduled quarterly principal payments in amounts equal to 0.25% of the original aggregate principal amount, with the balance due at maturity. The CRC Credit Agreement also includes customary voluntary and mandatory prepayment provisions, subject to certain exceptions. As of December 31, 2018, \$100 million was outstanding under the CRC Revolving Credit Facility and approximately \$36 million was committed to outstanding letters of credit.

Borrowings under the CRC Credit Agreement bear interest at a rate equal to either (a) LIBOR adjusted for certain additional costs, subject to a floor of 0% or (b) a base rate determined by reference to the highest of (i) the federal funds rate plus 0.50%, (ii) the prime rate as determined by Credit Suisse AG, Cayman Islands Branch, as administrative agent under the CRC Credit Agreement and (iii) the one-month adjusted LIBOR rate plus 1.00%, in each case plus an applicable margin. Such applicable margin shall be (a) with respect to the CRC Term Loan, 2.75% per annum in the case of any LIBOR loan or 1.75% per annum in the case of any base rate loan and (b) in the case of the CRC Revolving Credit Facility, 2.25% per annum in the case of any LIBOR loan and 1.25% per annum in the case of any base rate loan, subject in the case of the CRC Revolving Credit Facility to two 0.125% step-downs based on CRC’s senior secured leverage ratio (“SSLR”), the ratio of first lien senior secured net debt to adjusted earnings before interest, taxes, depreciation and amortization.

In addition, CRC is required to pay a commitment fee in respect of any commitments under the CRC Revolving Credit Facility in the amount of 0.50% of the principal amount of the commitments, subject to step-downs to 0.375% and 0.25% based upon CRC’s SSLR. CRC is also required to pay customary agency fees as well as letter of credit participation fees computed at a rate per annum equal to the applicable margin for LIBOR borrowings on the dollar equivalent of the daily stated amount of outstanding letters of credit, plus such letter of credit issuer’s customary documentary and processing fees and charges and a fronting fee in an amount equal to 0.125% of the daily stated amount of such letter of credit.

CRC Notes

On October 16, 2017, CRC Escrow Issuer LLC (“Escrow Issuer”) and CRC Finco, Inc., then both wholly owned subsidiaries of CEC, issued \$1.7 billion aggregate principal amount of 5.25% senior notes due 2025 (the “CRC Notes”). On December 22, 2017, Escrow Issuer merged with and into CRC, with CRC as the surviving entity and issuer of the CRC Notes.

CEOC LLC Term Loan and Revolving Credit Facility

As part of the acquisition of OpCo on the Effective Date, we assumed debt that was issued in connection with CEOC’s emergence from bankruptcy including a \$1.235 billion term loan (the “CEOC LLC Term Loan”) pursuant to a Credit Agreement dated as of October 6, 2017 (the “CEOC LLC Credit Agreement”). In addition, OpCo had a \$200 million revolving credit facility under the CEOC LLC Credit Agreement (the “CEOC LLC Revolving Credit Facility”).

The CEOC LLC Term Loan matures in 2024 and the CEOC LLC Revolving Credit Facility matures in 2022 and includes a letter of credit sub-facility. The CEOC LLC Term Loan requires scheduled quarterly principal payments in amounts equal to 0.25% of the original aggregate principal amount, with the balance due at maturity. The CEOC LLC Credit Agreement also includes customary voluntary and mandatory prepayment provisions, subject to certain exceptions. As of December 31, 2018, no borrowings were outstanding under the CEOC LLC Revolving Credit Facility and approximately \$39 million was committed to outstanding letters of credit.

On December 18, 2017, CEOC LLC completed a \$265 million incremental term loan facility (the “Incremental Term Loan”) under the CEOC LLC Credit Agreement. The Incremental Term Loan is structured as an add-on to the existing CEOC LLC Term Loan and has the same terms as the existing CEOC LLC Term Loan, including the same applicable interest rate and the same amortization and maturity date.

CAESARS ENTERTAINMENT CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

Borrowings under the CEOC LLC Credit Agreement bear interest at a rate equal to either (a) LIBOR adjusted for certain additional costs, subject to a floor of 0% or (b) a base rate determined by reference to the highest of (i) the federal funds rate plus 0.50%, (ii) the prime rate as determined by Credit Suisse AG, Cayman Islands Branch, as administrative agent under the CEOC LLC Credit Agreement and (iii) the one-month adjusted LIBOR rate plus 1.00%, in each case plus an applicable margin.

On April 16, 2018, CEOC LLC entered into Amendment No. 1 to the CEOC LLC Credit Agreement (the “CEOC LLC Credit Agreement Amendment”) that, among other things, reduced the interest rate margins applicable to the CEOC LLC Term Loan (including the Incremental Term Loan).

After giving effect to the CEOC LLC Credit Agreement Amendment, the applicable margins under the CEOC LLC Credit Agreement are (a) with respect to the CEOC LLC Term Loan, (including the Incremental Term Loan), 2.00% per annum in the case of any LIBOR loan or 1.00% per annum in the case of any base rate loan and (b) in the case of the CEOC LLC Revolving Credit Facility, 2.00% per annum in the case of any LIBOR loan and 1.00% per annum in the case of any base rate loan, subject in the case of the CEOC LLC Revolving Credit Facility to two 0.125% step-downs based on CEOC LLC’s SSLR.

In addition, CEOC LLC is required to pay a commitment fee in respect of any commitments under the CEOC LLC Revolving Credit Facility in the amount of 0.50% of the principal amount of the commitments, subject to step-downs to 0.375% and 0.25% based upon CEOC LLC’s SSLR. CEOC LLC is also required to pay customary agency fees as well as letter of credit participation fees computed at a rate per annum equal to the applicable margin for LIBOR borrowings on the dollar equivalent of the daily stated amount of outstanding letters of credit, plus such letter of credit issuer’s customary documentary and processing fees and charges and a fronting fee in an amount equal to 0.125% of the daily stated amount of such letter of credit.

CEC Convertible Notes

On the Effective Date, CEC issued \$1.1 billion aggregate principal amount of 5.00% convertible senior notes maturing in 2024 to CEOC’s creditors pursuant to the terms of the Plan. The CEC Convertible Notes were issued pursuant to the Indenture, dated as of October 6, 2017.

The CEC Convertible Notes are convertible at the option of holders into a number of shares of CEC common stock that is equal to approximately 0.139 shares of CEC common stock per \$1.00 principal amount of CEC Convertible Notes, which is equal to an initial conversion price of \$7.19 per share. If all the shares were issued on the Effective Date, they would have represented approximately 17.9% of the shares of CEC common stock outstanding on a fully diluted basis. The holders of the CEC Convertible Notes can convert them at any time after issuance. CEC can convert the CEC Convertible Notes beginning in October 2020 if the last reported sale price of CEC common stock equals or exceeds 140% of the conversion price for the CEC Convertible Notes in effect on each of at least 20 trading days during any 30 consecutive trading day period. CEC does not have any other redemption rights under the CEC Convertible Notes. As of December 31, 2018, an immaterial amount of the CEC Convertible Notes were converted into shares of CEC common stock. An aggregate of 156 million shares of CEC common stock, of which 151 million shares are net of amounts held by CEC, are issuable upon conversion of the CEC Convertible Notes. As of December 31, 2018, the remaining life of the CEC Convertible Notes is 5.75 years.

The Company has determined that the CEC Convertible Notes contain derivative features that require bifurcation. We separately account for the liability component and equity conversion option of the CEC Convertible Notes. The portion of the overall fair value allocated to the liability was calculated by using a market-based approach without the conversion features included. The difference between the overall instrument value and the value of the liability component was assumed to be the value of the equity component. See Note 8 for more information on the CEC Convertible Notes’ fair value measurements.

Terms of Outstanding Debt

Restrictive Covenants

The CRC Credit Agreement, CEOC LLC Credit Agreement, as amended, and the indentures related to the CRC Notes contain covenants which are standard and customary for these types of agreements. These include negative covenants, which, subject to certain exceptions and baskets, limit the ability of CRC and certain of its subsidiaries, and CEOC LLC and certain of its subsidiaries, respectively, to (among other items) incur additional indebtedness, make investments, make restricted payments, including dividends, grant liens, sell assets and make acquisitions. The indenture related to the CEC Convertible Notes contains covenants including negative covenants, which, subject to certain exceptions, limit the Company's ability to (among other items) incur additional indebtedness, make investments, make restricted payments, including dividends, grant liens, sell assets, and make acquisitions.

The CRC Revolving Credit Facility and CEOC LLC Revolving Credit Facility include maximum first-priority net SSLR financial covenants of 6.35:1 and 3.50:1, respectively, which are applicable solely to the extent that certain testing conditions are satisfied.

Guarantees

The borrowings under the CRC Credit Agreement and CEOC LLC Credit Agreement, as amended, are guaranteed by the material, domestic, wholly owned subsidiaries of CRC and CEOC LLC, respectively, (subject to exceptions) and substantially all of the applicable existing and future property and assets of CRC or CEOC LLC, respectively, and their respective subsidiary guarantors serve as collateral for the respective borrowings.

The CRC Notes are guaranteed on a senior unsecured basis by each wholly owned, domestic subsidiary of CRC that is a subsidiary guarantor with respect to the CRC Senior Secured Credit Facilities.

Restricted Net Assets

Because of the restrictions in our borrowings and other arrangements, the amount of net assets at consolidated subsidiaries not available to be remitted to CEC via dividend, loan or transfer was approximately \$3.2 billion as of both December 31, 2018 and 2017.

Share Repurchase Program

On May 2, 2018, the Company announced that our Board of Directors authorized a Share Repurchase Program (the "Repurchase Program") to repurchase up to \$500 million of our common stock. On August 10, 2018, the Company announced that our Board of Directors increased its share repurchase authorization to \$750 million of our common stock. Repurchases may be made at the Company's discretion from time to time on the open market or in privately negotiated transactions. The Repurchase Program has no time limit, does not obligate the Company to make any repurchases, and may be suspended for periods or discontinued at any time. Any shares acquired are available for general corporate purposes. During the year ended December 31, 2018, we repurchased approximately 31 million shares for approximately \$311 million under the program recorded in Treasury stock.

Note 14 — Earnings Per Share

Basic earnings per share (“EPS”) is computed by dividing the applicable income amounts by the weighted-average number of shares of common stock outstanding. Diluted earnings per share is computed by dividing the applicable income amounts by the sum of weighted-average number of shares of common stock outstanding and dilutive potential common stock.

For a period in which Caesars generated a net loss, the weighted-average basic shares outstanding was used in calculating diluted loss per share because using diluted shares would have been anti-dilutive to loss per share.

Note 15 — Revenue Recognition

Adoption of New Revenue Recognition Standard

In May 2014, the FASB issued a new standard related to revenue recognition, ASU 2014-09, *Revenue from Contracts with Customers*. We adopted the standard effective January 1, 2018, using the full retrospective method, which requires the Company to recast each prior reporting period presented consistent with the new standard. The most significant effects of adopting the new standard related to the accounting for our Caesars Rewards customer loyalty program and casino promotional allowances.

Caesars Rewards affects revenue from our four core businesses: casino entertainment, food and beverage, rooms and hotel, and entertainment and other business operations. Previously, the Company accrued a liability based on the estimated cost of fulfilling the redemption of Reward Credits, after consideration of estimated forfeitures (referred to as “breakage”), based upon the cost of historical redemptions. Upon adoption of the new accounting standard, Reward Credits are no longer recorded at cost, and a

CAESARS ENTERTAINMENT CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

deferred revenue model is used to account for the classification and timing of revenue recognized as well as the classification of related expenses when Reward Credits are redeemed. This results in a portion of casino revenues being recorded as deferred revenue as Reward Credits are earned. Revenue is recognized in a future period based on when and for what good or service the Reward Credits are redeemed (e.g., a hotel room).

Additionally, we previously recorded promotional allowances in a separate line item within net revenues. As part of adopting the new standard, promotional allowances are no longer presented separately. Alternatively, revenue is recognized based on relative standalone selling prices for transactions with more than one performance obligation. For example, when a casino customer is given a complimentary room, we are required to allocate a portion of the casino revenues earned from the customer to rooms revenues based on the standalone selling price of the room. As a result of this change, we are reporting substantially lower casino revenues; however, this change, and other less significant adjustments that were required upon adoption, did not have an aggregate material effect on total net revenues, operating income, net income, or cash flows.

⁽¹⁾ The conditions that were considered prohibited forms of continuing involvement related to our sale of the Golf Course Properties (see Note 11) are no longer considered continuing involvement under the new revenue recognition standard. As a result of adopting the new standard on a full retrospective basis, we are now reflecting this transaction as a completed sale in the period in which it occurred.

⁽²⁾ Adjustments are primarily related to the reclassification of assets and liabilities in accordance with the new accounting and disclosure requirements.

Accounting Policies

We analyze our revenues based upon the type of services we provide and the geographic location of the related property. We recognize revenue when control over the goods and services we provide has transferred to the customer, which is generally when the services are performed and when we have no substantive performance obligation remaining. Sales and other taxes collected from customers on behalf of governmental authorities are accounted for on a net basis and are not included in net revenues or operating expenses.

Casino Revenues

Casino revenues include revenues generated by our casino operations and casino related activities such as poker, pari-mutuel wagering, and tournaments, less sales incentives and other adjustments. Casino revenues are measured by the aggregate net difference between gaming wins and losses. Jackpots, other than the incremental amount of progressive jackpots, are recognized at the time they are won by customers. We accrue the incremental amount of progressive jackpots as the progressive machine is played, and the progressive jackpot amount increases, with a corresponding reduction to casino revenues. Funds deposited by

CAESARS ENTERTAINMENT CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

customers in advance along with chips and slot vouchers in a customer's possession are recorded in Accrued expenses and other current liabilities on our Balance Sheets until such amounts are redeemed or used in gaming play by the customer.

Non-Gaming Revenues

Rooms revenue, food and beverage revenue, and entertainment and other revenue include: (i) the actual amounts paid for such services (less any amounts allocated to unperformed performance obligations, such as Reward Credits described below); (ii) the value of Reward Credits redeemed for such services; and (iii) the portion of the transaction price allocated to complimentary goods or services provided in conjunction with other revenue-generating activities. Rooms revenue is generally recognized over time, consistent with the customer's reservation period. Food and beverage and entertainment and other revenues are recognized at the point in time the services are performed or events are held. Amounts paid in advance, such as advance deposits on rooms and advance ticket sales, are recorded as a liability until the goods or services are provided to the customer (see Contract Liabilities below).

Other Revenue

Other revenue primarily includes revenue from third-party real estate leasing arrangements at our properties. Rental income is recognized ratably over the lease term with contingent rental income being recognized when the right to receive such rental income is established according to the lease agreements.

Reimbursed Management Costs

Reimbursable management costs are presented on a gross basis as revenue and expense, thus resulting in no net impact on operating income.

Caesars Rewards Loyalty Program

Caesars' customer loyalty program, Caesars Rewards, grants Reward Credits to Caesars Rewards Members based on on-property spending, including gaming, hotel, dining, and retail shopping at all Caesars-affiliated properties. Members may redeem Reward Credits for complimentary or discounted goods and services such as rooms, food and beverages, merchandise, free play, entertainment, and travel accommodations. Members are able to accumulate Reward Credits over time that they may redeem at their discretion under the terms of the program. A member's Reward Credit balance is forfeited if the member does not earn at least one Reward Credit during a continuous six-month period.

Because of the significance of the Caesars Rewards program and the ability for customers to accumulate Reward Credits based on their past play, we have determined that Reward Credits granted in conjunction with other earning activity represent a performance obligation. As a result, for transactions in which Reward Credits are earned, we allocate a portion of the transaction price to the Reward Credits that are earned based upon the relative standalone selling prices ("SSP") of the goods and services involved. When the activity underlying the "earning" of the Reward Credits has a wide range of selling prices and is highly variable, such as in the case of gaming activities, we use the residual approach in this allocation by computing the value of the Reward Credits as described below and allocating the residual amount to the gaming activity. This allocation results in a significant portion of the transaction price being deferred and presented as a Contract liability on our accompanying Balance Sheets. Any amounts allocated to Contract liabilities are recognized as revenue when the Reward Credits are redeemed in accordance with the specific recognition policy of the activity for which the credits are redeemed. This balance is further described below under Contract Liabilities.

Our Caesars Rewards loyalty program includes various tiers that offer different benefits, and members are able to earn credits towards tier status, which generally enables them to receive discounts similar to those provided as complimentary described below. We have determined that any such discounts received as a result of tier status do not represent material rights, and therefore, we do not account for them as distinct performance obligations.

We have determined the SSP of a Reward Credit by computing the redemption value of credits expected to be redeemed. Because Reward Credits are not otherwise independently sold, we analyzed all Reward Credit redemption activity over the preceding calendar year and determined the redemption value based on the fair market value of the goods and services for which the Reward Credits were redeemed. We have applied the practical expedient under the portfolio approach to our Reward Credit transactions because of the similarity of gaming and other transactions and the homogeneity of Reward Credits.

As part of determining the SSP for Reward Credits, we also determined that there is generally an amount of Reward Credits that is not redeemed, which is considered "breakage." We recognize the expected breakage proportionally with the pattern of revenue

CAESARS ENTERTAINMENT CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

recognized related to the redemption of Reward Credits. We periodically reassess our customer behaviors and revise our expectations as deemed necessary on a prospective basis.

Complimentaries

As part of our normal business operations, we often provide lodging, transportation, food and beverage, entertainment, free play and other goods and services to our customers at no additional charge. Alternatively, Reward Credits can be redeemed for these services. Both are considered complimentaries. Such complimentaries are provided in conjunction with other revenue-earning activities and are generally provided to encourage additional customer spending on those activities. Accordingly, we allocate a portion of the transaction price we receive from such customers to the complimentary goods and services. We perform this allocation based on the SSP of the underlying goods and services, which is determined based upon the weighted-average cash sales prices received for similar services at similar points during the year.

Receivables and Contract Liabilities

We issue credit to approved casino customers following investigations of creditworthiness. Business or economic conditions or other significant events could affect the collectibility of these receivables. Accounts receivable are non-interest bearing and are initially recorded at cost.

Marker play represents a significant portion of our overall table games volume. We maintain strict controls over the issuance of markers and aggressively pursue collection from those customers who fail to pay their marker balances timely. These collection efforts include the mailing of statements and delinquency notices, personal contacts, the use of outside collection agencies and civil litigation. Markers are generally legally enforceable instruments in the United States. Markers are not legally enforceable instruments in some foreign countries, but the United States assets of foreign customers may be reached to satisfy judgments entered in the United States. We consider the likelihood and difficulty of enforceability, among other factors, when we issue credit to customers who are not residents of the United States.

Accounts are written off when management deems the account to be uncollectible. Recoveries of accounts previously written off are recorded when received. We reserve an estimated amount for gaming receivables that may not be collected to reduce the Company's receivables to their net carrying amount. Methodologies for estimating the allowance for doubtful accounts range from specific reserves to various percentages applied to aged receivables. Historical collection rates are considered, as are customer relationships, in determining specific reserves. As with many estimates, management must make judgments about potential actions by third parties in establishing and evaluating our reserves for allowance for doubtful accounts. Receivables are reported net of the allowance for doubtful accounts.

Note 16 — Stock-Based Compensation

Caesars Entertainment Stock-Based Compensation Plans

We maintain long-term incentive plans for management, other personnel, and key service providers. The plans allow for granting stock-based compensation awards, based on CEC common stock (NASDAQ symbol “CZR”), including time-based and performance-based stock options, restricted stock units (“RSUs”), performance stock units (“PSUs”), restricted stock awards, stock grants, or a combination of awards. Forfeitures are recognized in the period in which they occur.

Prior Performance Incentive Plans

Prior performance incentive plans include the Caesars Interactive Entertainment, Inc. Amended and Restated Management Equity Incentive Plan and the Caesars Acquisition Company 2014 Performance Incentive Plan. No awards issued under these plans are outstanding as of December 31, 2018 and 2017, as a result of the sale of Caesars Interactive Entertainment’s (“CIE”) social and mobile games business (the “SMG Business”) as described in Note 19 and the CAC Merger described in Note 1.

CAESARS ENTERTAINMENT CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

In July 2017, we adopted the Caesars Entertainment Corporation 2017 Performance Incentive Plan, (the “2017 Incentive Plan”) upon approval of the Company’s stockholders and, upon adoption, awards are no longer granted under the Caesars Entertainment Corporation 2012 Performance Incentive Plan, as amended, (the “2012 Incentive Plan”). As of December 31, 2018, there were approximately 8 million options outstanding under the 2012 Incentive Plan, which will expire between years 2022 and 2025. As of December 31, 2018, there were approximately 2 million RSUs outstanding under the 2012 Incentive Plan.

2017 Performance Incentive Plan

The 2017 Incentive Plan allows for the granting of equity based awards for directors, employees, officers and consultants or advisers who render services to Caesars Entertainment or its subsidiaries. Under the 2017 Incentive Plan, a total of 25 million shares of our common stock have been authorized for issuance. No options have been granted under the 2017 plan. RSUs granted under the 2017 Incentive Plan generally vest ratably over four years. PSUs vest over three years. The number of unissued common shares reserved for future grants under the plan is 9 million as of December 31, 2018.

The fair value of RSUs vested during the years ended December 31, 2018, 2017, and 2016, was \$72 million, \$29 million, and \$23 million, respectively.

Caesars Entertainment Performance Stock Unit Activity

In April 2018, the Company granted approximately 1.6 million PSUs that are scheduled to vest in three equal tranches over a three-year period. On each vesting date, recipients will receive between 0% and 200% of the granted PSUs in the form of CEC common stock based on the achievement of specified performance service conditions. Based on the terms and conditions of the awards, the fair value of the PSUs was initially set equal to the quoted market price of our common stock on the date of grant. The grant date fair value is reassessed at each reporting date to reflect the market price of our common stock until a mutual understanding of the key terms and conditions of the awards between the Company and recipient is achieved. The following table summarizes the activity of Caesars Entertainment's PSUs during the year ended December 31, 2018.

Unrecognized Compensation Cost

As of December 31, 2018, there was \$126 million of total unrecognized compensation cost related to Caesars Entertainment stock-based compensation plans, which is expected to be recognized over a remaining weighted-average period of 2.4 years.

CIE Stock-Based Compensation Plan

Historically, CIE granted stock-based compensation awards in CIE common stock to its employees, directors, service providers and consultants in accordance with the Caesars Interactive Entertainment, Inc. Amended and Restated Management Equity Incentive Plan. These awards were classified as liability-based instruments and were re-measured at their fair value at each reporting date.

As described in Note 19, in September 2016, CIE sold its SMG Business, which represented the majority of CIE's operations, and the SMG Business has been presented as discontinued operations. Upon the closing of the SMG Business sale, all outstanding CIE stock-based compensation awards were deemed fully vested and were subsequently paid in cash in connection with the closing of the SMG Business sale. The portion of CIE's stock-based compensation expense directly identifiable with employees of the SMG Business was reclassified to discontinued operations for all periods presented in the Statements of Operations. The portion of CIE's stock-based compensation expense not directly identifiable with employees of the SMG Business was included in Property, general, administrative, and other in the Statements of Operations.

Note 17 — Deferred Compensation and Employee Benefit Plans

Deferred Compensation

On December 6, 2018, we adopted the Caesars Entertainment Corporation Executive Supplemental Savings Plan III and the Caesars Entertainment Corporation Outside Director Deferred Compensation Plan, effective January 1, 2019. These plans are unfunded, nonqualified deferred compensation plans. Payment obligations pursuant to the plans are unsecured general obligations of the Company and affiliates of the Company employing participants in the ESSP III. There is no liability as of December 31, 2018.

Deferred Compensation Plans

As of December 31, 2018, certain current and former employees of Caesars, and our subsidiaries and affiliates, have balances under: (i) the Harrah's Entertainment, Inc. Executive Supplemental Savings Plan, (ii) the Harrah's Entertainment, Inc. Executive Supplemental Savings Plan II, (iii) the Park Place Entertainment Corporation Executive Deferred Compensation Plan, (iv) the Harrah's Entertainment, Inc. Deferred Compensation Plan, and (v) the Harrah's Entertainment, Inc. Executive Deferred Compensation Plan (collectively, the "existing deferred compensation plans"). These plans are deferred compensation plans that allow certain employees an opportunity to save for retirement and other purposes.

Each of the plans is now frozen and is no longer accepting contributions. However, participants may still earn returns on existing plan balances based upon their selected investment alternatives, which are reflected in their deferral accounts. The total liability

CAESARS ENTERTAINMENT CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

recorded in Deferred credits and other liabilities for these plans was \$53 million and \$63 million as of December 31, 2018 and 2017, respectively.

Trust Assets

CEC is a party to a trust agreement (the “Trust Agreement”) and an escrow agreement related to a settlement agreement where CEC assumed all obligations to CEOC plan participants under or with respect to all five of the existing deferred compensation plans contemporaneously with the Effective Date (the “Escrow Agreement”), each structured as so-called “rabbi trust” arrangements, which holds assets that may be used to satisfy obligations under the existing deferred compensation plans above. Amounts held pursuant to the Trust Agreement and the Escrow Agreement were approximately \$99 million and \$125 million as of December 31, 2018 and 2017, respectively, and have been reflected within Deferred charges and other assets on the Balance Sheets.

Savings and Retirement Plan

We maintain a defined contribution savings and retirement plan that allows employees to make pre-tax and after-tax contributions. Under the plan, participating employees may elect to contribute up to 50% of their eligible earnings (subject to Internal Revenue Service (“IRS”) rules and regulations). Participating employees become vested in matching contributions on a pro-rata basis over five years of credited service. Prior to January 1, 2018, participating employees were eligible to receive a company match of 50% up to 6% of eligible earnings that the individual elected to contribute with an individual cap of \$600. During 2018, the company match was the greater of 25% up to 6% of earnings that the individual elected to contribute with no cap or 50% up to 6% of eligible earnings that the individual elected to contribute with an individual cap of \$600. Beginning January 1, 2019, the match increases to 50% up to 6% of eligible earnings that the individual elects to contribute with no individual cap (subject to further limitations for certain higher-salaried employees). Our contribution expense for this plan was \$14 million, \$7 million, and \$6 million for the years ended December 31, 2018, 2017, and 2016, respectively.

Pension Commitments

We have a defined benefit plan for employees of our London Clubs International subsidiary that provides benefits based on final pensionable salary. The plan is no longer accepting participants or employee contributions. The assets of the plan are held in a separate trustee-administered fund, and death-in-service benefits, professional fees, and other expenses are paid by the pension plan. Annual contributions are made as required. We account for this plan under the immediate recognition method, under which actuarial gains and losses are recognized in our Statements of Operations in the year in which the gains and losses occur rather than deferring them into Other comprehensive income/(loss) and amortizing them over future periods. Any such amounts are recorded in the fourth quarter of each year, and during 2018 and 2017, we recognized a gain of \$19 million and a loss of \$1 million, respectively. These amounts do not reflect current compensation costs and are recorded outside of Income from operations, within Other income/(loss) on our Statements of Operations.

As of December 31, 2018 and 2017, total plan assets were \$180 million and \$212 million, respectively, with projected benefit obligations totaling \$217 million and \$278 million, respectively, resulting in a net pension liability of \$37 million and \$66 million, respectively, which is recorded within Deferred credits and other liabilities on our Balance Sheets. As of December 31, 2018, our estimated long-term expected return on assets for this plan is 4.9% with a 2.9% discount rate. For the year ended December 31, 2018, we contributed \$6 million to the plan, which we expect to remain consistent annually.

Multi-employer Pension Plans

The Company contributes to a number of multi-employer defined benefit pension plans under the terms of collective-bargaining agreements that cover its union-represented employees. The risks of participating in these multi-employer plans are different from a single-employer plan in the following respects:

- i. Assets contributed to the multi-employer plan by one employer may be used to provide benefits to employees of other participating employers.
- ii. If a participating employer stops contributing to the plan, the unfunded obligations of the plan may be borne by the remaining participating employers.
- iii. If the Company chooses to stop participating in some of its multi-employer plans, the Company may be required to pay those plans an amount based on the underfunding of the plan, referred to as a “withdrawal liability.”

⁽¹⁾ Represents the Pension Protection Act zone status for applicable plan year beginning January 1, except where noted otherwise. The zone status is based on information that the Company received from the plan administrator and is certified by the plan's actuary. Among other factors, plans in the red zone are generally less than 65% funded, plans in the yellow zone are between 65% and less than 80% funded, and plans in the green zone are at least 80% funded. All plans detailed in the table above utilized extended amortization provisions to calculate zone status.

⁽²⁾ Comparability to periods prior to the Effective Date are impacted by the consolidation of CEOC LLC in 2017.

CEC contributes to the HERE Plan and we expect to provide more than 5% of the total contributions for the plan year ended 2018, but the Form 5500 is not yet available. CEC no longer contributes to the NRF.

⁽⁷⁾ Plan years begin February 1.

⁽⁸⁾ Plan years begin July 1.

⁽⁹⁾ The Plan has yet to provide an FIP. FIP status is not considered pending or implemented.

In 2017, we reached an agreement with Hilton Hotels Corporation, whereby CEC received \$12 million, of which \$7 million was recorded in Deferred credits and other liabilities and \$5 million was recorded in Accrued expenses and other current liabilities on the Balance Sheet at December 31, 2017, in exchange for assuming responsibility of a 31.75% funding liability of the Hilton Hotels Retirement Plan. These proceeds have been used to make quarterly contributions, of which \$5 million has been contributed for the year ended December 31, 2018. Once the proceeds are depleted, future contributions will be expensed as incurred. \$5 million of the remaining proceeds is recorded within Accrued expenses and other liabilities and \$2 million is recorded within Deferred credits and other liabilities on our balance sheet as of December 31, 2018.

Note 18 — Income Taxes

The effect on the income tax provision and deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. We have provided a valuation allowance on certain foreign and state NOLs, and other federal, state, and foreign deferred tax assets. NOLs and other federal, state, and foreign deferred tax assets were not deemed realizable based upon the Company's recent history of taxable losses.

On December 22, 2017, the U.S. government enacted comprehensive tax legislation commonly referred to as the Tax Cuts and Jobs Act (the "Tax Act"). The Tax Act makes broad and complex changes to the U.S. tax code that affected our year ended

CAESARS ENTERTAINMENT CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

December 31, 2017, including, but not limited to (i) reducing the U.S. federal corporate tax rate, (ii) changing rules related to uses and limitations of net operating loss carryforwards created in tax years beginning after December 31, 2017, (iii) bonus depreciation that will allow for full expensing of qualified property, (iv) generally eliminating U.S. federal income taxes on dividends from foreign subsidiaries, and (v) a one-time transition tax on the mandatory deemed repatriation of cumulative foreign earnings accumulated post 1986 through 2017 that were previously deferred from U.S. income taxes.

The SEC staff issued Staff Accounting Bulletin No. 118 (“SAB 118”), which provides guidance for the accounting of the effects of the Tax Act. SAB 118 provides a measurement period that should not be extended past a year from the enactment date for companies to complete the accounting of the Tax Act under ASC Topic 740, *Income Taxes* (“ASC 740”). Companies that do not complete the accounting under ASC 740 for the tax effects of the Tax Act must record a provisional estimate of the tax effects of the Tax Act. If a provisional estimate cannot be determined, a company should continue to apply ASC 740 based on the tax laws in effect immediately before the enactment of the Tax Act.

As of December 31, 2018, the Company has completed the accounting for the tax effects of the Tax Act. During the year ended December 31, 2017, the Company made a reasonable estimate of the effects on the existing deferred tax balances and accrued a provisional income tax benefit of approximately \$1.2 billion in the period ended December 31, 2017. The amount of the estimated income tax benefit was (i) \$797 million related to the net deferred tax benefit of the corporate rate reduction and (ii) \$442 million related to the net deferred tax benefit of deferred tax assets which were realizable due to the changing rules related to uses and limitations of net operating loss carryforwards created in tax years beginning after December 31, 2017. During the year ended December 31, 2018, the Company revised its estimate of the effects on the existing deferred tax balances as of December 31, 2017, and accrued an additional provisional income tax benefit of \$82 million. The total amount of the revised estimated income tax benefit is (i) \$710 million related to the net deferred tax benefit of the corporate rate reduction, (ii) \$569 million related to the net deferred tax benefit of deferred tax assets, which are now realizable due to the changing rules related to uses and limitations of net operating loss carryforwards created in tax years beginning after December 31, 2017, and (iii) \$42 million relating to the net deferred tax benefit of state deferred tax assets, which are now realizable due to the changing rules related to interest expense disallowance for those states which conform to the Tax Act.

The Tax Act also includes provisions for Global Intangible Low-Taxed Income (“GILTI”), which imposes taxes on foreign income in excess of a deemed return on tangible assets of foreign corporations. Companies are allowed to make an accounting policy election of either (i) account for GILTI as a component of income tax expense in the period in which the Company is subject to the rules (the “period cost method”), or (ii) account for GILTI in the Company’s measurement of deferred taxes (the “deferred method”). The Company has elected the period cost method.

Effective January 1, 2018, we adopted ASU 2016-16, *Income Taxes (Topic 740)*, which provides amended guidance regarding intra-entity transfers of assets other than inventory and requires the recognition of any related income tax consequences when such transfers occur.

We file income tax returns, including returns for our subsidiaries, with federal, state, and foreign jurisdictions. We are under regular and recurring audit by the IRS and various state taxing authorities on open tax positions, and it is possible that the amount of the liability for unrecognized tax benefits could change during the next 12 months.

Management assesses the available positive and negative evidence to estimate if sufficient future taxable income will be generated to use the existing deferred tax assets. Due to ongoing losses from continuing operations, we project that future reversals of taxable temporary differences are not sufficient to provide adequate taxable income to realize our deferred tax assets. Accordingly, we have a valuation allowance against the federal, state and foreign deferred tax assets that are not projected to be realizable.

As of December 31, 2018 and 2017, we had federal NOL carryforwards of \$2.6 billion and \$2.9 billion, respectively. These NOLs will begin to expire in 2030. In addition, we had federal general business tax credits and research tax credit carryforwards of \$72 million, which will begin to expire in 2029.

NOL carryforwards for our domestic subsidiaries for state income taxes were \$9.0 billion and \$8.9 billion as of December 31, 2018 and 2017, respectively. Due to the Company's recent history of taxable losses, it is more likely than not that the benefit from certain state NOL carryforwards will not be realized. Accordingly, we have provided a valuation allowance on the deferred tax assets relating to these NOL carryforwards which will not more likely than not be realized. These state NOLs will begin to expire in 2019.

NOL carryforwards for our foreign subsidiaries were \$91 million and \$95 million as of December 31, 2018 and 2017, respectively. Due to the Company's recent history of taxable losses, it is more likely than not that the benefit from certain foreign NOL carryforwards will not be realized. Accordingly, we have provided a valuation allowance on the deferred tax assets relating to these NOL carryforwards which will not more likely than not be realized. These foreign NOLs do not expire.

At December 31, 2018 and 2017, deferred income taxes have not been provided for basis differences in certain investments, primarily as a result of \$38 million of unremitted earnings in foreign subsidiaries which are indefinitely reinvested. Should these

CAESARS ENTERTAINMENT CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

earnings be distributed in the future in the form of dividends or otherwise, we would be subject to withholding taxes payable to various jurisdictions which would not be significant.

| Effect of changes in federal tax law | — | (42) | — |
| Balance as of end of year | <u>\$ 169</u> | <u>\$ 162</u> | <u>\$ 115</u> |

We classify reserves for tax uncertainties within Accrued expenses and other current liabilities and Deferred credits and other liabilities in our Balance Sheets, separate from any related income tax payable or Deferred income taxes. Reserve amounts relate to any potential income tax liabilities resulting from uncertain tax positions as well as potential interest or penalties associated with those liabilities.

We accrue interest and penalties related to unrecognized tax benefits in income tax expense. During 2018, we increased our accrual by \$2 million. During 2017, we increased our accrual by \$2 million (including the interest from OpCo unrecognized tax benefits acquired in 2017), and during 2016, we increased our accrual by \$3 million. There was an accrual for the payment of interest and penalties of \$8 million, \$5 million, and \$3 million as of December 31, 2018, 2017, and 2016, respectively. Included in the balances of unrecognized tax benefits as of December 31, 2018 and 2017 was approximately \$145 million and \$78 million, respectively, of unrecognized tax benefits that, if recognized, would impact the effective tax rate. There were \$17 million unrecognized tax benefits as of December 31, 2016 that, if recognized, would impact the effective tax rate.

We file income tax returns, including returns for our subsidiaries, with federal, state, and foreign jurisdictions. We are subject to exam by various state and foreign tax authorities. As of December 31, 2018, the tax years prior to 2015 are not subject to examination for U.S. tax purposes. As of December 31, 2018, the tax years prior to 2014 are no longer subject to examination for most of the foreign and state income tax jurisdictions as the statutes of limitations have lapsed.

We believe that it is reasonably possible that the unrecognized tax benefits liability will not materially change within the next 12 months. Audit outcomes and the timing of audit settlements are subject to significant uncertainty. Although we believe that adequate provision has been made for such issues, there is the possibility that the ultimate resolution of such issues could have an adverse effect on our earnings. Conversely, if these issues are resolved favorably in the future, the related provision would be reduced, thus having a favorable impact on earnings.

Note 19 — Discontinued Operations

Sale of SMG Business

On September 23, 2016, CIE sold its SMG Business to Alpha Frontier Limited (“Alpha Frontier”) for cash consideration of \$4.4 billion, pursuant to the Stock Purchase Agreement dated as of July 30, 2016 (the “Purchase Agreement”), which resulted in a pre-tax gain of approximately \$4.2 billion.

In connection with the closing of the sale of the SMG Business, the total amount distributed to the minority investors and former holders of CIE equity awards was approximately \$1.1 billion. Approximately \$259 million was held as of December 31, 2016 in an escrow account to fund potential indemnity claims of Alpha Frontier under the Purchase Agreement. In the third quarter of 2017, the escrow funds were released to CIE and \$63 million was distributed to the minority investors and former holders of CIE equity awards. The majority of the proceeds from the sale of the SMG Business was restricted under the terms of the Purchase Agreement and the CIE Proceeds Agreement and was therefore classified as restricted cash upon receipt until the Effective Date of the CAC Merger when the proceeds were no longer restricted and became available for use by CEC.

CAESARS ENTERTAINMENT CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

As a result of the sale, the results of operations and cash flows related to the SMG Business were classified as discontinued operations for all periods presented effective beginning in the third quarter of 2016.

Transactions with Sponsors and their Affiliates

The members of Hamlet Holdings LLC are comprised of individuals affiliated with Apollo Global Management, LLC and affiliates of TPG Capital LP (collectively, the "Sponsors") and own CEC common stock. On the Effective Date, we entered into a "Termination Agreement" with the Sponsors and their affiliates, pursuant to which certain agreements terminated. We reimbursed \$34 million to the Sponsors on the Effective Date, included in the table above, related to CEOC's pre-emergence expenses that were paid by the Sponsors. Due to reductions in ownership percentage of the Company starting on the Effective Date, we are no longer controlled or significantly influenced by the Sponsors. Amounts paid prior to the Effective Date to the Sponsors' portfolio companies with which we engage in transactions are included in the table above. We believe such transactions were conducted at fair value.

Transactions with Horseshoe Baltimore

As described in Note 2, upon our deconsolidation of Horseshoe Baltimore effective August 31, 2017, Horseshoe Baltimore, which remains 41% owned by us, is now held as an equity method investment and considered to be a related party. These related party transactions include items such as casino management fees, reimbursement of various costs incurred by CEOC LLC on behalf of Horseshoe Baltimore, and the allocation of other general corporate expenses. A summary of the transactions with Horseshoe Baltimore subsequent to the deconsolidation is provided in the table above.

Transactions with CEOC

As described in Note 1, upon its filing for reorganization under Chapter 11 of the Bankruptcy Code and its subsequent deconsolidation, transactions with CEOC were no longer eliminated in consolidation and were considered related party transactions

CAESARS ENTERTAINMENT CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

for Caesars. A summary of these transactions is provided in the table above. However, subsequent to CEOC's emergence on the Effective Date, CEOC's successor, OpCo immediately merged with and into CEOC LLC, which is a wholly owned subsidiary of CEC, and therefore will no longer be treated as a related party going forward. The following activities, to the extent that they continued subsequent to the Effective Date, are eliminated in consolidation from that point forward.

CEOC Shared Services Agreement

Pursuant to a shared services agreement, CEOC provided Caesars with certain corporate and administrative services, and the costs of these services were allocated to Caesars. Certain services are now provided by Caesars Enterprise Services, LLC ("CES").

Prior to the deconsolidation of CEOC, we were self-insured for employee medical (health, dental, and vision) and risk products, including workers compensation and surety bonds, and our insurance claims and reserves included accruals of estimated settlements for known claims, as well as accruals of actuarial estimates of incurred but not reported claims.

Caesars Entertainment provided insurance coverage to CEOC and received insurance premiums on an installment basis, which were intended to cover claims processed on CEOC's behalf. We prepaid CEOC for estimated employee medical insurance claims.

Services Joint Venture

CES provides certain corporate and administrative services to its members, and the costs of these services are allocated among the members. CES allocates costs including amounts for insurance coverage.

Management Fees

CGP paid a management fee to CEOC for the CGP properties that were managed by CEOC or CES.

Octavius Tower Lease Agreement

Under the prior Octavius Tower lease arrangement, VICI leased the Octavius Tower from the Company, and CEOC LLC and its applicable subsidiaries then sub-leased the Octavius Tower from VICI pursuant to the CEOC LLC Lease Agreement relating to Caesars Palace. On July 11, 2018, the real estate assets of the Octavius Tower were sold by the Company to VICI. CEOC LLC and its applicable subsidiaries continue to lease the Octavius Tower under the CEOC LLC Lease Agreement for Caesars Palace.

LINQ Access and Parking Easement Lease Agreement

Under the LINQ Access and Parking Easement lease agreement, subsidiaries of CEOC granted easements for access and parking behind The LINQ Promenade and The LINQ Hotel & Casino to Caesars Entertainment Resort Properties, LLC ("CERP") and CGP and certain of their subsidiaries. Together, CERP and CGP paid approximately \$2 million annually. Amounts are included within Other expenses incurred in the table above. The parking lot was sold to VICI upon CEOC's emergence from bankruptcy, at which time, the easement payment obligation ceased. The access and parking behind The LINQ Promenade and The LINQ Hotel & Casino was partially repurchased by CRC as part of the purchase of approximately 18 acres of land adjacent to the Harrah's Las Vegas property with the other portion still owned by VICI.

Service Provider Fee

CEOC, CERP and CGP had a shared services agreement under which CERP and CGP paid for certain indirect corporate support costs. Amounts are included within Other expenses incurred in the table above.

Cross Marketing and Trademark License Agreement

CIE and CEOC have a Cross Marketing and Trademark License Agreement. The agreement granted CIE the exclusive right to use various brands of Caesars Entertainment in connection with social and mobile games and online real money gaming in exchange for a 3% royalty. This agreement also provides for cross marketing and promotional activities between CIE and CEOC, including participation by CIE in our Caesars Rewards customer loyalty program. CEOC also received a revenue share from CIE for customer referrals. Amounts are included within Other expenses incurred in the table above.

Equity Incentive Awards

Caesars maintains an equity incentive awards plan under which CEC issued time-based and performance-based stock options, restricted stock units and restricted stock awards to CEOC employees. Although awards under the plan resulted in the issuance of

CAESARS ENTERTAINMENT CORPORATION

shares of CEC common stock, because CEOC was no longer a consolidated subsidiary of CEC, we accounted for these awards as nonemployee awards subsequent to the date of deconsolidation.

Employee Benefit Plans

CEC maintains a defined contribution savings and retirement plan in which eligible employees of specified CEC subsidiaries may participate. The plan provides for, among other things, pre-tax, Roth and after-tax contributions by employees. The plan also provides for employer matching contributions. Under the plan, participating employees may elect to contribute a percentage of their eligible earnings (subject to certain IRS and plan limits). See Note 17 for more information on the savings and retirement plan. In addition, employees subject to certain collective bargaining agreements receive benefits through the multi-employer retirement plans sponsored by the organization in which they are a member. The expenses related to contributions for a participant in the CEC plan or a multi-employer plan are allocated to the properties at which the participant is employed.

Caesars Rewards Loyalty Program

Until the Effective Date, the total estimated cost for Caesars Rewards was accrued by CEOC; on the Effective Date, administration of Caesars Rewards is managed by CEC.

Due from/to Affiliates

Amounts due from or to affiliates for each counterparty represent the net receivable or payable as of the end of the reporting period primarily resulting from the transactions described above and are settled on a net basis by each counterparty in accordance with the legal and contractual restrictions governing transactions by and among Caesars' consolidated entities.

As of December 31, 2018 and December 31, 2017, Due from affiliates, net was \$6 million and \$11 million, respectively, and represented transactions with Horseshoe Baltimore.

Note 21 — Segment Reporting

We view each property as an operating segment and aggregate such properties into three regionally-focused reportable segments: (i) Las Vegas, (ii) Other U.S. and (iii) All Other, which is consistent with how we manage the business. These segments include the following properties:

| Las Vegas | Other U.S. | All Other | |
|---|---|--|-----------------------------------|
| Bally's Las Vegas | Bally's Atlantic City ⁽²⁾ | <u>Managed Properties</u> ⁽²⁾ | <u>Other</u> |
| Caesars Palace Las Vegas ⁽²⁾ | Bluegrass Downs | Caesars Dubai | Caesars Interactive Entertainment |
| The Cromwell | Caesars Atlantic City ⁽²⁾ | Caesars Windsor | |
| Flamingo Las Vegas | Harrah's Atlantic City | Harrah's Ak-Chin | |
| Harrah's Las Vegas | Harrah's Council Bluffs ⁽²⁾ | Harrah's Cherokee | |
| The LINQ Hotel & Casino | Harrah's Gulf Coast ⁽²⁾ | Harrah's Cherokee Valley River | |
| The LINQ Promenade | Harrah's Joliet ⁽²⁾ | Harrah's Resort Southern California | |
| Paris Las Vegas | Harrah's Lake Tahoe ⁽²⁾ | Horseshoe Baltimore ⁽¹⁾ | |
| Planet Hollywood Resort & Casino | Harrah's Laughlin ⁽²⁾ | Kings & Queens Casino | |

| | Horseshoe Tunica ⁽²⁾ | The Sportsman | |
| | Indiana Grand | | |
| | Tunica Roadhouse ⁽²⁾ | | |

⁽¹⁾ As of December 31, 2018, Horseshoe Baltimore was 41% owned, and was deconsolidated and held as an equity-method investment effective August 31, 2017.

⁽²⁾ These properties were not consolidated with CEC prior to the Effective Date with the exception of Horseshoe Baltimore, which was consolidated in the Other U.S. region prior to deconsolidation.

The results of each reportable segment presented below are consistent with the way management assesses these results and allocates resources, which is a consolidated view that adjusts for the effect of certain transactions between reportable segments within Caesars. We recast previously reported segment amounts to conform to the way management assesses results and allocates resources for the current year. Net revenues are presented disaggregated by category for contract revenues separate from other revenues by segment.

“All Other” includes managed, international and other properties as well as parent and other adjustments to reconcile to consolidated Caesars results.

Adjusted EBITDA - by Segment

Adjusted EBITDA is presented as a measure of the Company's performance. Adjusted EBITDA is defined as revenues less operating expenses and is comprised of net income/(loss) before (i) interest expense, net of interest capitalized and interest income, (ii) income tax (benefit)/provision, (iii) depreciation and amortization, (iv) corporate expenses, and (v) certain items that we do not consider indicative of its ongoing operating performance at an operating property level.

In evaluating Adjusted EBITDA you should be aware that, in the future, we may incur expenses that are the same or similar to some of the adjustments in this presentation. The presentation of Adjusted EBITDA should not be construed as an inference that future results will be unaffected by unusual or unexpected items.

Adjusted EBITDA is a non-GAAP financial measure commonly used in our industry and should not be construed as an alternative to net income/(loss) as an indicator of operating performance or as an alternative to cash flow provided by operating activities as a measure of liquidity (as determined in accordance with GAAP). Adjusted EBITDA may not be comparable to similarly titled measures reported by other companies within the industry. Adjusted EBITDA is included because management uses Adjusted EBITDA to measure performance and allocate resources, and believes that Adjusted EBITDA provides investors with additional information consistent with that used by management.

ITEM 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

None.

ITEM 9A. Controls and Procedures

a. Disclosure Controls and Procedures

We maintain disclosure controls and procedures designed to provide reasonable assurance that information required to be disclosed in reports filed under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), is recorded, processed, summarized, and reported within the specified time periods and accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate, to allow timely decisions regarding required disclosures.

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) or 15d-15(e) promulgated under the Exchange Act) as of December 31, 2018. Based on these evaluations, our CEO and CFO concluded that our disclosure controls and procedures required by paragraph (b) of Rules 13a-15 or 15d-15 were effective as of December 31, 2018, at a reasonable assurance level.

b. Management’s Report on Internal Control Over Financial Reporting

Our management is responsible for establishing and maintaining effective internal control over financial reporting as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act. This system is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with U.S. GAAP. Because of the inherent limitations of internal control over financial reporting, including the possibility of collusion or improper management override of controls, misstatements due to error or fraud may not be prevented or detected on a timely basis.

Our management performed an assessment of the effectiveness of our internal control over financial reporting as of December 31, 2018, utilizing the criteria discussed in the “Internal Control - Integrated Framework (2013)” issued by the Committee of Sponsoring Organizations of the Treadway Commission. The objective of this assessment was to determine whether our internal control over financial reporting was effective as of December 31, 2018. Based on management’s assessment, we have concluded that our internal control over financial reporting was effective as of December 31, 2018.

The effectiveness of our internal control over financial reporting has been audited by Deloitte & Touche LLP, an independent registered public accounting firm, as stated in its report, which is included herein.

c. Changes in Internal Control Over Financial Reporting

During the fourth quarter 2018, we implemented a new capital asset accounting system as part of the Company’s long-term transformation initiatives aimed to automate and simplify our business processes. In connection with these implementations, we have updated our control activities impacted by the changes. As additional transformation activities occur, we will continue to monitor and evaluate our internal control over financial reporting.

There have not been any other changes in our internal control over financial reporting during the three months ended December 31, 2018, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the stockholders and the Board of Directors of
Caesars Entertainment Corporation:

Opinion on Internal Control over Financial Reporting

We have audited the internal control over financial reporting of Caesars Entertainment Corporation and subsidiaries (the “Company”) as of December 31, 2018, based on criteria established in *Internal Control - Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission (“COSO”). In our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2018, based on criteria established in *Internal Control - Integrated Framework (2013)* issued by COSO.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (“PCAOB”), the consolidated financial statements as of and for the year ended December 31, 2018, of the Company and our report dated February 21, 2019, expressed an unqualified opinion on those financial statements and included an explanatory paragraph regarding the Company’s adoption of ASU 2014-09, *Revenue from Contracts with Customers*, and related amendments.

Basis for Opinion

The Company’s management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management’s Report on Internal Control Over Financial Reporting. Our responsibility is to express an opinion on the Company’s internal control over financial reporting based on our audit. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

Definition and Limitations of Internal Control over Financial Reporting

A company’s internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

CONDENSED FINANCIAL INFORMATION OF REGISTRANT PARENT COMPANY ONLY
CAESARS ENTERTAINMENT CORPORATION
NOTES TO CONDENSED FINANCIAL INFORMATION

1. Background and basis of presentation

These condensed parent company financial statements have been prepared in accordance with Rule 12-04, Schedule 1 of Regulation S-X, as the restricted net assets of Caesars Entertainment Corporation and its subsidiaries exceed 25% of the consolidated net assets of Caesars Entertainment Corporation and its subsidiaries (the “Company”). This information should be read in conjunction with the Company’s consolidated financial statements included elsewhere in this filing.

The year ended December 31, 2017 and 2016 Condensed Statement of Operations and Comprehensive Income/(Loss) was adjusted to reflect income of \$6 million and a loss of \$2 million, respectively, as Other comprehensive income/(loss), net of income taxes. There was no impact on the Condensed Balance Sheets or Condensed Statements of Cash Flows.

2. Restricted net assets of subsidiaries

Certain of the Company’s subsidiaries have restrictions on their ability to pay dividends or make intercompany loans and advances pursuant to financing arrangements and regulatory restrictions. The amount of restricted net assets the Company’s consolidated subsidiaries held as of both December 31, 2018 and 2017 was approximately \$3.2 billion. Such restrictions are on net assets of Caesars Entertainment Corporation and its subsidiaries. The amount of restricted net assets in the Company’s unconsolidated subsidiaries was not material to the financial statements.

3. Commitments, contingencies, and long-term obligations

For a discussion of the Company’s commitments, contingencies, and long-term obligations under its senior secured credit facilities, see Note 11 and Note 12 of the Company’s consolidated financial statements.

AGREEMENT

This Separation Agreement (this “Agreement”), by and between Caesars Entertainment Corporation, a Delaware corporation (the “Company”), and Mark Frissora (the “Executive”), is offered to the Executive as of November 1, 2018 (the “Effective Date”).

RECITALS

- A. The Executive is employed by the Company and is a party to an employment agreement with the Company dated February 5, 2015, as subsequently amended on August 4, 2015, July 5, 2016 and March 8, 2017 (the “Employment Agreement”).
- B. The Executive serves the Company as its Chief Executive Officer and is a member of the Company’s Board of Directors (the “Board”).
- C. The Company wishes to provide the Executive with a separation package, which is conditioned on the Executive’s timely, irrevocable execution of this Agreement and fulfilling all of his obligations in both the Employment Agreement, as applicable, and this Agreement, and including his continued compliance with certain restrictive covenants that survive his employment termination and his cooperation with the Company Group in transitioning of his duties.
- D. Effective February 8, 2019, the Executive shall resign from the Board and as Chief Executive Officer of the Company and shall cease to be a member of the Board and an executive officer of the Company.
- E. The Executive and the Company anticipate the smooth transition of the Executive’s functions as reasonably directed by the Board.
- F. In connection with the foregoing, the Executive and the Company desire to enter into a mutually satisfactory arrangement concerning, among other things, the terms of the Executive’s separation from service with the Company and the terms of the Executive’s post employment cooperation service, and other matters related thereto.
- G. This Agreement contains a general release of claims as of the Termination Date, which is required for the Executive to receive any of the payments and benefits set forth herein.
- H. Capitalized terms that are used, but not defined, herein shall have the meanings given to them in the Employment Agreement.

AGREEMENT

NOW, THEREFORE, in consideration of the foregoing and of the respective covenants and agreements set forth below, the parties hereto agree as follows:

Section 1. Employment Status; Continuing Obligations.

(a) General.

(i) *Date of Termination.* The Executive hereby acknowledges and agrees that his separation from service from the Company and from any other position he holds as an officer, director, committee member, or other service provider of the Company and its subsidiaries will become effective as of the close of business on February 8, 2019 (the “Termination Date”), and such termination shall be treated as a termination of the Executive’s employment without Cause under Section 7 of the Employment Agreement and all equity incentive awards and for all other purposes; provided, that such separation from service may

occur earlier upon the Executive's death, a termination due to his Disability, a mutual agreement to terminate his employment, the Executive's voluntary resignation without Good Reason or for Good Reason, or a termination by the Company for Cause (in any case, an "Early Termination").

(ii) *Status with the Company Post-Termination.* The Executive shall not represent himself after the Termination Date as being an employee, officer, director, agent, or representative of the Company or any of its subsidiaries for any purpose. The Termination Date shall be the termination date of the Executive's employment for purposes of participation in and coverage under all benefit plans and programs sponsored by or through the Company, except as otherwise provided herein.

(iii) *Terms of Continued Employment Following the Effective Date.* The terms and conditions of the Employment Agreement shall govern the Executive's continued employment with the Company from and after the Effective Date (as defined above).

(b) Pre-Termination Date Compensation and Benefits.

(i) *Base Salary and Benefits.* From the Effective Date and continuing through the Termination Date, the Executive will continue to receive his current Annual Base Salary (at the rate of two million dollars (\$2,000,000) per annum), to be eligible to participate in the health insurance and other benefit plans of the Company in which he is currently eligible to participate, and to receive the perquisites and other personal benefits currently provided to him, subject in all cases to the discretion of the Company to amend or terminate any or all of such plans or arrangements at any time and from time to time in accordance with the terms thereof.

(ii) *Other Compensation.* In addition, the Executive shall be entitled to receive the following compensation, subject to his continued employment with the Company through the earlier of the Termination Date and the applicable payment date:

(A) The Executive shall be entitled to an Annual Bonus for the fiscal year of the Company ending December 31, 2018. Such Annual Bonus will be determined by the Company consistent with past practice based solely on the actual level of achievement of the applicable performance goals for such year and will be payable if and when annual bonuses for such year are paid to other senior executives of the Company.

(B) The Executive will continue vesting in all equity compensation previously granted to him through the Termination Date in accordance with the vesting schedule and other terms and conditions set forth in the award agreement governing such equity compensation.

(c) Restrictive Covenants. The Executive hereby acknowledges and agrees to comply with the covenants set forth in Sections 12, 13 and 14 of the Employment Agreement, which shall continue to apply to him in accordance with their terms and shall survive any termination of employment. Notwithstanding anything to the contrary herein or otherwise, nothing shall prohibit Executive from soliciting and hiring his administrative assistant and security person. Sections 12, 13, and 14 of the Employment Agreement are incorporated herein by reference and made a part hereof.

(d) Post-Employment Cooperation. The Executive hereby acknowledges and agrees to comply with his post-employment covenants to cooperate with the Company and to assist the Company and its affiliates with certain matters relating to the Executive's employment with the Company as set forth in Section 16 of the Employment Agreement, which covenants are incorporated herein by reference and made a part hereof. In addition, the Executive shall consult with the Board and any designated delegate on any matters requested by the Board for a six month period (the "Consulting Period") following the Termination Date. During the Consulting Period the Company shall pay executive eighty-three thousand three hundred and thirty three dollars (\$83,333) per month, in advance, provided, that, either party may terminate the Consulting Period upon 30 days' notice. In the event, either party exercises its right to terminate the Consulting Period the monthly payments shall cease as of the last day of the 30 day notice period.

(e) Personal Effects. The Executive will be permitted to remove his personal effects from the Company's premises. The Executive will further be permitted to retain a copy of his contact lists and personal emails maintained in any physical form or on any Company computer or server, provided, however, that (a) copies will be identified and provided to the Executive in accordance with the Company's historic process in similar circumstances and (b) the Executive will, subject to the immediately following sentence, not produce such emails without the consent of the Company. Nothing herein shall prevent the Executive from producing any emails or contact lists (a) when required by law, subpoena, or court order, (b) in the course of any legal, arbitral, or regulatory proceeding, (c) to any governmental authority, regulatory agency or self-regulatory organization or (d) in connection with any investigation by the Company. The Executive agrees to retain any emails or contact lists in his possession that may be relevant to any pending or probable litigation, subject to contrary instructions from the Company.

(f) The Company hereby acknowledges and agrees to comply with Sections 6.3, 18 and 20 of the Employment Agreement, which shall continue to apply in accordance with their terms and shall survive any termination of the Executive's employment. Sections 6.3, 18, and 20 of the Employment Agreement are incorporated herein by reference and made a part hereof.

Section 2. Payments and Benefits Upon Termination of Employment.

(a) Accrued Benefits. Notwithstanding anything herein to the contrary, the Executive shall receive the following accrued benefits, unless otherwise noted below, as soon as reasonably practicable following the Termination Date: (i) any Annual Base Salary earned for periods worked, but unpaid, through the Termination Date, payable on the next regular payroll date of the Company following the Termination Date (or such earlier date if required by applicable law), (ii) reimbursement for all unreimbursed business expenses properly incurred by the Executive in accordance with Company policy prior to the Termination Date and timely submitted for reimbursement in accordance with the Company's business expense reimbursement policy, and (iii) all benefits accrued and vested up to the Termination Date under all other employee benefit plans of the Company in which the Executive participates (except for any plan that provides for severance, separation pay, or termination benefits) in accordance with the terms of such plans (collectively, the "Accrued Benefits"). The Executive agrees that, pursuant to the Company's vacation policy, executives do not accrue days or carry a balance of unused vacation time. Accordingly, as of the Termination Date, the Executive shall have no accrued and unused vacation days or other paid time off, and Accrued Benefits shall not include any payment therefor.

(b) Separation Payments and Benefits. In consideration for this Agreement and executing the Release and Waiver of Claims attached hereto as Exhibit A (the "Release"), the Company will pay or provide the Executive the following separation payments and benefits (collectively, the "Severance Benefits"):

(i) Cash Severance. The Executive will receive a cash severance benefit equal to the sum of (x) two (2) times Executive's Annual Base Salary and (y) Executive's Target Bonus amount, which cash severance benefit will be paid in substantially equal installments in accordance with the Company's regular payroll practices during the twenty-four (24) month period commencing on the Termination Date (the "Severance Period"). The gross, pre-tax amount of the cash severance described in this paragraph (i) equals \$8,000,000.

(ii) Prorated Bonus Upon Termination. If the Executive terminates on the Termination Date or pursuant to an Early Termination in 2019, the Executive will be entitled to receive a Prorated Bonus for the 2019 fiscal year based on actual full year performance, pro-rated to reflect service through the Termination Date, and paid when bonuses are payable generally to active employees, but no later than March 15 of the year following the year in which such bonus becomes payable.

(iii) Continued Health, Disability and Life Insurance Subsidy. Subject to the Executive's timely election and continuation of coverage under the Company's health insurance benefit plans pursuant to the statutory scheme commonly known as "COBRA," the Executive will receive a monthly cash payment during the Severance Period equal to monthly cost to Executive of COBRA continuation coverage. In addition, during the Severance Period the Executive will receive a monthly payment equal to the cost that

the Company would have paid to provide life insurance and disability insurance to Executive if he were an active employee.

(iv) Equity Compensation. Executives unvested equity awards shall be treated as set forth on Exhibit B.

(v) Legal Fees. The Company will reimburse the Executive for the documented legal fees incurred by him in connection with the negotiation, drafting, and execution of this Agreement (including exhibits), which reimbursement shall not exceed seventy-five thousand dollars (\$75,000).

(c) Payment Schedule. Any Severance Benefits that would otherwise become due, pursuant to the payment schedule described above, prior to the Release Effective Date (as defined in the Release) shall be held back by the Company and paid or provided to the Executive, without interest, as soon as practicable following, and subject to the occurrence of, the Release Effective Date.

(d) No Further Payments or Benefits. The Executive hereby acknowledges and agrees that the payments provided pursuant to this Agreement are in full discharge of any and all liabilities and obligations of the Company to him, monetarily or with respect to employee benefits or otherwise, including, but not limited to, any and all obligations arising under any written or oral employment agreement, policy, plan, or procedure of the Company or any actual or purported understanding or arrangement between the Executive and the Company (or anyone purporting to act on the Company's behalf).

(e) Early Termination. If the Executive is terminated earlier than the Termination Date, then such termination of employment shall be governed by the Employment Agreement, and the Executive shall be entitled to the payments and benefits applicable thereunder, and the Executive's rights with respect to the equity awards then held by him that remain unvested as of the such date shall be governed exclusively by the applicable award agreement and the corresponding Company's Equity Plan (and not this Agreement). For the avoidance of doubt, upon an Early Termination by the Company without Cause or due to an mutual agreement to terminate Executive's employment, the Executive shall remain entitled to receive the Severance Benefits. For purposes of this Agreement, "Cause" shall have the meaning set forth in Section 11.1 of the Employment Agreement.

Section 3. Non-Admission.

Nothing contained in this Agreement will be deemed or construed as an admission of wrongdoing or liability on the part of the Executive or the Company.

Section 4. No Re-Employment.

The Executive hereby agrees to waive any and all claims to re-employment with the Company. The Executive affirmatively agrees not to seek further employment with the Company.

Section 5. Withholding; Taxes.

The Company shall be entitled to withhold from any amounts payable under this Agreement any federal, state, local, and foreign withholding and other taxes and charges that the Company is required to withhold. The Company shall be entitled to rely on an opinion of counsel if any questions as to the amount or requirement of withholding shall arise.

Section 6. Code Section 409A.

The payments and benefits provided under this Agreement are intended to be exempt from or otherwise comply with the requirements of Section 409A of the Internal Revenue Code of 1986 (the "Code"), and this Agreement shall be interpreted in accordance with such intent and, accordingly, the parties hereto agree that the payments and benefits

set forth herein comply with or are exempt from the requirements of Section 409A of the Code and agree not to take any position, and to cause their respective agents, accountants, affiliates, successors and assigns not to take any position, inconsistent with such interpretation for any reporting purposes whether internal or external. Each payment under this Agreement will be treated as a separate payment for purposes of Section 409A of the Code. Payment of certain benefits under this Agreement is subject to Executive's execution of the Release within 21 days after the termination of Executive's employment. Notwithstanding the foregoing, if such 21-day period ends in a calendar year after the calendar year in which Executive's employment terminates, then, but only to the extent required by Section 409A of the Code to avoid taxes and/or interest thereunder on any payments or benefits, any payments and benefits set forth above that would have been made during the calendar year in which Executive's employment terminates instead shall be withheld and paid on the first business day in the calendar year after the calendar year in which Executive's employment terminates, with all remaining payments to be made as if no such delay had occurred. If at the time of Executive's separation from service, (A) Executive is a specified employee (within the meaning of Section 409A of the Code), and (B) if an amount payable hereunder constitutes deferred compensation (within the meaning of Section 409A of the Code) the payment of which is required to be delayed pursuant to the six-month delay rule set forth in Section 409A of the Code in order to avoid additional taxes or interest under Section 409A of the Code, then the Company will not pay such amount on the otherwise scheduled payment date but will instead pay it in a lump sum on the first business day after such six-month period (or, if earlier, upon Executive's death).

Section 7. No Mitigation.

Notwithstanding anything contained in the Employment Agreement or otherwise to the contrary, the Executive shall not be required, as a condition to receiving any payments or benefits under this Agreement or otherwise, to seek or obtain any other employment after any termination of his employment or to take any steps to reduce the amount of any payment or benefit described in this Agreement or otherwise. Further, the amount of any payment or benefit provided in this Agreement or otherwise shall not be reduced by any compensation earned by Executive as the result of any employment by another employer.

Section 8. Clawback Policy.

Notwithstanding anything to the contrary, (i) any changes to Section 8.14 of the Company's 2017 Performance Incentive Plan, the Company's 2012 Performance Incentive Plan and Ceasars Acquisition Company's 2014 Performance Incentive Plan (collectively, the "PIPs") adverse to the Executive after the Termination Date will not apply to the Executive, (ii) any clawback policies entered into or adopted by the Company or any subsidiary after the Termination Date shall not apply to the Executive, (iii) Section 8.14(b) of the PIPs shall not be applicable to the Executive after the Termination Date, and (iv) the Company's stock ownership guidelines will cease to apply to the Executive on the date the Release becomes non-revocable.

Section 9. Assignment and Successors.

The Company may assign its rights and obligations under this Agreement to any entity, including any successor to all or substantially all the assets of the Company, by merger or otherwise, and may assign or encumber this Agreement and its rights hereunder as security for indebtedness of the Company and its Affiliates. The Executive may not assign his rights or obligations under this Agreement to any individual or entity. This Agreement shall be binding upon and inure to the benefit of the Company and the Executive and their respective successors, assigns, personnel, legal representatives, executors, administrators, heirs, distributees, devisees, and legatees, as applicable. In the event of the Executive's death following a termination of his employment, all unpaid amounts otherwise due the Executive shall be paid to his estate.

Section 10. Enforcement.

If any provision of this Agreement is held to be illegal, invalid, or unenforceable under present or future laws effective during the term of this Agreement, such provision shall be fully severable, this Agreement shall be construed and enforced as if such illegal, invalid, or unenforceable provision were never a part of this Agreement, and the remaining provisions of this Agreement shall remain in full force and effect and shall not be affected by the illegal, invalid, or

unenforceable provision or by its severance from this Agreement. Furthermore, in lieu of such illegal, invalid, or unenforceable provision, there shall be added automatically as part of this Agreement a provision as similar in terms to such illegal, invalid, or unenforceable provision as may be possible and be legal, valid, and enforceable.

Section 11. Construction.

This Agreement shall be deemed drafted equally by both of the parties hereto. Its language shall be construed as a whole and according to its fair meaning. Any presumption or principle that the language is to be construed against any party shall not apply. The headings in this Agreement are only for convenience and are not intended to affect construction or interpretation. Any references to paragraphs, subparagraphs, sections, or subsections are to those parts of this Agreement, unless the context clearly indicates to the contrary. Also, unless the context clearly indicates to the contrary, (a) the plural includes the singular, and the singular includes the plural; (b) "and" and "or" are each used both conjunctively and disjunctively; (c) "any," "all," "each," or "every" means "any and all," and "each and every"; (d) "includes" and "including" are each "without limitation"; and (e) "herein," "hereof," "hereunder," and other similar compounds of the word "here" refer to the entire Agreement and not to any particular paragraph, subparagraph, section, or subsection.

Section 12. Notices.

Any notice, request, claim, demand, document, and other communication hereunder to any party hereto shall be effective upon receipt (or refusal of receipt) and shall be in writing and delivered personally or sent by nationally recognized overnight courier, or certified or registered mail, postage prepaid, to the following address (or at any other address as any party hereto shall have specified by notice in writing to the other party hereto):

- (a) If to the Company:

Caesars Entertainment Corporation

Section 13. Entire Agreement.

This Agreement constitutes the entire understanding and agreement between the Executive and the Company regarding the subject matter hereof. This Agreement supersedes all prior negotiations, discussions, correspondence, communications, understandings, and agreements between the Executive and the Company relating to the subject matter of this Agreement.

Section 14. Amendments; Waivers.

This Agreement may not be modified, amended, or terminated except by an instrument in writing signed by the Executive and a duly authorized officer of Company (other than the Executive) that expressly identifies the amended provision of this Agreement. By an instrument in writing similarly executed and similarly identifying the waived compliance, the Executive or a duly authorized officer of the Company may waive compliance by the other party or parties with any provision of this Agreement that such other party was or is obligated to comply with or perform; provided, however, that such waiver shall not operate as a waiver of, or estoppel with respect to, any other or subsequent failure to comply or perform. No failure to exercise and no delay in exercising any right, remedy, or power hereunder shall preclude any other or further exercise of any other right, remedy, or power provided herein or by law or in equity.

Section 15. Governing Law.

This Agreement shall be governed, construed, interpreted, and enforced in accordance with the substantive laws of the State of Nevada, without reference to the principles of conflicts of law of Nevada, and where applicable, the laws of the United States.

Section 16. Dispute Resolution. Sections 26 and 27 of the Employment Agreement, which is incorporated herein by reference and made a part hereof, shall apply to any dispute arising under this Agreement.

Section 17. Counterparts.

The Agreement may be executed by the parties hereto as separate counterparts and such counterparts shall be deemed to be one and the same instrument. Each party hereto confirms that any facsimile copy or .pdf of such party's executed counterpart of the Agreement (or its signature page thereof) shall be deemed to be an executed original thereof.

RELEASE AND WAIVER OF CLAIMS ("Release")

Section 1.

Release and Waiver of Claims.

(a) Definition. As used in this Release, the term "claims" will include all claims, covenants, warranties, promises, undertakings, actions, suits, causes of action, obligations, debts, accounts, attorneys' fees, judgments, losses, and liabilities, of whatsoever kind or nature, in law, in equity, or otherwise.

(b) Release. For and in consideration of the Severance Benefits described in Section 2 above, and other good and valuable consideration, the Executive, for and on behalf of himself and his heirs, administrators, executors, and assigns, effective the date hereof, does fully and forever release, remise, and discharge the Company and its successors and assigns, together with their respective officers, directors, partners, shareholders, employees, agents, subsidiaries, and affiliates (collectively, the "Releasees"), from any and all claims whatsoever up to the date hereof that the Executive had, may have had, or now has against the Releasees, whether known or unknown, for or by reason of any matter, cause, or thing whatsoever, whether for tort, breach of express or implied employment contract, intentional infliction of emotional distress, wrongful termination, unjust dismissal, defamation, libel, or slander, or under any federal, state, or local law dealing with discrimination based on age, race, sex, national origin, handicap, religion, disability, or sexual orientation, and any claim for money, damages, attorneys' fees, costs, and injunctive or other relief. This release of claims includes, but is not limited to, all claims arising under Title VII of the Civil Rights Act, the Rehabilitation Act, the Americans with Disabilities Act, the Age Discrimination in Employment Act (the "ADEA"), the Civil Rights Act of 1991, the Family Medical Leave Act ("FMLA"), the Equal Pay Act, the Labor Management Relations Act, the Sarbanes Oxley Act, the Health Insurance Portability and Accountability Act, the Occupational Safety and Health Act ("OSHA"), the Employee Retirement Income Security Act, the Fair Labor Standards Act ("FLSA"), the Americans with Disabilities Act ("ADA"), The Consolidated Omnibus Budget Reconciliation Act of 1986 ("COBRA"), or any other health and/or safety laws, statutes, or regulations, the Uniformed Services Employment and Reemployment Right Act ("USERRA"), the Employee Retirement Income Security Act of 1974 ("ERISA"), the Immigration Reform and Control Act of 1986, or the Internal Revenue Code of 1986, as amended, the Worker Adjustment and Retraining Notification Act; the Sarbanes-Oxley Act of 2002, including whistleblowing claims; the Nevada Wage and Hour Laws, the Nevada Fair Employment Practices Act, and any and all other foreign, federal, state, or local laws, common law, or case law, including but not limited to all statutes, regulations, common law, and other laws in place in Clark County, Nevada.

(c) No Claims. The Executive acknowledges and agrees that as of the date he executes this Release, he has no knowledge of any facts or circumstances that give rise or could give rise to any claims under any of the laws listed in the preceding paragraph, and that except as provided in Section 2(a) and (b) of the Separation Agreement and for vested equity awards (including options), the Company owes him no other wages, commissions, bonuses, vacation pay, or other compensation or payments of any nature.

(d) Preservation of Rights. Notwithstanding the foregoing, nothing in this Release shall be a waiver of (i) the Executive's rights with respect to payment of amounts under the Separation Agreement or the Employment Agreement, (ii) claims for indemnity or contribution pursuant to his existing rights of indemnification or under directors and officers liability insurance from the Company against third-party claims as set forth in Sections 6.3 and 20 of the Employment Agreement or otherwise, (iii) the Executive's rights under Section 18 of the Employment Agreement, (iv) the Executive's rights under the Company's 2017 Performance Incentive Plan and awards granted thereunder, Ceasars Acquisition Company 2014 Performance Incentive Plan and the awards granted thereunder, and the Company's 2012 Performance Incentive Plan, as amended, and awards granted thereunder and any vested rights under any qualified or nonqualified retirement or deferred compensation plan, and (v) any claims that cannot be waived by law, including, without limitation, the right to bring an administrative charge with, or to participate in an investigation conducted by, or to participate in a proceeding involving, the Equal Employment Opportunity Commission or other comparable state or local administrative agency.

(e) Acknowledgement of Full and Final Release. The Executive acknowledges and agrees that by virtue of the foregoing, he has waived any relief available to him (including, without limitation, monetary damages, equitable relief, and reinstatement) under any of the claims or causes of action waived in this Release. The Executive agrees, therefore, that he will not accept any award or settlement from any source or proceeding (including, but not limited to, any proceeding brought by any other person or by any government agency) with respect to any claim or right waived in this Release. The Executive agrees further that this Release may be pleaded as a full defense to any action, suit, arbitration, or other proceeding covered by the terms hereof that is or may be initiated, prosecuted, or maintained by the Executive or his descendants, dependents, heirs, executors, administrators, or permitted assigns.

(f) ADEA Release. By executing this Release, the Executive understands that he is explicitly releasing all claims relating to his employment and its termination under the ADEA, a United States federal statute that, among other things, prohibits discrimination on the basis of age in employment and employee benefit plans.

(g) Rights to Indemnification. Notwithstanding anything to the contrary herein, following the Termination Date, the Executive shall continue to enjoy rights of indemnification from the Company against third-party claims consistent with the indemnification protections available from time to time to active officers and directors of the Company as if he continued to be an active officer of the Company, and as set forth in Sections 6.3 and 20 of the Employment Agreement. For the avoidance of doubt and without limiting any other exclusions from such policy, such rights to indemnification shall not protect the Executive against damages or losses incurred by him in connection with any claims arising from his acts of gross negligence, willful misconduct, fraud, or concealment.

Section 2. Opportunity for Review and Acceptance.

The Executive shall have twenty-one (21) days following the Termination Date (the “Review Period”) to review and consider the terms and conditions of this Release, including the general release and waiver of claims set forth herein. To accept the terms of this Release, the Executive must execute and date this Release where indicated below and return the executed copy of this Release to the Company prior to the expiration of the Review Period in accordance with the notice provisions set forth in Section 12 of the Separation Agreement. This Release will not become effective or enforceable for a period of seven (7) calendar days following the date of its execution and delivery to the Company (the “Revocation Period”), during which time the Executive may further review and consider this Release and revoke his acceptance of this Release by notifying the Company in writing. To be effective, such revocation must be received no later than 5:00 p.m., Central Daylight Time, on the last day of the Revocation Period. Provided that this Release is timely executed and the Executive has not timely revoked it, the eighth (8th) day following the date on which this Release is executed and delivered to the Company shall be its effective date (the “Release Effective Date”). In the event of the Executive’s failure to timely execute and deliver this Release or his subsequent revocation of this Agreement during the Revocation Period, the Executive shall not be entitled to any payments or benefits under the Separation Agreement that are conditioned upon the execution of a release of claims.

Section 3. Knowing and Voluntary Waiver.

The Executive expressly acknowledges and agrees that he-

- (a) Is able to read the language, and understand the meaning and effect, of this Release;
- (b) Has no physical or mental impairment of any kind that has interfered with his ability to read and understand the meaning of this Release or its terms, and that he is not acting under the influence of any medication, drug, or chemical of any type in entering into this Release;
- (c) Is agreeing to the terms of the release and waiver of claims contained in this Release because the Company has agreed to provide him with the severance payments and benefits provided by the Separation Agreement, which the Company has agreed to provide because of his agreement to accept it in full settlement of all possible claims that he might have or ever have had that are released hereunder;

(d) Acknowledges that, but for his execution of this Release, he would not be entitled to the severance payments and benefits provided by the Separation Agreement;

(e) Understands that, by entering into this Release, he does not waive rights or claims under ADEA that may arise after the date on which he executes this Release;

(f) Had or could have had the entire Review Period in which to review and consider this Release, and that if he executes this Release prior to the end of the Review Period, he has voluntarily and knowingly waived the remainder of the Review Period;

(g) Has or had the entire Revocation Period in which to revoke his execution of this Release, and that if he does not revoke such execution prior to the Release Effective Date, he has knowingly and voluntarily agreed to this Release's becoming effective;

(h) Was advised to consult with his attorney regarding the terms and effect of this Release; and

(i) Has signed this Release knowingly and voluntarily.

Section 4. No Suit.

The Executive represents and warrants that he has not previously filed, and to the maximum extent permitted by law agrees that he will not file, a complaint, charge, or lawsuit against any of the Releasees regarding any of the claims released herein. If, notwithstanding this representation and warranty, the Executive has filed or files such a complaint, charge, or lawsuit, the Executive agrees that he shall cause such complaint, charge, or lawsuit to be dismissed with prejudice and shall pay any and all costs required in obtaining dismissal of such complaint, charge, or lawsuit, including, without limitation, the attorneys' fees of any of the Releasees against whom the Executive has filed such a complaint, charge, or lawsuit.

Section 5. Non-Admission.

Nothing contained in this Release will be deemed or construed as an admission of wrongdoing or liability on the part of the Executive or the Company.

Section 6. No Re-Employment.

The Executive hereby agrees to waive any and all claims to re-employment with the Company. The Executive affirmatively agrees not to seek further employment with the Company.

Section 7. Governing Law; Dispute Resolution.

Section 15 and Section 16 of the Separation Agreement are incorporated into this Release, *mutatis mutandis*.

IN WITNESS WHEREOF, the Executive has executed and delivered this Release as of the date written below.

EQUITY SEVERANCE

Executive is entitled to all payments and benefits pursuant to a termination of his employment without Cause under the Employment Agreement and all other applicable outstanding equity incentive awards including, without limitation, the following:

1. Effective on the Termination Date to the extent not already vested, the following time based equity awards shall vest:

(a) RSUs.

(i) 50,000 RSUs reflecting the unvested portion of 200,000 RSUs granted on February 5, 2015, settled as soon as practicable following the Termination Date.

(ii) 136,364 RSUs reflecting the unvested portion of 409,091 RSUs granted on March 23, 2016, settled as soon as practicable following the Termination Date.

(iii) 147,862 RSUs reflecting the unvested portion of the converted pre-merger CAC award, settled as soon as practicable following the Termination Date.

(iv) 966,798 RSUs reflecting the unvested portion of the 1,289,063 RSUs granted on October 6, 2017, settled as soon as practicable following the Termination Date.

(v) 324,075 RSUs reflecting the unvested portion of the 324,075 RSUs granted on April 2, 2018, settled as soon as practicable following the Termination Date.

(b) Options. 100,000 options with an exercise price of \$9.45 reflecting the unvested portion of 400,000 options granted February 5, 2015.

(c) Cash Award.

(i) \$330,000 award granted on March 23, 2016, payable as soon as practicable following the Termination Date.

(ii) \$4,000,000 award granted on March 10, 2017, payable as soon as practicable following the Termination Date.

2. Effective on the Termination Date the following performance based equity awards will be treated as follows:

(a) RSUs. The 2018, 2019 and 2020 performance tranches of the April 2, 2018 Performance Based RSU grant shall remain outstanding subject to a determination of the achievement of the applicable EBITDA targets for the respective year, with the Executive being considered as remaining employed with the Company throughout the period ending on the vesting date applicable to the 2020 performance period, and shall be settled in accordance with the terms of the award agreement.

(b) Options.

(i) 200,000 Stock Price Performance Options with an exercise price of \$9.45 (performance condition \$15.00) granted on February 5, 2015 shall remain outstanding for the remainder of the option term (until February 5, 2025) subject to achievement of the performance

requirement as set forth therein and otherwise pursuant to the terms of such award, provided that the option shall remain exercisable for 2 years after achievement of the performance condition, but not beyond the expiration of the remaining term of the option.

(ii) 150,000 EBITDA Performance Options with an exercise price of \$9.45 shall remain outstanding subject to satisfaction of the 2018 performance condition as set forth in the award and otherwise pursuant to the terms of such award, provided that the option shall remain exercisable for 2 years after achievement of the performance condition, but not beyond the expiration of the remaining term of the option.

3. All options that vest on, prior to, or following the Termination Date shall remain outstanding and, except as otherwise set forth in 2(b)(i) and (ii) of this Exhibit B, be exercisable for the lesser of 2 years from the Termination Date (or the remaining term of the option).

AMENDMENT TO SEPARATION AGREEMENT

This Amendment to Separation Agreement (this "Amendment") is made as of the 21st day of December 2018, by and between Caesars Entertainment Corporation, a Delaware corporation (the "Company"), and Mark Frissora (the "Executive"). Capitalized terms used but not defined herein shall have the meanings given to them in the Separation Agreement (as defined below).

WHEREAS, the Company and the Executive are parties to that certain Separation Agreement dated November 1, 2018 (the "Separation Agreement"); and

WHEREAS, the Company and the Executive desire to enter into this Amendment to amend certain terms of and the Separation Agreement.

NOW, THEREFORE, in consideration of the foregoing, the mutual covenants hereinafter set forth, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Company and the Executive hereby agree as follows:

1. Termination Date. As used in the Separation Agreement, the term "Termination Date" means April 30, 2019; provided, that the Company may, in its sole discretion, elect in a writing delivered to the Executive no later than April 1, 2019, to extend the Termination Date until May 31, 2019.
 2. 2019 PIP Award. In addition to the Other Compensation described in Section 1(b)(ii) of the Separation Agreement, the Executive will receive an equity grant for the 2019 compensation year, with a target value of \$7,000,000 (the "2019 PIP Award"). The 2019 PIP Award shall vest on the Termination Date and be settled as described below:
 - 2.1 Any performance tranches of the 2019 PIP Award shall remain outstanding subject to a determination of the achievement of the applicable targets for the respective performance period and shall be determined based on actual performance for the full performance period. The amounts and/or shares payable with respect to each tranche of such portion of the 2019 PIP Award shall be prorated based on the number of days in 2019 that have elapsed through the Termination Date over 365. The Executive shall be considered as remaining employed with the Company throughout the period ending on the vesting date applicable to the latest performance period, and the award shall be settled at the time set forth in the award agreement.
 - 2.2 The amounts and/or shares payable with respect to any service based tranche of the 2019 PIP Award shall be prorated based on the number of days in 2019 that have elapsed through the Termination Date over 365 and shall be settled as soon as practicable following the Termination Date.
 3. Early Termination. If an Early Termination (as defined in the Separation Agreement) occurs, the Company will pay the Executive, in addition to the Severance Benefits as contemplated by Section 2(e) of the Separation Agreement and this Amendment, any Annual Base Salary that would have been paid to him through the Termination Date but for such Early Termination (other than an Early Termination due to a termination by the Company for Cause or by the Executive without Good Reason).
 4. Legal Fees. The Company shall pay, or reimburse the Executive for, the Executive's reasonable attorney's fees incurred in connection with the negotiation of this Amendment.
 5. No Other Changes; Continuing Validity. Subject only to the amendments set forth in this Amendment, the Separation Agreement remains in full force and effect in accordance with its terms.
 6. Incorporation by Reference. Section 5 through 17 of the Separation Agreement are incorporated herein by reference, *mutatis mutandis*.
-

below. IN WITNESS WHEREOF and intending to be legally bound, the parties have executed this Amendment as of the date and year written

SEPARATION AGREEMENT AND GENERAL RELEASE

This Separation Agreement and General Release ("**Agreement**") is made and entered into on November 26, 2018 (the "**Signature Date**"), by and between Caesars Enterprise Services, LLC (the "**Company**") and Robert J. Morse ("**Executive**") (each a "**Party**" and collectively, the "**Parties**").

WHEREAS, Executive's last day of employment with the Company was November 26, 2018 (the "**Separation Date**").

WHEREAS, Company and Executive are parties to an Employment Agreement effective August 8, 2018 ("**Employment Agreement**") (a copy of which is attached hereto at Exhibit A and which is incorporated by reference);

WHEREAS, Executive has terminated employment without Good Reason (as that term is defined in Section 7(e) of the Employment Agreement) pursuant to Section 9(a) of the Employment Agreement;

WHEREAS, the Parties now enter into this Agreement for the purposes of resolving all claims of any kind that Executive has or might have against the Company and the "**Released Parties**" (as defined herein), through the date this Agreement is executed by all Parties, including, but without limitation, those claims arising out of or relating in any way to Executive's employment by or termination from employment with the Company.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and in consideration of the mutual promises set forth herein, the Parties agree that the foregoing recitals are true and correct and are incorporated herein as if fully set forth, and further agree as follows:

1. Executive's Termination of Employment Without Good Reason. Executive has resigned without Good Reason for purposes of his Employment Agreement and all other plans, awards and arrangements with the Company or any of its affiliates. Termination shall be effective on November ____, 2018, and neither Party shall have further obligations to provide Notice of Termination.

2. Monetary Consideration by the Company. In consideration for Executive's entering into and signing this Agreement and complying with its terms, the Company agrees, upon satisfaction of the conditions identified herein, to pay to Executive, as salary continuation pay, seventy eight (78) weeks' pay (minus standard payroll deductions) ("**Salary Continuation**"), which totals one million four hundred twenty five thousand dollars (\$1,425,000.00). Salary Continuation shall be paid according to the normal payroll practices of the Company. Executive understands and agrees all benefits will cease (except, if applicable, subsidized COBRA benefits for the "Salary Continuation Period," defined as the 78 week period during which the Company pays Executive the Salary Continuation) on the Separation Date. If Executive elects to continue applicable benefits under COBRA, during the Salary Continuation Period, Executive will continue to be required to pay the then-applicable required employee contribution for said benefits ("**Subsidized COBRA**"). Executive will not be eligible to contribute to the 401(k) Plan, or any other retirement or deferred compensation plans, and no paid time off or vacation will be earned or accrued. If Executive dies or accepts new employment outside the Company prior to the expiration of the Salary Continuation Period, Executive (or Executive's estate, as applicable) will receive a lump sum payment for the remainder of the Salary Continuation Period in a final paycheck within a reasonable time after the Company receives notice. If Salary Continuation ceases for any reason, the Subsidized COBRA shall also cease as of the effective date that Salary Continuation ceases. All Salary Continuation shall be deposited in accordance with Executive's direct deposit instructions on file with the Company and in accordance with the Company's regular payroll practices in effect from time to time. Executive agrees that the foregoing amounts shall constitute the entire monetary consideration provided to Executive under this Agreement, and that Executive will not seek any further compensation for any other money owed, including but not limited to any damage, costs, or attorneys' fees in connection with the matters encompassed in this Agreement.

3. Complete Release of All Claims. In consideration for the promises set forth in this Agreement, Executive for himself, his heirs, representatives, attorneys, executors, administrators, successors, relatives, and

assigns, knowingly and voluntarily releases and forever discharges the Company, its parent entities, owners, affiliates, subsidiaries, divisions, predecessors, insurers, reinsurers, successors, and assigns, and their current and former employees, attorneys, officers, directors and agents thereof, both individually and in their representative capacities, and their employee benefit plans and programs and their administrators and fiduciaries (collectively referred to throughout the remainder of this Agreement as “**Released Parties**”), of and from any and all claims, known and unknown, asserted or unasserted, contingent or actual, which the Executive has or may have against the Released Parties as of the date Executive executes this Agreement, including, but not limited to, any alleged violation of all common law, public policy, contract, tort (whether negligent or intentional), or other claims of any kind, whether under asserted under federal, state or local law, as well as all claims Executive might have under or pursuant to inter alia, the Age Discrimination in Employment Act (ADEA); Title VII of the Civil Rights Act of 1964; Sections 1981 and 1983 of the Civil Rights Act of 1866; the Americans With Disabilities Act, as amended; the Family and Medical Leave Act; the Fair Labor Standards Act; the Fair Credit Reporting Act; the Equal Pay Act, the Occupational Safety and Health Act; the Employee Retirement Income Security Act of 1974; Nevada statutes on Compensation, Wages and Hours, Nev. Rev. Stat. Chapter 608; Nevada statutes on Employment Practices, Nev. Rev. Stat. Chapter 613; Nevada Occupational Safety & Health statutes; any other federal, state or local law, rule, regulation, or ordinance; and any claim for costs, fees, or other expenses including attorneys’ fees incurred in these matters.

3.1 No Other Pending Claims. Executive represents and affirms that, prior to signing this Separation Agreement, Executive has not filed or pursued any complaints, charges, or lawsuits of any kind with any court, governmental or administrative agency, arbitrator, or other forum against the Company or any of the other Company Releasees, asserting any claims whatsoever.

3.2 Claims Not Released. Executive is not waiving any rights Executive may have to: (a) Executive’s own vested accrued employee benefits under the Company’s health, welfare, or retirement benefit plans as of the Separation Date; (b) benefits and/or the right to seek benefits under applicable workers’ compensation and/or unemployment compensation statutes; (c) pursue claims which by law cannot be waived by signing this Agreement; and/or (d) enforce this Agreement.

3.3 Provisions Related to Sexual Harassment Claims. Notwithstanding the general release of all claims, known or unknown, freely and expressly given by Executive in this Agreement, Executive represents, warrants and agrees that Executive has not raised, nor ever had, claims involving sexual harassment or sexual abuse while employed by the Company, and the compensation in this Agreement has no relation to sexual harassment or sexual abuse.

4. Cooperation Required. Executive agrees that, as requested by the Company, Executive will cooperate fully with the Company or its representatives in any investigation, proceeding, administrative review or litigation brought against the Company or any Released Party by any government agency or private party pertaining to matters occurring during Executive’s employment with the Company or any Released Party. If Executive incurs out-of-pocket expenses in assisting the Company or any affiliate at its request, the Company will mail to Executive reimbursement check for those expenses within fifteen (15) days after it receives a request for payment, along with satisfactory written substantiation of the claimed expenses.

5. Agreement Not to Seek or Accept Future Employment. Executive agrees that, because of circumstances unique to Executive (including irreconcilable differences with the Company), Executive is not qualified for reemployment with the Company now or in the future, and promises that Executive will not apply for or accept future employment with the Company, or any subsidiaries or affiliates of either the Company or Caesars Entertainment Corporation (collectively, “Caesars”). For the purposes of clarification, this provision does not apply to any business entity that is not owned by, a subsidiary of, or affiliated with Caesars as of the date Executive executes this Agreement. Executive further agrees that in the event Executive does apply for such employment with Caesars, Executive’s application may be rejected legitimately and lawfully solely because Executive breached this promise.

6. Neutral Reference. Executive will not direct any third parties such as prospective employers to contact any Company employee or manager. Rather, Executive will direct any third parties to contact “The Work Number,” an automated third-party service that the Company uses for employment verification at (800) 367-5690 or

www.theworknumber.com. The third party must provide the Company's number (10587) and should be able to verify Executive's dates of service, job title, and current employment status. Information regarding eligibility for rehire will not be provided. Company will exercise good faith efforts to provide only this information but, due to the size and number of employees at the Company, and due to the confidential nature of this settlement, Company is not responsible for statements made by Company personnel if third parties contact anyone at Company individually instead of The Work Number.

7. Return of Company Property, Confidentiality and Non-Disparagement.

7.1 Return of Company Property. Executive has returned, or will return to the Company within five (5) business days of the Signature Date, all Company property including but not limited to credit cards, mobile telephone(s), computer(s), keys, building passes, security passes, access or identification cards.

7.2 Confidentiality of Agreement. Executive understands, acknowledges, and agrees that, unless disclosure is otherwise required by applicable law or regulation **including disclosure(s) required by any gaming regulatory authority**, the fact or content of this Agreement, and all the terms contained herein, are confidential and shall not be disclosed by Executive to any person or entity by Executive except that Executive may discuss the terms of this Agreement with Executive's spouse, attorney, and tax advisor rendering professional services regarding the consideration provided to Executive pursuant to this Agreement, provided that each such individual agrees to keep such information strictly confidential and disclose it to no other person. Executive agrees that if any such individual to whom Executive discloses information regarding the terms of this Agreement then discloses such information to any other person, Executive will be personally liable for such disclosure as a breach of this Agreement. Executive affirms that Executive has not made any prior disclosures that, if made after the Signature Date, would have violated this obligation confidentiality. Notwithstanding the foregoing, Executive understands that nothing contained in this Agreement limits Executive's ability to file a charge or complaint with the U.S. Equal Employment Opportunity Commission, the National Labor Relations Board, the Occupational Safety and Health Administration, the Securities and Exchange Commission or any other federal, state or local governmental agency or commission ("Government Agencies"). However, to the maximum extent permitted by law, Executive agrees that if such an administrative claim is made, Executive shall not be entitled to recover any individual monetary relief or other individual remedies, except that this provision does not limit the Executive's right to receive an award for information provided to any Government Agencies. Executive further understands that this Agreement does not limit Executive's ability to communicate with any Government Agencies or otherwise participate in any investigation or proceeding that may be conducted by any Government Agency, including providing documents or other information, without notice to the company. Under the Defend Trade Secrets Act of 2016, Executive will not be held criminally or civilly liable under federal or state trade secret law for the disclosure of a trade secret that: (a) is made (i) in confidence to a federal, state, or local government official, either directly or indirectly, or to an attorney; and (ii) solely for the purpose of reporting or investigating a suspected violation of law; or (b) is made in a complaint or other document filed in a lawsuit or other proceeding, if such filing is made under seal.

7.3 Non-Disparagement. Executive agrees not to criticize, denigrate, or otherwise disparage the Company, any other Released Party, or any of the Company's products, processes, policies, practices, standards of business conduct, officers, directors, senior executives or employees with whom Executive worked during the five (5) years preceding the Separation Date. Nothing in this section, however, shall prohibit Executive from providing truthful information in compliance with any lawful subpoena or court order or otherwise complying with directives given by entities or individuals authorized by law to compel information from Executive regarding the Company or any of the Released Parties.

8. Consequence of Executive's Breach. Executive understands and acknowledges that confidentiality as set forth in Section 7 and its subsections, above, is an important, material part of the consideration Executive is giving to the Company in this Agreement and that it would be very difficult for the Company to quantify the effect of a breach of these provisions, and that, accordingly, injunctive relief is an appropriate remedy for any breach of these provisions, whether by Executive or by any person to whom Executive or Executive's agent or agents have divulged information regarding the terms of this Agreement. Additionally, if the Company receives reasonable and credible

evidence that Executive has breached any material provision of this Agreement, including, without limitation, the confidentiality and non-disparagement obligations set forth in this Agreement, Executive's Salary Continuation Pay and Subsidized COBRA shall cease. If Executive's breach is confirmed by a court or other authorized decision maker of competent jurisdiction, Executive shall also be required to return to the Company those amounts previously paid to Executive by the Company. If Executive is determined not to be in breach, Executive shall be entitled to receive the remaining value of Salary Continuation and Subsidized COBRA in a single lump sum payment, less taxes and withholding, within thirty (30) days of such determination.

9. Dispute Resolution. Any dispute arising in connection with the validity, interpretation, enforcement, or breach of this Agreement; under any statute, regulation, ordinance or the common law; or otherwise arising between Executive, on the one hand, and the Company or any of its Subsidiaries or Affiliates, on the other hand, the Parties, shall be submitted to binding arbitration before the American Arbitration Association ("AAA") for resolution. Such arbitration shall be conducted in Las Vegas, Nevada, and the arbitrator will apply the law of the State of Nevada, including federal law as applied in the State of Nevada. The arbitration shall be conducted in accordance with the AAA's Employment Arbitration Rules, as modified by the terms set forth in this Agreement. The arbitration will be conducted by a single arbitrator, who shall be an attorney who specializes in the field of employment law and shall have prior experience arbitrating employment disputes. The Company will pay the fees and costs of the Arbitrator and/or the AAA, except that Executive will be responsible for paying the applicable filing fee not to exceed the fee that Executive would otherwise pay to file a lawsuit asserting the same claim in court. The arbitrator shall not have the authority to modify the terms of this Agreement except to the extent that the Agreement violates any governing statute, in which case the arbitrator may modify the Agreement solely as necessary to not conflict with such statute. The Arbitrator shall have the authority to award any remedy or relief that a court in Nevada could grant in conformity with the applicable law on the basis of claims actually made in the arbitration. The Arbitrator shall render an award and written opinion which shall set forth the factual and legal basis for the award. The award of the arbitrator shall be final and binding on the Parties, and judgment on the award may be confirmed and entered in any state or federal court located in Clark County, Nevada. The arbitration shall be conducted on a strictly confidential basis, and Executive shall not disclose the existence of a claim, the nature of a claim, any documents, exhibits, or information exchanged or presented in connection with any such a claim, or the result of any arbitration (collectively, "Arbitration Materials"), to any third party, with the sole exception of Executive's legal counsel, who Executive shall ensure adheres to all confidentiality terms in this Agreement. In the event of any court proceeding to challenge or enforce an arbitrator's award, the Parties hereby consent to the exclusive jurisdiction of the state and federal courts in Clark County, Nevada and agree to venue in that jurisdiction. The Parties agree to take all steps necessary to protect the confidentiality of the Arbitration Materials in connection with any such proceeding, agree to file all confidential information, including but not limited to Confidential Business Information, under seal to the extent possible, and agree to the entry of an appropriate protective order encompassing the confidentiality terms of this Agreement. Each party agrees to pay its own costs and fees in connection with any arbitration of a dispute arising under this Agreement, and any court proceeding arising therefrom, regardless of outcome. To the extent any dispute is found not to be subject to this arbitration provision, **both Executive and Company hereby waive their respective rights to trial by jury.** EXECUTIVE ACKNOWLEDGES THAT EXECUTIVE HAS CAREFULLY READ THIS SECTION 9, VOLUNTARILY AGREES TO ARBITRATE ALL DISPUTES, AND HAS HAD THE OPPORTUNITY TO REVIEW THE PROVISIONS OF THIS SECTION WITH ANY ADVISORS AS EXECUTIVE CONSIDERED NECESSARY. BY SIGNING THIS SEPARATION AGREEMENT, EXECUTIVE SIGNIFIES EXECUTIVE'S UNDERSTANDING AND AGREEMENT TO THIS SECTION.

10. 409A Provisions. Notwithstanding anything herein to the contrary, this Agreement is intended to be interpreted and applied so that the payment of the benefits set forth herein either shall either be exempt from the requirements of Section 409A of the Code, or shall comply with the requirements of such provision. Notwithstanding any provision in this Agreement or elsewhere to the contrary, if Executive is a "specified employee" within the meaning of Section 409A of the Code as of the Date of Termination, any payments or benefits due upon a termination of Executive's employment under any arrangement that constitutes a "deferral of compensation" within the meaning of Section 409A of the Code and which do not otherwise qualify under the exemptions under Treas. Regs. Section 1.409A-1 (including without limitation, the short-term deferral exemption and the permitted payments under Treas. Regs. Section 1.409A-1(b)(9)(iii)(A)), shall be delayed and paid or provided within thirty (30) days following the earlier of (i) the date which is six (6) months after Executive's separation from service (as defined in Section 409A of the Code and the

regulations and other published guidance thereunder) for any reason other than death, and (ii) the date of Executive's death. Notwithstanding anything in this Agreement or elsewhere to the contrary, distributions upon termination of Executive's employment may only be made upon a "separation from service" as determined under Section 409A of the Code and such date shall be the Date of Termination for purposes of this Agreement. Each separately identified amount to which Executive is entitled under this Agreement or otherwise shall be treated as a separate payment for purposes of Section 409A of the Code. In addition, to the extent possible under Section 409A of the Code, any series of installment payments under this Agreement shall be treated as a right to a series of separate payments. In no event may Executive, directly or indirectly, designate the calendar year of any payment to be made under this Agreement or otherwise if such designation would constitute a "deferral of compensation" within the meaning of Section 409A of the Code. All reimbursements and in-kind benefits provided under this Agreement shall be made or provided in accordance with the requirements of Section 409A of the Code. To the extent that any reimbursements pursuant to this Agreement or otherwise are taxable to Executive, any reimbursement payment due to Executive shall be paid to Executive on or before the last day of Executive's taxable year following the taxable year in which the related expense was incurred; provided, that, Executive has provided the Company written documentation of such expenses in a timely fashion and such expenses otherwise satisfy the Company's expense reimbursement policies. Reimbursements pursuant to this Agreement or otherwise are not subject to liquidation or exchange for another benefit and the amount of such reimbursements that Executive receives in one taxable year shall not affect the amount of such reimbursements that Executive receives in any other taxable year. Notwithstanding any of the foregoing to the contrary, the Company and its officers, directors, employees, agents, and representatives make no guarantee or representation that the payments or benefits provided under this Agreement comply with, or are exempt from, the provisions of Section 409A of the Code, and none of the foregoing shall have any liability or other obligation to indemnify or hold harmless Executive or any beneficiary of Executive for any Tax, additional tax, interest or penalties that Executive or any beneficiary of Executive may incur in the event that any provision of this Agreement, or any amendment or modification thereof, or any other action taken with respect thereto, is deemed to violate any of the requirements of Section 409A of the Code.

11. Knowing and Voluntary Waiver/ADEA Waiver. Executive represents, warrants and agrees that Executive has carefully read and fully understands all of the provisions of this Agreement, knowingly and voluntarily agrees to all of the terms set forth in this Agreement, and knowingly and voluntarily intends to be legally bound by all of the terms set forth in this Agreement. Executive has been advised by the Company to consider the terms of this Agreement and consult with an attorney of Executive's choice prior to executing this Agreement. **Executive agrees that by signing this Agreement, Executive waives any claims Executive may have under the Age Discrimination in Employment Act of 1967 up to the time Executive signs this Agreement.** Executive has, if Executive wishes, twenty-one (21) days to consider this Agreement prior to signing it, and seven (7) days after signing this Agreement to revoke Executive's signature (the "**Revocation Expiration Date**"). Any revocation within this seven (7) day period must be submitted, in writing via US Mail (registered or certified; return receipt requested) or via email (with a copy to follow US Mail), to Richard Appel, Law Department, 1 Caesars Palace Drive, Las Vegas, Nevada 89109, rappel@caesars.com, and state, "I hereby revoke my acceptance of our Separation Agreement and General Release." For this revocation to be effective, the written notice must be received by Mr. Appel no later than the close of business on the seventh (7th) calendar day after Executive signs this Agreement. If Executive revokes this Agreement, it shall not be effective or enforceable and Executive will not receive the consideration stated herein. This Agreement does not prevent Executive from raising an age discrimination claim arising from facts and events occurring after the Revocation Expiration Date.

12. Miscellaneous.

12.1 Attorneys' Consultation, Fees and Costs. Executive has been advised by the Company to consider the terms of this Agreement and consult with an attorney of Executive's choice prior to executing this Agreement. The Parties agree that each shall bear his or its own attorney's fees and costs in connection with the negotiation and execution of this Agreement.

12.2 Transfer of Claims. Executive has not transferred or assigned, or purported to transfer or assign, to any person or entity, any claim described in this Agreement.

12.3 Governing Law. This Agreement shall be governed by, construed in, and enforced exclusively in accordance with the laws of Nevada without regard to its conflict of laws provisions. Any action, suit or proceeding involving this Agreement shall be initiated solely in Las Vegas, Nevada.

12.4 Attorney's Fees. In the event of any action, suit or proceeding in connection with this Agreement, the prevailing party shall be entitled to recover his or its actual and reasonable attorney's fees in connection therewith.

12.5 No Admission of Wrongdoing. The Parties have entered into this Agreement solely to resolve any disputed claims that may exist between them. Neither the fact of this Agreement nor any of its parts shall be construed as an admission of wrongdoing or liability.

12.6 Severability. Should any provision in this Agreement be determined to be invalid, the validity of the remaining provisions shall not be affected thereby, and the invalid provision shall be deemed not to be part of this Agreement, and all remaining provisions shall remain valid and enforceable.

12.7 Entire Agreement. This Agreement sets forth the entire agreement between the Parties and supersedes any prior agreements between the Parties pertaining to the subject matter of this Agreement, except for the following provisions of the Employment Agreement which remain in full force and effect and are incorporated by this reference as though fully set forth herein: (a) Section 5 ("Claw-Back"); (b) Section 9(e) ("Executive's Equity Awards"); (c) post-employment obligations, terms and conditions set forth in Section 10 ("Restrictive Covenants"); (d) Section 14 ("Litigation and Regulatory Cooperation"); and, (e) any express references to the Employment Agreement (for example, definitions) set forth herein. For purposes of clarification, if Executive violates any of the provisions set forth in Section 10 of the Employment Agreement, such violation will constitute a breach of this Agreement, and shall be subject to the provisions of Section 7 of this Agreement.

12.8 Neutral Interpretation. The Parties have both participated in the negotiation and preparation of this Agreement. The provisions of this Agreement shall not be construed for or against a Party because such Party's counsel drafted this Agreement, and all rules of construction in this regard are hereby waived.

12.9 No Representations. The Parties acknowledge that, except as expressly set forth herein, no representations of any kind or character have been made by any other party or that party's agents, representatives, or attorneys to induce the execution of this Agreement. The Parties further agree that Executive has not relied upon any advice whatsoever from the Company or its attorneys.

12.10 No Modification or Waiver. No modification or waiver of the terms of this Agreement shall be effective unless it appears in a writing signed by all Parties to this Agreement.

12.11 Successors. This Agreement shall be binding upon the Parties, and their heirs, representatives, executors, administrators, successors, and assigns, and shall inure to the benefit of each and all of the Released Parties, and to their heirs, representatives, executors, administrators, successors, and assignees.

12.12. Counterparts. This Agreement may be executed in one or more counterparts, including, without limitation, facsimile and electronic counterparts, each of which shall be deemed an original and together shall constitute one and the same instrument.

IN WITNESS WHEREOF, the Parties hereto have caused this Agreement to be signed as of the Signature Date.

**CAESARS ENTERTAINMENT CORPORATION
2017 PERFORMANCE INCENTIVE PLAN
FORM OF CASH AWARD AGREEMENT**

THIS CASH AWARD AGREEMENT (the “Agreement”) is made by and between Caesars Entertainment Corporation, a Delaware corporation (the “Corporation”), and _____ (the “Participant”), on the date set forth on the final page of this Agreement. Any capitalized terms not otherwise defined in this Agreement shall have the definitions set forth in the Plan (defined below).

WHEREAS, the Corporation has adopted the Caesars Entertainment Corporation 2017 Performance Incentive Plan (the “Plan”), pursuant to which a variety of types of awards, including cash awards, may be granted; and

WHEREAS, the Administrator has determined that it is in the best interests of the Corporation and its stockholders to grant the award provided for herein to Participant subject to the terms set forth herein.

NOW, THEREFORE, the parties hereto, for themselves, their successors and assigns, hereby agree as follows:

1. Grant of Award.

(a) Grant. The Corporation hereby grants to Participant, on the Date of Grant, the right to receive the cash payment set forth on the final page of this Agreement (the “Cash Award”), on the terms and conditions set forth in this Agreement and as otherwise provided in the Plan. The Cash Award represents the right to receive cash payment as of the Settlement Date (as defined below), subject to the terms of this Agreement and the Plan. The Cash Award is subject to the restrictions described herein, including forfeiture under the circumstances described in Section 4 hereof. The Cash Award shall vest and become nonforfeitable in accordance with Section 2 and Section 4 hereof.

(b) Incorporation by Reference, Etc. The provisions of the Plan are hereby incorporated herein by reference. Except as otherwise expressly set forth herein, this Agreement shall be construed in accordance with the provisions of the Plan and any interpretations, amendments, rules and regulations promulgated by the Administrator from time to time pursuant to the Plan. The Administrator shall have final authority to interpret and construe the Plan and this Agreement and to make any and all determinations under them, and its decisions shall be binding and conclusive upon Participant and his or her legal representative in respect of any questions arising under the Plan or this Agreement.

(c) Acceptance of Agreement. In order to accept this Agreement, Participant must indicate acceptance of the Cash Award and acknowledgment that the terms of the Plan and this Agreement have been read and understood by signing and returning a copy of this Agreement as instructed by the Corporation. By accepting this Agreement, Participant consents to the electronic delivery of prospectuses, annual reports and other information required to be delivered by Securities and Exchange Commission rules (which consent may be revoked in writing by Participant at any time upon three business days’ notice to the Corporation, in which case subsequent prospectuses, annual reports and other information will be delivered in hard copy to Participant).

2. Vesting. Except as may otherwise be provided herein, subject to Participant’s continued employment with the Corporation or one of its Subsidiaries (in accordance with Section 4 herein and the terms of the Plan), the Cash Award shall become vested on the date set forth on the final page of this Agreement.

3. Settlement. The settlement of the Cash Award may be subject to such conditions, restrictions and contingencies as the Administrator shall determine. The Cash Award shall be settled as soon as practicable after the Cash Award vests, but in no event later than March 15 of the year following the calendar year in which the Cash Award vested (as applicable, the “Settlement Date”). Notwithstanding the foregoing, the payment date set forth in this Section 3 has been specified for the purpose of being exempt from the provisions of Section 409A of the Code.

4. **Termination of Employment or Service.** Except as otherwise provided in an employment agreement (or similar agreement) between Participant and the Corporation or any of its Subsidiaries in effect on the Date of Grant or as set forth on the final page of this Agreement, if Participant's employment or service with the Corporation or any Subsidiary, as applicable, terminates for any reason, then the unvested portion of the Cash Award shall be cancelled immediately and Participant shall immediately forfeit any rights to the Cash Award subject to such unvested portion.

5. **Compliance with Legal Requirements.**

(a) **Generally.** The granting and settlement of the Cash Award, and any other obligations of the Corporation under this Agreement, shall be subject to all applicable federal, provincial, state, local and foreign laws, rules and regulations and to such approvals by any regulatory or governmental agency as may be required. The Administrator shall have the right to impose such restrictions or delay the settlement of the Cash Award as it deems necessary or advisable under applicable federal securities laws, the rules and regulations of any stock exchange or market upon which the Shares are then listed or traded, and/or any blue sky or state securities laws applicable to the Shares; provided that any settlement shall be delayed only until the earliest date on which settlement would not be so prohibited. Participant agrees to take all steps the Administrator or the Corporation determines are necessary to comply with all applicable provisions of federal and state securities law in exercising his or her rights under this Agreement.

(b) **Tax Withholding.** All distributions under the Plan shall be subject to Participant satisfying any applicable federal, state, local and foreign tax withholding obligations. The Corporation shall have the power and the right to require Participant to remit to the Corporation or deduct or withhold from all amounts payable to Participant in connection with the Cash Award or otherwise, an amount sufficient to satisfy any applicable taxes required by law.

6. **Miscellaneous.**

(a) **Transferability.** The Cash Award may not be assigned, alienated, pledged, attached, sold or otherwise transferred or encumbered by a Participant other than by will or by the laws of descent and distribution, pursuant to a qualified domestic relations order if approved or ratified by the Administrator or as otherwise permitted under the Plan.

(b) **Waiver.** Any right of the Corporation contained in this Agreement may be waived in writing by the Administrator. No waiver of any right hereunder by any party shall operate as a waiver of any other right, or as a waiver of the same right with respect to any subsequent occasion for its exercise, or as a waiver of any right to damages. No waiver by any party of any breach of this Agreement shall be held to constitute a waiver of any other breach or a waiver of the continuation of the same breach.

(c) **Section 409A.** The Cash Award is not intended to be subject to Section 409A of the Code. Notwithstanding the foregoing or any provision of the Plan or this Agreement, if any provision of the Plan or this Agreement contravenes Section 409A of the Code or could cause Participant to incur any tax, interest or penalties under Section 409A of the Code, the Administrator may, in its sole discretion and without Participant's consent, modify such provision to (i) comply with, or avoid being subject to, Section 409A of the Code, or to avoid the incurrence of taxes, interest and penalties under Section 409A of the Code, and/or (ii) maintain, to the maximum extent practicable, the original intent and economic benefit to Participant of the applicable provision without materially increasing the cost to the Corporation or contravening the provisions of Section 409A of the Code. This Section 6(c) does not create an obligation on the part of the Corporation to modify the Plan or this Agreement and does not guarantee that the Cash Award will not be subject to interest and penalties under Section 409A.

(d) **Notices.** Any written notices provided for in this Agreement or the Plan shall be in writing and shall be deemed sufficiently given if either hand delivered or if sent by fax, pdf/email or overnight courier, or by postage paid first class mail. Notices sent by mail shall be deemed received three business days after mailing but in no event later than the date of actual receipt. Notices shall be directed, if to Participant, at Participant's address indicated by the Corporation's records, or if to the Corporation, to the Corporation's principal business office.

(e) Severability. The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of any other provision of this Agreement, and each other provision of this Agreement shall be severable and enforceable to the extent permitted by law.

(f) No Rights to Employment. Nothing contained in this Agreement shall be construed as giving Participant any right to be retained, in any position, as an employee or consultant of the Corporation or its Subsidiaries or shall interfere with or restrict in any way the right of the Corporation or its Subsidiaries, which are hereby expressly reserved, to remove, terminate or discharge Participant at any time for any reason whatsoever.

(g) No Rights to Award. The grant to Participant of the Cash Award pursuant to this Agreement shall not give Participant any claim or rights to be granted any future award or additional awards under the Plan, subject to any express contractual rights (set forth in a document other than the Plan and this Agreement) to the contrary.

(h) Beneficiary. Participant may file with the Administrator a written designation of a beneficiary on such form as may be prescribed by the Administrator and may, from time to time, amend or revoke such designation. If no validly designated beneficiary survives Participant, Participant's estate shall be deemed to be Participant's beneficiary.

(i) Bound by Plan. By signing this Agreement, Participant acknowledges that Participant has received a copy of the Plan and has had an opportunity to review the Plan and agrees to be bound by all the terms and provisions of the Plan.

(j) Successors. The terms of this Agreement shall be binding upon and inure to the benefit of the Corporation and its successors and assigns, and of Participant and the beneficiaries, executors, administrators, heirs and successors of Participant.

(k) Entire Agreement. This Agreement, the Plan and any Non-Disclosure Agreement entered into by Participant in connection herewith contain the entire agreement and understanding of the parties hereto with respect to the subject matter contained herein and supersede all prior communications, representations and negotiations in respect thereto. No change, modification or waiver of any provision of this Agreement shall be valid unless the same be in writing and signed by the parties hereto, except for any changes permitted without consent under the Plan (including pursuant to Sections 8.6.4 and 8.15(d)).

(l) Governing Law. This Agreement shall be governed, construed and interpreted in accordance with the laws of the State of Delaware without regard to principles of conflicts of law thereof, or principles of conflicts of laws of any other jurisdiction which could cause the application of the laws of any jurisdiction other than the State of Delaware.

(m) Captions. The captions and headings of the Sections hereof are provided for convenience only and are not to serve as a basis for interpretation or construction, and shall not constitute a part, of this Agreement.

IN WITNESS WHEREOF, the Corporation and Participant have executed this Agreement as set forth below.

We work in one of the most highly regulated and closely watched industries on earth. And we are the leader in that industry. Our very name means leader. Working at Caesars Entertainment means to expect nothing less than the very best behavior from ourselves and from one another.

We are the stewards of Caesars Entertainment's reputation. To help guide our actions, we have adopted this Code of Business Conduct and Ethics. This Code sets clear expectations for each of us in conducting Caesars Entertainment's business consistent with the highest standards of ethics and responsibility.

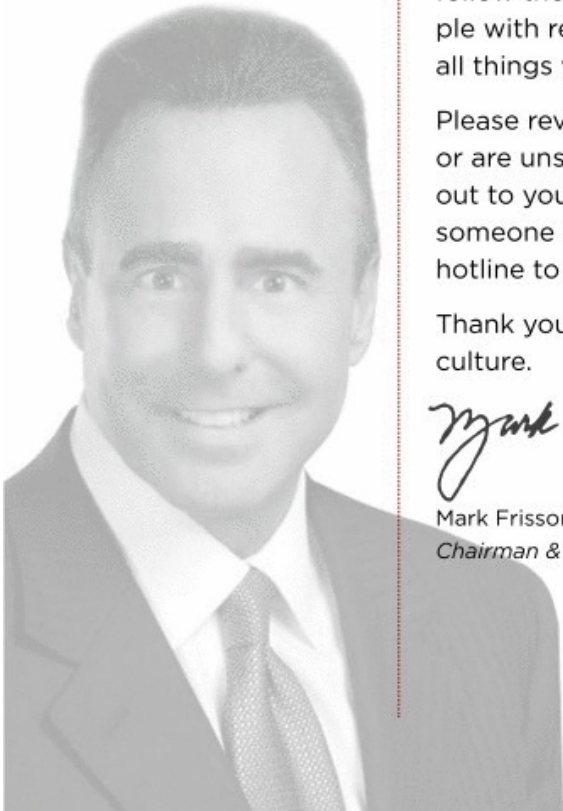

This Code applies to all of our directors, officers and employees and demands that each of us do the right thing – follow the law, treat customers, co-workers and other people with respect and demonstrate honesty and integrity in all things we do.

Please review this Code carefully. If you have any questions or are unsure how to handle an issue, reach out. Reach out to your manager or to our Chief Compliance Officer or someone on that team. We also have a confidential, toll-free hotline to ask questions or report potential violations.

Thank you for your commitment to our company and our culture.

Mark Frissora
Chairman & CEO

General Standards

This Code of Business Conduct and Ethics contains general guidelines for conducting the business of Caesars Entertainment Corporation (with its affiliates and subsidiaries, “Caesars Entertainment” or the “Company”) consistent with the highest standards of business ethics.

Here is what we expect of everyone:

- honest and ethical conduct, including ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
- full, fair, accurate, timely and understandable disclosure in reports and documents that Caesars Entertainment files with, or submits to, the United States Securities and Exchange Commission (the “SEC”), and in other public communications made by Caesars Entertainment;
- compliance with all applicable laws, rules and regulations;
- prompt internal reporting to an appropriate person or persons identified in this Code of violations of the Code; and
- accountability for adherence to this Code.

What Does “Applicable Laws” Mean?

Follow the rules. Remember, US laws apply to you regardless of where you work. We operate in five countries and must follow the local law as well as US law.

All directors, officers and employees must fully disclose any situation that reasonably could be expected to give rise to a conflict of interest or the appearance of one.

Conflicts of Interest

All directors, officers and employees must fully disclose any situations, including situations involving immediate family members, that reasonably could be expected to give rise to a conflict of interest or the appearance of one. Conflicts should be disclosed to your immediate supervisor or the General Counsel or someone on his team.

What is a conflict of interest?

A conflict of interest exists when your private interest, or the private interest of one of your family members, interferes, or appears to interfere, in any way with the interests of the Company as a whole. The following are examples of situations (applicable to both you and your family member) that may present a conflict of interest:

- employment by, service as a director of or the provision of any services to a company that is one of the Company's material customers, suppliers or competitors, or a company whose interests could reasonably be expected to conflict with the Company's interests;
- receipt of personal benefits or favors (other than nominal benefits or favors) as a result of your position with the Company;
- a significant financial interest (ownership or otherwise) in any company that is one of the Company's material customers, suppliers or competitors; and
- any loan or guarantee of personal obligations from, or any other financial transaction with, any company that is one of the Company's material customers, suppliers or competitors (other than loans from commercial lending institutions in the ordinary course of business).

Employees are prohibited from taking (or directing to a third party) a business opportunity discovered through the use of the Company's property, information or position.

Corporate Opportunities

Employees of the Company owe a duty to the Company to advance its legitimate interests when the opportunity arises.

Employees are prohibited from taking (or directing to a third party) a business opportunity discovered through the use of the Company's property, information or position. In general, employees may not use corporate property, information or position for personal gain or compete with the Company, but ownership of a financial interest in a competitor that is not a significant financial interest is not considered to be competing with the Company.

Any employee that discovers a business opportunity that is in one of the Company's lines of business must first present the business opportunity to the General Counsel, or his designee, before pursuing the activity in his individual capacity. If the General Counsel, or his designee, as the case may be, waives the Company's right to pursue the opportunity, then you may do so in your individual capacity.

Confidentiality

In the course of the Company's business, directors, officers and employees may gain confidential information, including non-public information, that might be of use to competitors or harmful to the Company or its customers, if disclosed. You should maintain the confidentiality of information entrusted to you by the Company or its customers, except when disclosure is authorized or legally mandated.

Caesars Entertainment does not tolerate any form of harassment or bullying in any of our workplaces.

Harassment and Bullying

Harassment is an action, conduct or behavior that is viewed as unwelcome, humiliating, intimidating or offensive by the recipient. Bullying is repeated verbal, physical, social or psychological abuse by a person or group of people at work. *Caesars Entertainment does not tolerate any form of harassment or bullying in any of our workplaces.*

You must never engage in actions or behaviors that involve harassment or bullying. You are expected to be inclusive, collaborative and supportive. It is important that you consider the implications of your behaviors, and support your coworkers to speak up and raise concerns. *Our Code of Business Conduct supports a culture where we treat all of our employees with respect.*

Caesars Entertainment is governed and abides by each country's laws and regulations regarding the fair and proper treatment of others. Harassment and bullying are illegal in many countries and may lead to penalties for individuals and for Caesars Entertainment. *Always act in accordance with the highest ethical and legal standards.*

Always

- Treat everyone with respect and dignity in line with Corporate Code of Commitment.
- Speak up if you are uncomfortable or upset with someone's comments or behaviors, and talk it through. (Be mindful that workplace harassment and bullying should not be confused with constructive feedback or coaching on work performance or work-related behavior of an individual or group for development.)
- Feel comfortable speaking up, even if the behavior is not directed at you.
- Encourage and insist on a workplace free of harassment and bullying.

Never

- Behave in a way that is offensive, insulting, intimidating, malicious or humiliating.
- Make jokes or comments about a person's race, gender, ethnicity, religion, sexual preference, age, physical appearance or disability.
- Engage in sexual harassment.
- Distribute or display offensive material, including inappropriate pictures or cartoons.

*You may not
take unfair
advantage of
any person or
entity.*

Competition and Fair Dealing

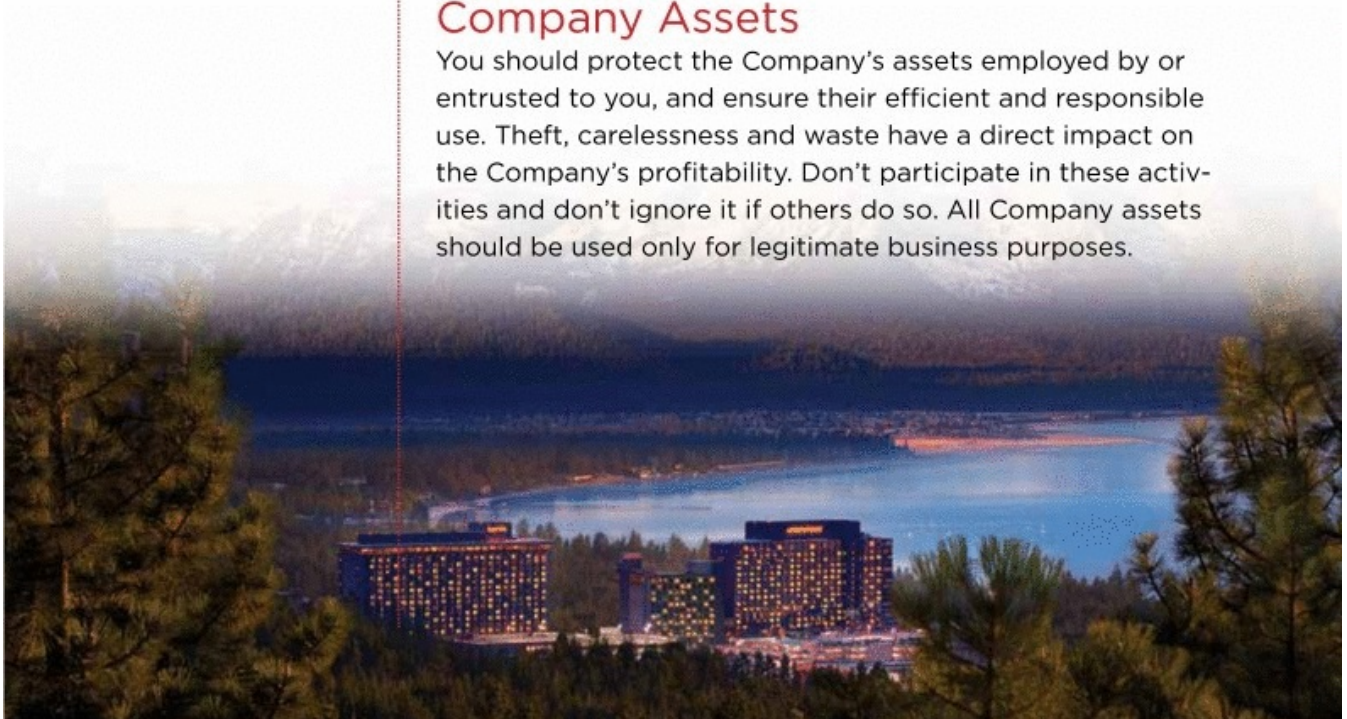

All directors, officers and employees are obligated to deal fairly with the Company's customers, suppliers and competitors. You may not take unfair advantage of any person or entity through manipulation, concealment, abuse of privileged information, misrepresentation or any other unfair dealing or practice.

Company Records

Our senior leaders have implemented policies to ensure that all Company records are complete, accurate and reliable in all material respects. Company records include, but are not limited to, bookkeeping information, payroll, e-mails, accounting and financial data, measurement and performance records, electronic data files and all other records maintained in the course of our business. You are responsible for understanding and complying with the Company's document retention policy. Please refer to the Company's document retention policy for more information about Company records.

Company Assets

You should protect the Company's assets employed by or entrusted to you, and ensure their efficient and responsible use. Theft, carelessness and waste have a direct impact on the Company's profitability. Don't participate in these activities and don't ignore it if others do so. All Company assets should be used only for legitimate business purposes.

Materially inaccurate, incomplete or untimely reporting will not be tolerated and can severely damage the Company and cause legal liability.

Accuracy of Financial Reports and other Public Communications

It is our policy that our public disclosures be accurate and complete in all material respects regarding our business, financial condition and results of operations. Materially inaccurate, incomplete or untimely public reporting will not be tolerated and can severely damage the Company and cause legal liability.

Each director, officer or employee of the Company, to the extent involved in the Company's disclosure process, is required to be familiar with the Company's disclosure controls and procedures applicable to him or her so that the Company's public reports and documents filed with the SEC comply in all material respects with the applicable federal securities laws and SEC rules. In addition, each such person having direct or supervisory authority regarding these SEC filings or the Company's other public communications concerning its general business, results, financial condition and prospects should, to the extent appropriate within his or her area

of responsibility, consult with other Company officers and employees and take other appropriate steps regarding these disclosures with the goal of making full, fair, accurate, timely and understandable disclosure.

To the extent you are involved in the Company's disclosures, you must:

- familiarize yourself with the disclosure requirements applicable to the Company, as well as the business and financial operations of the Company; and
- not knowingly misrepresent, or cause others to misrepresent, facts about the Company to others, whether within or outside the Company, including to the Company's independent auditors, governmental regulators and self-regulatory organizations.

We are responsible for implementing and maintaining an adequate internal control structure and procedures for financial reporting, including without limitation disclosure controls and procedures. You should be on guard for, and promptly report, evidence of improper public reporting.

What Does Disclosure Mean?

Don't be cute. We should use plain language to communicate with regulators, markets, customers and investors. That applies when the news is good and even when it isn't. We will never communicate false or misleading information to the media, to our auditors or anyone else, and we will never direct or allow a colleague to do so.

*Each of us has
an obligation
to comply with
the laws of the
cities, states and
countries in which
the Company
operates.*

Compliance with Laws and Regulations

Each of us has an obligation to comply with the laws of the cities, states and countries in which the Company operates. The Company will not tolerate any activity that violates any laws, rules or regulations applicable to it. This includes, without limitation, laws covering the gaming industry, commercial bribery and kickbacks, copyrights, trademarks and trade secrets, information privacy, illegal political contributions, antitrust prohibitions, foreign corrupt practices, offering or receiving gratuities, environmental hazards, employment discrimination or harassment, occupational health and safety, false or misleading financial information or misuse of corporate assets.

You are strictly prohibited from recommending, "tipping" or suggesting that anyone else buy or sell our stock or other securities.

Compliance with Trading Laws

You are strictly prohibited from trading in the Company's stock or other securities, or the stock or other securities of any other company, while in possession of material, nonpublic information about the Company or the other company. In addition, you are strictly prohibited from recommending, "tipping" or suggesting that anyone else buy or sell our stock or other securities, or the stock or securities of any other company, on the basis of material, nonpublic information. For more information, please refer to the Company's securities trading policy and procedures.

Fair Disclosure

The Company's policy is to provide timely, materially accurate and complete information in response to public requests (media, analysts, etc.), consistent with the Company's obligations to maintain the confidentiality of competitive and proprietary information and to prevent selective disclosure of market-sensitive financial data. In connection with our public communications, the Company is required, and its policy is, to comply with Regulation FD (which stands for "fair disclosure") under the federal securities laws. For more information, please contact the Law Department. Directors, officers and employees who are authorized to speak to the media must be aware of the requirements of Regulation FD and must make every effort to ensure that the Company's public disclosures comply with those requirements.

If you become aware of any violation of this Code, you must notify your "Policy Contact" promptly.

Reporting Violations and Accountability

The Board of Directors has the authority to interpret this Code in any particular situation. If you become aware of any violation of this Code, you must notify your "Policy Contact" promptly. "Policy Contact" means (a) for directors and executive officers of the Company, the General Counsel or his designee (unless the General Counsel or such designee is the subject of the potential violation, in which case the Policy Contact is the Chief Financial Officer), and (b) for other employees of the Company, your immediate supervisor or the General Counsel or his designee. If you do not feel comfortable reporting the conduct in question to your Policy Contact, or do not get a satisfactory response, you may contact any member of the Board of Directors.

Any questions relating to how these policies should be interpreted or applied should be addressed to the General Counsel or his designee. If you are unsure of whether a situation violates this Code, you should discuss the situation with your Policy Contact.

Eric Hession
EVP & CFO

Tim Donovan
EVP, General Counsel &
Chief Regulatory Officer

Your obligations:

- notify the appropriate Policy Contact promptly of any existing or potential violation of this Code; and
- not retaliate against any director, officer or employee of the Company for reports of potential violations that are made in good faith.

Our procedures to enforce this Code:

- all Policy Contacts will ensure that the General Counsel or his designee is notified promptly of any reports not made to the General Counsel or designee directly. In the case of violations or alleged violations involving the General Counsel or his designee, the Chief Financial Officer will take on this role;
- the General Counsel or his designee will take action to investigate any violation reported as he or she determines to be appropriate;
- the General Counsel will report each violation and alleged violation involving a director or an executive officer to the Chair of the Audit Committee. In the case of violations or alleged violations involving the General Counsel, the Chief Financial Officer will take on this role. To the extent he or she deems appropriate, the Chair of the Audit Committee may participate in any investigation of a director or executive officer. After the conclusion of an investigation of a director or executive officer, the conclusions shall be reported to the Audit Committee;
- the Audit Committee may conduct any additional investigation of a matter as it deems necessary. If the Audit Committee determines that a director or executive officer has violated this Code, it will report its determination to the Board of Directors;
- in the event a violation of this Code has occurred, the Company will take disciplinary or preventive action as it determines to be appropriate, up to and including dismissal or, in the event of criminal or other serious violations of law, notification of the SEC or other appropriate law enforcement authorities; and
- all questions and reports of known or suspected violations of the law or this Code will be treated with sensitivity and discretion. The Company will protect each director's, officer's and employee's confidentiality to the extent possible consistent with the law and our need to investigate reports. The Company strictly prohibits retaliation against a director, officer or employee who, in good faith, seeks help or reports known or suspected violations.

*You are
responsible
for your own
actions.*

Waivers

Each of the Board of Directors (in the case of a violation by a director or executive officer) and the General Counsel or his designee (in the case of a violation by any other person) may, in its or his discretion, waive any violation of this Code. Any waiver for a director or an executive officer will be disclosed as required by SEC and Nasdaq rules.

Compliance Policy

This Code is not intended to amend or replace the Company's Compliance Policy or any other company codes of conduct and you will be required to comply with the terms of this Code, the Compliance Policy and any other Company codes of conduct.

Conclusion

This Code contains general guidelines for conducting the business of the Company consistent with the highest standards of business ethics. Please contact the Law Department with any questions about these guidelines. You are separately responsible for your own actions. If you engage in conduct prohibited by the law or this Code, you will be deemed to have acted outside the scope of your relationship with the Company and may be subject to disciplinary action, including possibly termination or removal from your position.

/s/ DELOITTE & TOUCHE LLP
Las Vegas, Nevada
February 21, 2019

I, Mark P. Frissora, certify that:

1. I have reviewed this annual report on Form 10-K of Caesars Entertainment Corporation;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

GAMING REGULATORY OVERVIEW

General

The ownership and operation of casino entertainment facilities are subject to pervasive regulation under the laws, rules and regulations of each of the jurisdictions in which we operate. Gaming laws are based upon declarations of public policy designed to ensure that gaming is conducted honestly, competitively and free of criminal and corruptive elements. Since the continued growth and success of gaming is dependent upon public confidence, gaming laws protect gaming consumers and the viability and integrity of the gaming industry, including prevention of cheating and fraudulent practices. Gaming laws may also be designed to protect and maximize state and local revenues derived through taxation and licensing fees imposed on gaming industry participants and enhance economic development and tourism. To accomplish these public policy goals, gaming laws establish procedures to ensure that participants in the gaming industry meet certain standards of character and fitness, or suitability. In addition, gaming laws require gaming industry participants to:

- Establish and maintain responsible accounting practices and procedures;
- Maintain effective controls over their financial practices, including establishment of minimum procedures for internal fiscal affairs and the safeguarding of assets and revenues;
- Maintain systems for reliable record keeping;
- File periodic reports with gaming regulators; and
- Maintain strict compliance with various laws, regulations and required minimum internal controls pertaining to gaming.

Typically, regulatory environments in the jurisdictions in which we operate are established by statute and are administered by a regulatory agency or agencies with interpretive authority with respect to gaming laws and regulations and broad discretion to regulate the affairs of owners, managers, and persons/entities with financial interests in gaming operations. Among other things, gaming authorities in the various jurisdictions in which we operate:

- Adopt rules and regulations under the implementing statutes;
- Make appropriate investigations to determine if there has been any violation of laws or regulations;
- Enforce gaming laws and impose disciplinary sanctions for violations, including fines and penalties;
- Review the character and fitness of participants in gaming operations and make determinations regarding their suitability or qualification for licensure;
- Grant licenses for participation in gaming operations;
- Collect and review reports and information submitted by participants in gaming operations;
- Review and approve transactions, such as acquisitions or change-of-control transactions of gaming industry participants, securities offerings and debt transactions engaged in by such participants; and
- Establish and collect fees and/or taxes.

Licensing and Suitability Determinations

Gaming laws require us, each of our subsidiaries engaged in gaming operations, certain of our directors, officers and employees, and in some cases, our stockholders and holders of our debt securities, to obtain licenses or findings of suitability from gaming authorities. Licenses or findings of suitability typically require a determination that the applicant qualifies or is suitable. Gaming authorities have very broad discretion in determining whether an applicant qualifies for licensing or should be deemed suitable. Subject to certain administrative proceeding requirements, the gaming regulators have the authority to deny any application or limit, condition, restrict, revoke or suspend any license, registration, finding of suitability or approval, or fine any person licensed, registered or found suitable or approved, for any cause deemed reasonable by the gaming authorities. Criteria used in determining whether to grant a license or finding of suitability, while varying between jurisdictions, generally include consideration of factors such as:

- The financial stability, integrity and responsibility of the applicant, including whether the operation is adequately capitalized in the jurisdiction and exhibits the ability to maintain adequate insurance levels;

- The quality of the applicant's casino facilities;
- The amount of revenue to be derived by the applicable jurisdiction through operation of the applicant's gaming facility;
- The applicant's practices with respect to minority hiring and training; and
- The effect on competition and general impact on the community.

In evaluating individual applicants, gaming authorities consider the individual's reputation for good character and criminal and financial history and the character of those with whom the individual associates.

Many jurisdictions limit the number of licenses granted to operate gaming facilities within the jurisdiction, and some jurisdictions limit the number of licenses granted to any one gaming operator. For example, in Indiana, state law allows us to hold a 100% ownership interest in not more than two riverboat licenses. We are also permitted to hold gambling game licenses for each of Harrah's Hoosier Park and Indiana Grand. Licenses under gaming laws are generally not transferable unless the transfer is approved by the requisite regulatory agency. Licenses in many of the jurisdictions in which we conduct gaming operations are granted for limited durations and require renewal from time to time. There can be no assurance that any of our licenses or any of the above mentioned contracts will be renewed.

Most jurisdictions have statutory or regulatory provisions that govern the required action that must be taken in the event that a license is revoked or not renewed. For example, under Indiana law, a trustee approved by gaming authorities may assume complete operational control of our riverboat in the event our license is revoked or not renewed, and may be authorized to take any action necessary to sell the property if we are unable to find a suitable buyer within 180 days.

In addition to us and our direct and indirect subsidiaries engaged in gaming operations, gaming authorities may investigate any individual or entity having a material relationship to, or material involvement with, any of these entities to determine whether such individual is suitable or should be licensed as a business associate of a gaming licensee. Certain jurisdictions require that any change in our directors or officers, including the directors or officers of our subsidiaries, must be approved by the requisite regulatory agency. Our officers, directors and certain key employees must also file applications with the gaming authorities and may be required to be licensed, qualified or be found suitable in many jurisdictions. Gaming authorities may deny an application for licensing for any cause which they deem reasonable. Qualification and suitability determinations require submission of detailed personal and financial information followed by a thorough investigation. The burden of demonstrating suitability is on the applicant, who must pay all the costs of the investigation. Changes in licensed positions must be reported to gaming authorities and in addition to their authority to deny an application for licensure, qualification or a finding of suitability, gaming authorities have jurisdiction to condition, limit, or disapprove of a change in a corporate position.

If gaming authorities were to find that an officer, director or key employee fails to qualify or is unsuitable for licensing or unsuitable to continue having a relationship with us, we would have to sever all relationships with such person. In addition, gaming authorities may require us to terminate the employment of any person who refuses to file appropriate applications.

Moreover, in many jurisdictions, any of our stockholders or holders of our debt securities may be required to file an application, be investigated, and qualify or have his, her or its suitability determined. For example, under Nevada gaming laws, each person who acquires, directly or indirectly, beneficial ownership of any voting security, or beneficial or record ownership of any non-voting security or any debt security in a public corporation which is registered with the Nevada Gaming Commission (the "Commission"), such as Caesars Entertainment Corporation, may be required to be found suitable if the Commission has reason to believe that his or her acquisition of that ownership, or his or her continued ownership in general, would be inconsistent with the declared public policy of Nevada, in the sole discretion of the Commission. Any person required by the Commission to be found suitable shall apply for a finding of suitability within 30 days after the Commission's request that he or she should do so and, together with his or her application for suitability, deposit with the Nevada Gaming Control Board (the "Board") a sum of money which, in the sole discretion of the Board, will be adequate to pay the anticipated costs and charges incurred in the investigation and processing of that application for suitability, and deposit such additional sums as are required by the Board to pay final costs and charges.

Furthermore, any person required by a gaming authority to be found suitable, who is found unsuitable by the gaming authority, shall not be able to hold directly or indirectly the beneficial ownership of any voting security or the beneficial or record ownership of any nonvoting security or any debt security of any public corporation which is registered with the gaming authority, such as Caesars Entertainment Corporation, beyond the time prescribed by the gaming authority. A violation of the foregoing may constitute a criminal offense. A finding of unsuitability by a particular gaming authority impacts that person's ability to associate or affiliate with gaming licensees in that particular jurisdiction and could impact the person's ability to associate or affiliate with gaming licensees in other jurisdictions.

Many jurisdictions also require any person who acquires beneficial ownership of more than a certain percentage of our voting securities and, in some jurisdictions, our non-voting securities, typically 5%, to report the acquisition to gaming authorities, and gaming authorities may require such holders to apply for qualification or a finding of suitability. Most gaming authorities, however, allow an “institutional investor” to apply for a waiver that allows the “institutional investor” to acquire, in most cases, up to 15% of our voting securities without applying for qualification or a finding of suitability. An “institutional investor” is generally defined as an investor acquiring and holding voting securities in the ordinary course of business as an institutional investor, and not for the purpose of causing, directly or indirectly, the election of a majority of the members of our board of directors, any change in our corporate charter, bylaws, management, policies or operations, or those of any of our gaming affiliates, or the taking of any other action which gaming authorities find to be inconsistent with holding our voting securities for investment purposes only. An application for a waiver as an institutional investor requires the submission of detailed information about the company and its regulatory filings, the name of each person that beneficially owns more than 5% of the institutional investor’s voting securities or other equivalent and a certification made under oath or penalty for perjury, that the voting securities were acquired and are held for investment purposes only. Even if a waiver is granted, an institutional investor generally may not take any action inconsistent with its status when the waiver was granted without once again becoming subject to the foregoing reporting and application obligations. A change in the investment intent of an institutional investor must be reported to certain regulatory authorities immediately after its decision.

Notwithstanding, each person who acquires directly or indirectly, beneficial ownership of any voting security, or beneficial or record ownership of any nonvoting security or any debt security in our company may be required to be found suitable if a gaming authority has reason to believe that such person’s acquisition of that ownership would otherwise be inconsistent with the declared policy of the jurisdiction.

Generally, any person who fails or refuses to apply for a finding of suitability or a license within the prescribed period after being advised it is required by gaming authorities may be denied a license or found unsuitable, as applicable. The same restrictions may also apply to a record owner if the record owner, after request, fails to identify the beneficial owner. Any person found unsuitable or denied a license and who holds, directly or indirectly, any beneficial ownership of our securities beyond such period of time as may be prescribed by the applicable gaming authorities may be guilty of a criminal offense. Furthermore, we may be subject to disciplinary action if, after we receive notice that a person is unsuitable to be a stockholder or to have any other relationship with us or any of our subsidiaries, we:

- pay that person any dividend or interest upon our voting securities;
- allow that person to exercise, directly or indirectly, any voting right conferred through securities held by that person;
- pay remuneration in any form to that person for services rendered or otherwise; or
- fail to pursue all lawful efforts to require such unsuitable person to relinquish his voting securities, including, if necessary, the immediate purchase of said voting securities for cash at fair market value.

Although many jurisdictions generally do not require the individual holders of debt securities such as notes to be investigated and found suitable, gaming authorities may nevertheless retain the discretion to do so for any reason, including but not limited to, a default, or where the holder of the debt instruments exercises a material influence over the gaming operations of the entity in question. Any holder of debt securities required to apply for a finding of suitability or otherwise qualify must generally pay all investigative fees and costs of the gaming authority in connection with such an investigation. If the gaming authority determines that a person is unsuitable to own a debt security, we may be subject to disciplinary action, including the loss of our approvals, if without the prior approval of the gaming authority, we:

- pay to the unsuitable person any dividend, interest or any distribution whatsoever;
- recognize any voting right by the unsuitable person in connection with those securities;
- pay the unsuitable person remuneration in any form; or
- make any payment to the unsuitable person by way of principal, redemption, conversion, exchange, liquidation or similar transaction.

Certain jurisdictions impose similar restrictions in connection with debt securities and retain the right to require holders of debt securities to apply for a license or otherwise be found suitable by the gaming authority.

Under New Jersey gaming laws, if a holder of our debt or equity securities is required to qualify, the holder may be required to file an application for qualification or divest itself of the securities. If the holder files an application for qualification, it must place the securities in trust with an approved trustee, which trust shall be effective but not operative, pending the gaming regulatory

authorities' consideration of interim authorization. If the gaming regulatory authorities approve interim authorization, and while the application for plenary qualification is pending, such holder may, through the approved trustee, continue to exercise all rights incident to the ownership of the securities. If the gaming regulatory authorities deny interim authorization, the trust shall become operative and the trustee shall have the authority to exercise all the rights incident to ownership, including the authority to dispose of the securities and the security holder shall have no right to participate in casino earnings and may only receive a return on its investment in an amount not to exceed the actual cost of the investment (as defined by New Jersey gaming laws). If the security holder obtains interim authorization but the gaming authorities later find reasonable cause to believe that the security holder may be found unqualified, the trust shall become operative and the trustee shall have the authority to exercise all rights incident to ownership pending a determination on such holder's qualifications. However, during the period the securities remain in trust, the security holder may petition the New Jersey gaming authorities to direct the trustee to dispose of the trust property and distribute proceeds of the trust to the security holder in an amount not to exceed the lower of the actual cost of the investment or the value of the securities on the date the trust became operative. If the security holder is ultimately found unqualified, the trustee is required to sell the securities and to distribute the proceeds of the sale to the applicant in an amount not exceeding the lower of the actual cost of the investment or the value of the securities on the date the trust became operative and to distribute any remaining proceeds to the state. If the security holder is found qualified, the trust agreement will be terminated.

Additionally, following the Reclassification, the Certificate of Incorporation of Caesars Entertainment Corporation contains provisions establishing the right to redeem the securities of disqualified holders if necessary to avoid any regulatory sanctions, to prevent the loss or to secure the reinstatement of any license or franchise, or if such holder is determined by any gaming regulatory agency to be unsuitable, has an application for a license or permit denied or rejected, or has a previously issued license or permit rescinded, suspended, revoked or not renewed. The Certificate of Incorporation also contains provisions defining the redemption price and the rights of a disqualified security holder. In the event a security holder is disqualified, the New Jersey gaming authorities are empowered to propose any necessary action to protect the public interest, including the suspension or revocation of the licenses for the casinos we own in New Jersey.

Many jurisdictions also require that manufacturers and distributors of gaming equipment and suppliers of certain goods and services to gaming industry participants be licensed and require us to purchase and lease gaming equipment, supplies and services only from licensed suppliers.

Violations of Gaming Laws

If we or our subsidiaries violate applicable gaming laws, our gaming licenses could be limited, conditioned, suspended or revoked by gaming authorities, and we and any other persons involved could be subject to substantial fines. Further, a supervisor or conservator can be appointed by gaming authorities to operate our gaming properties, or in some jurisdictions, take title to our gaming assets in the jurisdiction, and under certain circumstances, earnings generated during such appointment could be forfeited to the applicable jurisdictions. Furthermore, violations of laws in one jurisdiction could result in disciplinary action in other jurisdictions. As a result, violations by us of applicable gaming laws could have a material adverse effect on our financial condition, prospects and results of operations.

Reporting and Recordkeeping Requirements

We are required periodically to submit detailed financial and operating reports and furnish any other information about us and our subsidiaries which gaming authorities may require. Under federal law, we are required to record and submit detailed reports of currency transactions involving greater than \$10,000 at our casinos and Suspicious Activity Reports if the facts presented so warrant. Some jurisdictions require us to maintain a log that records aggregate cash transactions in the amount of \$3,000 or more. We are required to maintain a current stock ledger which may be examined by gaming authorities at any time. We may also be required to disclose to gaming authorities upon request the identities of the holders of our debt or other securities. If any securities are held in trust by an agent or by a nominee, the record holder may be required to disclose the identity of the beneficial owner to gaming authorities. Failure to make such disclosure may be grounds for finding the record holder unsuitable. In Indiana, we are required to submit a quarterly report to gaming authorities disclosing the identity of all persons holding interests of 1% or greater in a riverboat licensee or holding company. Gaming authorities may also require certificates for our stock to bear a legend indicating that the securities are subject to specified gaming laws. In certain jurisdictions, gaming authorities have the power to impose additional restrictions on the holders of our securities at any time.

Review and Approval of Transactions

Substantially all material loans, leases, sales of securities and similar financing transactions by us and our subsidiaries must be reported to, or approved by, gaming authorities. Neither we nor any of our subsidiaries may make a public offering of securities without the prior approval of certain gaming authorities if the securities or the proceeds therefrom are intended to be used to construct, acquire or finance gaming facilities in such jurisdictions, or to retire or extend obligations incurred for such purposes. Such approval, if given, does not constitute a recommendation or approval of the investment merits of the securities subject to the

offering. Changes in control through merger, consolidation, stock or asset acquisitions, management or consulting agreements, or otherwise, require prior approval of gaming authorities in certain jurisdictions. Entities seeking to acquire control of us or one of our subsidiaries must satisfy gaming authorities with respect to a variety of stringent standards prior to assuming control. Gaming authorities may also require controlling stockholders, officers, directors and other persons having a material relationship or involvement with the entity proposing to acquire control, to be investigated and licensed as part of the approval process relating to the transaction.

Certain gaming laws and regulations in jurisdictions we operate in establish that certain corporate acquisitions opposed by management, repurchases of voting securities and corporate defense tactics affecting us or our subsidiaries may be injurious to stable and productive corporate gaming, and as a result, prior approval may be required before we may make exceptional repurchases of voting securities (such as repurchases which treat holders differently) above the current market price and before a corporate acquisition opposed by management can be consummated. In certain jurisdictions, the gaming authorities also require prior approval of a plan of recapitalization proposed by the board of directors of a publicly traded corporation which is registered with the gaming authority in response to a tender offer made directly to the registered corporation's stockholders for the purpose of acquiring control of the registered corporation.

Because licenses under gaming laws are generally not transferable, we may not grant a security interest in our gaming licenses, and our ability to grant a security interest in any of our gaming assets is limited and may be subject to receipt of prior approval from gaming authorities. A pledge of the stock of a subsidiary holding a gaming license and the foreclosure of such a pledge may be ineffective without the prior approval of gaming authorities in certain jurisdictions. Moreover, our subsidiaries holding gaming licenses may be unable to guarantee a security issued by an affiliated or parent company pursuant to a public offering, or pledge their assets to secure payment of the obligations evidenced by the security issued by an affiliated or parent company, without the prior approval of certain gaming authorities. We are subject to extensive prior approval requirements relating to certain borrowings and security interests with respect to our New Orleans casino. If the holder of a security interest wishes operation of the casino to continue during and after the filing of a suit to enforce the security interest, it may request the appointment of a receiver approved by Louisiana gaming authorities, and under Louisiana gaming laws, the receiver is considered to have all our rights and obligations under our contract with Louisiana gaming authorities.

Some jurisdictions also require us to file a report with the gaming authority within a prescribed period of time following certain financial transactions and the offering of debt securities. Were they to deem it appropriate, certain gaming authorities reserve the right to order such transactions rescinded.

Certain jurisdictions require the implementation of a compliance review and reporting system created for the purpose of monitoring activities related to our continuing qualification. These plans require periodic reports to senior management of our company and to the regulatory authorities.

Certain jurisdictions require that an independent audit committee oversee the functions of surveillance and internal audit departments at our casinos.

License Fees and Gaming Taxes

We pay substantial license fees, contributions to responsible gaming programs, and taxes in many jurisdictions, including the counties, cities, and any related agencies, boards, commissions, or authorities, in which our operations are conducted, in connection with our casino gaming operations, computed in various ways depending on the type of gaming or activity involved. Depending upon the particular fee or tax involved, these fees and taxes are payable either daily, monthly, quarterly or annually. License fees and taxes are based upon such factors as:

- a percentage of the gross revenues received;
- the number of gaming devices and table games operated; and
- franchise fees for riverboat casinos operating on certain waterways.

In many jurisdictions, gaming tax rates are graduated with the effect of increasing as gross revenues increase. Furthermore, tax rates are subject to change, sometimes with little notice, and we have recently experienced tax rate increases in a number of jurisdictions in which we operate. A live entertainment tax is also paid in certain jurisdictions by casino operations where entertainment is furnished in connection with the selling or serving of food or refreshments or the selling of merchandise.

Operational Requirements

In many jurisdictions, we are subject to certain requirements and restrictions on how we must conduct our gaming operations. In many jurisdictions, we are required to give preference to local suppliers and include minority-owned and women-owned businesses in construction projects to the maximum extent practicable.

Some jurisdictions also require us to give preferences to local residents for employment and to minority-owned and women-owned businesses in the procurement of goods and services. Some of our operations are subject to restrictions on the number of gaming positions we may have, the minimum or maximum wagers allowed by our customers, and the maximum loss a customer may incur within specified time periods.

Our land-based casino in New Orleans operates under a casino operating contract (the “COC”) with the State of Louisiana by and through the Louisiana Gaming Control Board, which assumed the regulatory authority, control and jurisdiction from the Louisiana Economic Development Control Board pursuant to Louisiana Revised Statute 27:31.

Under the terms of the COC, which extends until 2024, our New Orleans casino is subject to not only many of the foregoing operational requirements, but also to restrictions on our food and beverage operations, including with respect to the size, location and marketing of eating establishments at our casino entertainment facility. Furthermore, with respect to the hotel tower, we are subject to restrictions on the number of rooms within the hotel, the amount of meeting space within the hotel and how we may market and advertise the rates we charge for rooms.

In Mississippi, we are required to include adequate parking facilities (generally 500 spaces or more) in close proximity to our existing casino complexes, as well as infrastructure facilities, such as hotels, that will amount to at least 25% of the casino cost. Amendments to the Mississippi gaming regulations impose additional non-gaming infrastructure requirements on new casino projects in Mississippi.

To comply with requirements of Iowa gaming laws, we (through Harveys BR Management Company, Inc.) have entered into a management agreement with Iowa West Racing Association, a non-profit organization that is the licensee, with regard to the operation of Horseshoe Casino Council Bluffs. Further, Iowa West Racing Association and Harveys Iowa Management Company LLC have entered into an operating agreement and in reliance on that agreement, the Iowa Racing and Gaming Commission has issued a license to Iowa West Racing Association as a qualified sponsoring organization to conduct gambling games and to Harveys Iowa Management Company LLC to operate gambling games at Harrah’s Council Bluffs Casino & Hotel, which was an excursion gambling boat, but is now a full-service, land-based casino. Both the management agreement at Horseshoe Casino Council Bluffs and the operating agreement at Harrah’s Council Bluffs Casino & Hotel are for specific terms with certain options to extend.

The United Kingdom Gambling Act of 2005 which became effective in September 2007, replaced the Gaming Act 1968, and removed most of the restrictions on advertising. Though the 2005 Act controls marketing, advertising gambling is now controlled by the Advertising Standards Authority through a series of codes of practice. Known as the CAP codes, the codes offer guidance on the content of print, television and radio advertisements.

Indian Gaming

The terms and conditions of management contracts and the operation of casinos and all gaming on Indian land in the United States are subject to the Indian Gaming Regulatory Act of 1988, (the “IGRA”), which is administered by the National Indian Gaming Commission, (the “NIGC”), the gaming regulatory agencies of tribal governments, and Class III gaming compacts between the tribes for which we manage casinos and the states in which those casinos are located. IGRA established three separate classes of tribal gaming—Class I, Class II and Class III. Class I includes all traditional or social games solely for prizes of minimal value played by a tribe in connection with celebrations or ceremonies. Class II gaming includes games such as bingo, pulltabs, punchboards, instant bingo and non-banked card games (those that are not played against the house) such as poker. Class III gaming includes casino-style gaming such as banked table games like blackjack, craps and roulette, and gaming machines such as slots and video poker, as well as lotteries and pari-mutuel wagering. Harrah’s Ak-Chin and Harrah’s Resort Southern California (Rincon) provide Class II gaming and, as limited by the tribal-state compacts, Class III gaming. Harrah’s Cherokee currently provides only Class III gaming.

IGRA prohibits all forms of Class III gaming unless the tribe has entered into a written agreement or compact with the state that specifically authorizes the types of Class III gaming the tribe may offer. These compacts may address, among other things, the manner and extent to which each state will conduct background investigations and certify the suitability of the manager, its officers, directors, and key employees to conduct gaming on tribal lands. We have received our permanent certification from the Arizona Department of Gaming as management contractor for the Ak-Chin Indian Community’s casino, a Tribal-State Compact Gaming Resource Supplier Finding of Suitability from the California Gambling Control Commission in connection with management of the Rincon San Luiseno Band of Indians casino, and have been licensed by the relevant tribal gaming authorities to manage the

Ak-Chin Indian Community's casino, the Eastern Band of Cherokee Indians' casino and the Rincon San Luiseno Band of Indians' casino, respectively.

IGRA requires NIGC approval of management contracts for Class II and Class III gaming as well as the review of all agreements collateral to the management contracts. Management contracts which are not so approved are void.

Management contracts can be modified or canceled pursuant to an enforcement action taken by the NIGC based on a violation of the law or an issue affecting suitability.

Indian tribes are sovereign with their own governmental systems, which have primary regulatory authority over gaming on land within the tribes' jurisdiction. Therefore, persons engaged in gaming activities, including the company, are subject to the provisions of tribal ordinances and regulations on gaming. These ordinances are subject to review by the NIGC under certain standards established by IGRA. The NIGC may determine that some or all of the ordinances require amendment, and that additional requirements, including additional licensing requirements, may be imposed on the management company. The possession of valid licenses from the Ak-Chin Indian Community, the Eastern Band of Cherokee Indians and the Rincon San Luiseno Band of Indians, are ongoing conditions of our agreements with these tribes.

Riverboat Casinos

In addition to all other regulations applicable to the gaming industry generally, some of our riverboat casinos are also subject to regulations applicable to vessels operating on navigable waterways, including regulations of the U.S. Coast Guard and/or inspection and oversight by a third-party inspector. These requirements set limits on the operation of the vessel, mandate that it must be operated by a minimum complement of licensed personnel, establish periodic inspections, including the physical inspection of the outside hull, and establish other mechanical and operational rules.

Racetracks

With the acquisition of Centaur on July 16, 2018, we acquired Hoosier Park Racing & Casino (renamed Harrah's Hoosier Park) which offers standardbred racing in Anderson, Indiana, and Indiana Grand Racing & Casino which offers thoroughbred racing in Shelbyville, Indiana. The properties are regulated by the Indiana Horse Racing Commission for racing and the Indiana Gaming Commission for the gambling games. We operate slot machines and live horse racing at a racetrack in Bossier City, Louisiana. We own a combination harness racetrack and casino in southeastern Pennsylvania in which the company, through various subsidiary entities, owns a 99.5% interest in the entity licensed by the Pennsylvania Gaming Control Board. In Kentucky, we own and operate Bluegrass Downs, a harness racetrack located in Paducah. In addition to laws and regulations affecting the slot machine and other gaming operations at these tracks, there exist extensive laws and regulations governing the operation of racetracks and the horse races that are run at those tracks. Regulation of horse racing is typically administered separately from our other gaming operations, with separate licenses and license fee structures. Racing regulations may limit or dictate the number of days on which races may be or must be held. Additionally, in Louisiana, the operation of our slot machines at the racetrack is contingent upon us holding a valid license to hold live horse racing meets.

In recent years, Caesars Interactive Entertainment, LLC has entered into license agreements with third parties for the use of the World Series of Poker brand on online gaming websites in Italy and France. In addition, the State of Nevada legalized real money online internet poker within the State. The Nevada Gaming Commission adopted regulations and established licensing requirements for the operation of real money online internet poker in the State of Nevada. Caesars Interactive Entertainment, LLC obtained the appropriate licenses in Nevada, and pursuant to a relationship with a third-party software provider, operation of its real money website began in September 2013. The State of New Jersey also legalized real money online internet gaming within the State. The New Jersey regulators adopted regulations and established licensing requirements for the operation of real money online internet gaming in the State of New Jersey. Caesars Interactive Entertainment New Jersey, LLC, a wholly owned subsidiary of Caesars Interactive Entertainment, LLC, obtained a casino license and was issued an Internet Gaming Permit, pursuant to relationships with two third software providers, operation of its real money websites began in November 2013.

The gaming and other laws and regulations to which we are subject could change or could be interpreted differently in the future, or new laws and regulations could be enacted. For example, in 2018, the U.S. Department of Justice (the "DOJ") reversed its previously-issued opinion published in 2011, which stated that interstate transmissions of wire communications that do not relate to a "sporting event or contest" fall outside the purview of the Wire Act of 1961 (the "Wire Act"). The DOJ's updated opinion, which is still being evaluated by industry members, concluded instead that the Wire Act was not uniformly limited to gaming relating to sporting events or contests and that certain of its provisions apply to non-sports-related wagering activity. Any such material changes, new laws or regulations, or material differences in interpretations by courts or governmental authorities could adversely affect our business and operating results.
